SCHOOL BOARD MEETS.

The Superintendent Brought Up Discussed and Left Over.

A regular monthly meeting of the School Board was held last night and attended by all the Directors, Messrs. Price, Baugh, O'Brien, Williams, Morgan, Treasler, Hanna, Sullivan, Conners, Higgins, James, Lee, Edwards, Devitt and O'Brien. The meeting was in many respects an important one and some of its results there is a deadlock on the election of a teacher. Another meeting is to be held next Wednesday, when an effort will be made to break the deadlock. The superintendent Brought up the subject of the same thing.

An application for examination from tax collector Stephen Tegenbasser, was referred to the examination committee.

Samuel Thomas, Junior of the High school building, sent a communication requesting him to work and it was filed.

A communication from the Peck-Williamson Company, stating that other engagements had prevented their engineer from reaching town to examine the company's plant in the new White street building was also filed.

A communication from the state department was received and filed. It was in answer to a letter from the Board asking for the balance of its state appropriation, and conveyed the information that as all the department's records were destroyed in the recent fire at the state capital it would be necessary for the Board to renew its application by affidavit through the county superintendent.

A letter signed Ida Kollhart conveyed the information that the writer resigned her position as a teacher in the first grade primary school and was the primary cause of a deadlock.

As soon as the resignation was accepted President Price said the Board would proceed to the election of a teacher. There were three applicants for it and eleven ballots were taken without a choice being made. The applicants who received votes during the balloting were Luther B. Edwards, Nora M. Graham, Fannie D. Grubler, Annie Stein, Allen L. Schultz, Harry P. Gable, C. S. Sturmer, Emma E. Eisenhower and Anna E. McNeill. On the first ballot Mr. Edwards was the strongest candidate, receiving six votes. Miss Graham was second with four votes and Miss Grubler third with three.

Miss Stein and Eisenhower received one vote each. On the second ballot the result was Graham, 5; Grubler, 4; Edwards, 3; and the others scattering. The increase in the Graham vote was due to Director Higgins taking his vote from Edwards after the first ballot. Directors Treasler and Morgan also left the Edwards camp and voted for Grubler and Stein, respectively. On the third ballot Misses Graham and Grubler held the votes they received on the second ballot and the Edwards vote was reduced to one. The rest of the votes were scattered. On the third and fourth ballot Treasler voted for Edwards and the remainder of the votes voting for any applicant. On the seventh of Miss Eisenhower secured six votes and the rest were scattered. On the eighth Miss Graham received six votes, Miss Grubler three. On the ninth ballot Miss McNeill and the remainder of the votes were scattered. Directors Treasler and Morgan abstained from voting on this ballot and when "no election" was announced Mr. Treasler suggested that a recess be taken, but President Price ordered that the election proceed. On the tenth ballot Miss Graham almost landed, receiving seven of the eight votes required for election. The votes were scattered again on the eleventh ballot and then Mr. Treasler arose and moved that the election be postponed for one week, and the motion was carried.

The High school committee made a report recommending that the regular school commencement be held on June 17th and the High school commencement on June 18th, and the report was accepted.

The claim of the Shenandoah Lumber and Feed Company for \$130 was brought up again and it was decided to settle the company on a promissory note for \$100. The Board had off \$75.

The Hollerman-Stroese stock business was again called up and a motion by Mr. Edwards that the Stroese bill be paid was carried. In answer to a question by Mr. Edwards, 8-10-10, Mr. Hollerman stated that his claim on Mr. Hollerman could collect his bill by law.

A motion by Mr. Williams that the Hollerman bill be paid was lost on a tie vote of 6 to 6.

A motion by Mr. Treasler that Mr. Hollerman be paid for his clocks the same price paid Mr. Stroese was lost on a tie vote.

Finally a motion by Mr. Hanna that Mr. Hollerman be requested to remove his clocks from the new White street building was carried by a vote of 7 to 3. Mr. Morgan settling the matter by casting his vote with the six Democratic members and five Directors refraining from voting.

