The Repairs to the Brooklyn Philadelphia, Feb. 10.—The big armored cruiser Brooklyn was successfully placed in dry dock yesterday at Lesaugue Island navy yard, and for the first time since she was raised out of the rocks on Schooner Ledge, over a week ago, the full extent of her injuries were made known. For a distance of nearly 175 feet her bottom on the port side is bruised and dented and torn, while on the starboard side her plates are punched in, but not broken. The greatest damage is on the port side, where there is one hole large enough for a man to crawl through, and a number of smaller holes caused by the straining of her plates. One of the blades of her port propeller is somewhat bent on the end and a small section of the end has been broken. The repairs will cost considerable money, and will take about six or eight weeks of steady labor.

Wheatmen in Convention. Albany, Feb. 10.—The League of American Wheatmen began its session this morning. Governor Black was not able to be present, but Lieutenant Governor Woodruff delivered the address of welcome and President Elliott opened the "good roads" program, after which he turned the convention over to the chairman of the committee on highways, Mr. Potter, who will preside during the day. The west now holds the key to the situation on the fight for national president. It wants E. C. Morris, of Wisconsin, for vice president, and will back him for that position. The Illinois contingent still insists on putting Connolly, of Illinois, as president. Both President Elliott and Mr. Potter are also candidates.

How to Find Out. Fill a bottle or common water glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passage. It cures inability to hold urine and swelling pains in passing it, or back aches following use of liquor, wine or beer, and following that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, send five cents by mail, mention E703170 HERALD and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Long and the Navy Vindictive. Boston, Feb. 10.—Ex-Governor John D. Long said today that a dispatch from London to the effect that Mr. Long's navy charges in the navy port-folio had been raised at Canton was probably based on a letter written to Mr. McKinley some time days ago, in answer to one from Major McKinley. Mr. Long said: "At that time he wrote me that he had in mind for the navy, but added that something might happen to change his mind, though not likely. I therefore took it that the matter was to remain at a standstill, and I should continue to inform the press that it was still under his consideration."

When the train stopped the robbers proceeded to open the doors of the mail car, and the mail clerk shot one of the robbers, killing him instantly.
