Senator Davis, chairman of the com-mittee on foreign relations, said today that he would force the question of ratification to as speedy a determina tion as it would be possible. The treaty will be considered in executive session. Some of the powers have decided that unless Greece yields or if she declares war on Turkey meraness still more severe will be supplyed to the point of utterly destroying Greece as a matter. The Chroliche's Athena correspon-dent closes on account of an Detection

Greece's English Sympathisers.

London, March 15,-Between 20,000 and 40,000 secole crowded the ap-proaches to Trafalgar Square yesterday afternoon to express sympathy with Greece and Crete and, according to the posters announcing the meeting to "assist diplomatints to make up their minds." The Greek colors were worr by a majority of those present, and many Greek flags were displayed. The resolutions were similar to those at Hyde Park meeting. The meeting apspeakers as a deputation to present the resolutions to Lord Ballsbury. The adoption of the resolutions was greeted with loud cheering, mingled with hoot-ings for Lord Salisbury, who, the program of the meeting declared, was still dotermined upon war, in white of the wish of the prophe of threat Britain.
