the entire system.

Rhenmatism is a deep-scated blood disease and only a real blood remedy will have any effect whatever upon it. Most of the so-called blood reme-dies are at best only tonics and can-not reach an obstinate blood trouble. One of the most frequent symptoms of rheumatism is a tingling sensation of the parts affected, generally brought about from a lack of free circulation about from a lack of free circulation of the blood through the very small blood conductors. This trouble is always eliminated by the use of S. S. S.; it thins the blood, gives it a free and foreible circulation, destroys the poisoness microbes and restores the circulation to its normal condition.

Mr. Robert H. King, a prominent and influential citizen of West Point, Va., writes of his experience with this dread disease:

dread disease:

"About five years ago I was a great sufferer from rheumatism. I was treated by all the leading physicians

in the state, but without relief. In fact, my sufferings grew worse daily, until I despaired of ever being cured. "I had been in this wretched condi-

tion for many months and was almost a complete wreck, when I first read the advertisement of S. S. S. Having tried adven or more 'rheumatic cures' and 'blood remedies' with no success, I was almost hopeless, but decided to give your medicine a trial. I did so, and in a few weeks it had made a permanent cure of me. I was soon a well man and have never had a touch of rheumatism to this day. S. S. S. is indeed a wonderful medicine, and I shall eyer recommend it to all sufferers from this worst of blood diseases."

S. S. S. stands out distinctly to itself as a real blood remedy, and for half a century has been curing obstinate and deep-scated blood diseases which other medicines fail to reach. S. S. S. is not a drug store preparation.

HIS INTERVIEW WITH CORRETT.

The Kausas Statesman Discloses What He Bossn't Bnow About Prize Fighting, but "Is Quite Giad He Came" to Witness

Carson, Nev., March 17.—Bob Fitz-simmons and his party left the house at Cook's ranch shortly after 9 o'clock this morning, and drave directly to the acena. With him were Julian, Hickey, Stelanor and Roeber, Louis Houseman, of Chicago, will be timekeeper, Upon his arrival at the arena Fitzsimmons went directly to his dressing room, and after a rub down he began dressing for the fight. He will wear black shoes and green allk tights. Around his waist be will have a belt of red, white and blue silk, the belt having in its center an eagle with wings outspread. The belt will, however, be taken off as soon as the time for the fight arrives, and Flixmmons will fight in the green tights

Soon after Fitzsimmons came Corbett, accompanied by Brady, White, Detany, McVey and Joe Corbett, and went at once to his dressing room. He will wear no tights, fighting in short white trunks and white shoes. He will want to the ring the great white and cenr into the ring the red, white and blue belt with green trimmings, made for him by his wife, but will lay it side before the call of time. A challenge of the same kind has been made on behalf of Joe Goddard and Jehn L. Sullivan, and it is likely that the winner may be chal-lenged by Peter Maher, "Denver Ed" Smith and Tom Sharkey. It is not at all likely that either man will pay any attention to the challenges. There is much money in the fight besides the purse that has been offered, and neither man is prepared to throw away the chance of making money by exhibi-tions and theatrical enterprises that will be his for a year at least after the fight.

The trouble over the demand made by Martin Julian for a third of the receipts from the exhibition of all pho-tographs of the fight has been ad-justed, and there is now no possible obstacle in the way of the fight being

### MANY FLOOD VICTIMS.

THE MUSISSIPPI STILL RISING.

Best of Those Resence Are Negroes Who Are Absolutely Helpless and Wholly Dependent Upon Charity for Smionance. But Few Fatalities Reported.

Memphis, March 17.—The Mississippi river at Memphis gauges a fraction over 35.5 feet, a rise of over one-tenth since gesterday morning. The river continues to rise slowly. Two lives are known to have been lost yesterday. Two negroes who live near Marion, Ark, attempted to cross Mound lake in a dugout, when they were caught in the current, their boat capstaing, and they were swept away. The change in the situation has been decidedly for the worse in every respect, so far as the flood and the flood victims are concerned. Localities that were expected up to the last moment to withstand the everflow are at last under water. People who thought they were safe from the angry river find themselves between the control of the contr hemmed in, and their danger is the greater because of the confidence that prevented them from providing against

From every direction come reports of unprecedented disaster. At Marion and in the adjacent country 400 people are reported to be lived up on the railroad track, over which occasional waves sweep and threaten to carry off the people and live stock that there find a precarious foothold. Along the other railroads leading out of this city into Arkaness a similar condition of affairs exists. Down on President's Island, where it was supposed that all persons in danger had been carried off, it was learned that from 50 to 100 people were last evening standing in the water and praying for the sight of a boat that would take them off. The steamer Harbin was at once sent to their relief. The Abbott and Itaska are looking after Island Forty, and the C. B. Bryan, the Minnehana and the Wel come are running far up beyond Marion. Barges are carried wherever neces-

Sary.

Nearly 1,000 people have been brought to this city already from the overflowed country. Only a few of these are white, and they have been able to takke care of themselves upon arriving, as well as to extend a hand to the negroes. But most of the refugees are negroes, who saved nothing but the clothes on their backs, and in cases some slock the latter being an cases some stock, the latter being an incumbrance rather than an assistance in the matter of finding food and ac-commodations in town. But the citt-zens' relief committee have found places to house the refugees, and food is furnished them from time to time. Yesterday a quartet of ladios arrived on the levee with provisions. The sub-

stantial food put new life into the dis-consolate negroes.

Many runners of wholesale drown-Many runors of wholesale drown-ings are current, but these cannot be verified. A well defined report reach-ed here Monday night that five col-ored people had perished near Marion, and a colored man and child are known to have been drowned at West Memphis. The conditions are such that there will undoubtedly be innumthat there will undoubtedly be innumerable fatalities unless the helpless are relieved. Great throngs gather at the levee. It was almost impossible to reach the Bryan wharf boat when she pulled in from Marion yesterday.

There are many other points from which come appeals for aid. It may easily be understood, therefore, that the relief committee which has been established in this city has its hands full of work. This work is being look-

full of work. This work is being look-ed after without delay. All the local river craft have been requisitioned for this duty, and Captain Fitch, in charge of the United States fleet, has pinced every steam vessel and barge under bla command at the disposal

At Helena the river rose very slowly standing at 45.8 feet, two inches below high water mark. In the vicinity of Helena rain came down in toyrents all Monday night and yesterday. The steamer Maud left there late yester-day afternoon for Modoc with a crew of 40 laborers, where the government beat Lillian, with a crew, are sacking the levee. The water at Modoc was within about 15 inches of the top of the levae at last reports.

From Island Forty come reports that the water is everywhere, and that human beings and dumb brutes are hud-dled together wherever shallow water

offers standing places.

The people in and around Marion, Ark., are certain that in the woods to the rear of Marion there has been great loss of life. There was a rumor to the effect that several negroes had been drowned in attempting to get to a place of safety, but neither names nor facts could be learned.
