by the Last Congress Promptly Passed. Democrats Will Make No Attempt to Delay the Dingley Bill.

Washington, March 20.—Yesterday was a stormy day in the house of representatives. The Republican leaders before adjournment last night had passed a special order fixing the limits of tariff debate, and two of the regu-

people would be relieved of its exactions.

Mr. Dingley, the floor leader of the majority, recalled the fact that a similar dire prophecy had been made by Secretary Carlisle, then the leader of the minority on the occasion of the passage of the McKinley law. The people, he said, had distened to the siren's song, but their experience during the last four years made them wiser.

A special order was adopted limiting the tariff debate according to the plan heretofore outlined. The rule was adopted by a strict party vote—178 to 132, all the opposition save Mr. Howard, the Louisiana Populist, voting against it. The final vote on the measurs will be taken March 31.

By another special order adopted immediately afterward the house proceeded to make short work of the four "left over" appropriation bills. Forty minutes debate was allowed on each of these bills.

The senate open senaton tasted 50 The senate open semion lasted to minutes yesterday, and was given almost entirely to the introduction of bills, over 200 being presented a petition from J.