The report of the Finance Committee was next taken up and the committee was authorized upon the official returns of the recent public election to issue \$25,000 worth of 30-year 4 per cent bonds in denominations of \$5 to \$100, 25 or \$50 and 20 or \$100.

The secretary was authorized to advertise the sale of the bonds.

Acting Superintendent J. W. Cooper presented the following monthly report: Our schools are again nearly in their normal condition, yet there are still a few who are out on account of vaccination. The enrollment for the month ending Feb. 24th showed: Boys, 1,214; girls, 1,416; total, 2,730. Daily attendance—Boys, 1,062; girls, 1,165; total, 2,227. Percentage of attendance—Boys, 87; girls, 82; total, 80. Pupils present at every session—753. Visited by citizens, 143; by directors, 9. In the eight schools there were enrolled 312 pupils. Daily attendance, 201. Visits by citizens, 27; by directors, 2. Twelve having withdrawn, there are now on the eight school rolls 300 pupils. At the Institute on Monday evening the teachers passed a motion to ask the Board to grant them permission to take a "provision collection" on Tuesday, March 9th. This provision was sent to the citizens relief committee. The report was accepted and the permission asked granted.

Then came the discussion of the meeting. President Price had stated at the conclusion of the reading of reports that "The Superintendent reports himself on duty since the first of the month." Upon a suggestion from Mr. Hanna that that report be taken up Mr. Devitt arose and moved that Mr. Bogart be continued suspended as superintendent of the schools.

President Price said: "This Board has never suspended him. He was laid off by his own suggestion, just waiting for the result, therefore we cannot take up the thing we have not acted on and the motion is out of order."

Mr. Devitt stepped to the centre of the floor and was evidently much agitated. He said: "It has been stated several times that, in case this gentleman was proved guilty of the charges, there was not a man on this Board but would be dragged into a 'provision collection' to pay for the 'provision collection'." President Price interrupted with call to order and a crying of the gavel. He said the motion was not in order and could not be debated. Messrs. Devitt and Hanna both dissented and said the president was out of order and then they tried to talk at once. The exchange was a warm one.

Mr. Devitt finally got space in which to say "there is not a man on the Board with a spark of principle in his character who should not rebuke the insult that has been placed upon every one of us. He is a criminal," he said, "and that is enough." The countenance found him guilty, and yet you are trying to "field him."

President Price again rapped for order and said he would not allow any personal reflections upon members of the Board, whereupon Mr. Ogden arose in a cool and deliberate manner and said: "I move that the matter be deferred until the meeting next week, when you will need to elect a teacher. I think that by that time the atmosphere will clear a little and there will not be so

much electricity in the air. We don't propose to make any confusion, but I think this matter can be settled, and nobody is more anxious to have it settled than I am. I have just as much interest in the schools as either Mr. Devitt or Mr. Hanna, and I think the way will open to clear the matter up. I know, and you all know that Mr. Bogart has certain legal rights and what those rights are, what is best to be done, what can be done, and how it is to be done is a matter we want to find out.

Mr. Ogden's remarks seemed to have a salutary effect upon the crowd and his own position in connection with the matter for a week was adopted without a dissenting vote, in fact two of the Democratic members voted in favor of it.

The Board then proceeded to a consideration of bills and granted orders for the salaries of teachers and Principal Cooper.

Power House Destroyed, Two Men Killed.

Philadelphia, March 4.—The big power house of the Union Traction Company, at the junction of Thirteenth and Mount Vernon streets and Ridge avenue, was destroyed by fire last night, and nearly all the costly dynamos and other electric machinery will be a total loss. In addition to this two men lost their lives and several others were injured. The men killed were knocked down and run over by a fire engine. One of the dead is A. A. Bindler, 25 years old. The other is unidentified. The damage from the fire will amount to about \$250,000, and is fully covered by insurance. Nearly all of the principal trolley lines in the city were tied up all night as thoroughly as they were by the fire. The fire broke out at 10:30 p. m. on Monday, March 3, when the street car strike was declared. The fire was the direct result of one of the eight dynamos in the power house blowing out.
