> THE SOUTHERN PLOODS. The Mississippi Falling at Memphis, But No. 4

Blsing at Other Places. Memphis, March 22.-For the first time in many weeks the Mississippi river is reported falling at Memphis, Por sale in Shemandeah, Pa., by A. Wasie, the gauge reading 37 feet, against 37.1 and S. P. Kirlin, Drugglets. are known to have occurred between No. 12 "Leuchorrea, Osceola, Ark., and Memphis, and the No. 14 "Skin Diseases. fall of the river is attributed to this crevasse. The break at Sans Souci is widening, and the mad rush of the waters through the opening can be heard for miles. Three additional breaks, all near Sans Soutel, are reported, and the sufferings of the people in eastern Atlaneas will surely be in eastern Arkansas will surely be greatly intensified.

A dispatch from Vicksburg says that the reported crevasse at Modoc, Ark.. near Helens, is confirmed by officers of the steamer State of Kansas and by dispatches. The levee at Modoc has been considered in a hopeless condition for several days. The water will run into the White river very fast, and will find its way back into the Mississippi in a day or two. Levee men say the effect will be merely temporary, but the decline is reported at from one to four inchesalong the Coahmi county. Mississippi, levee, where the struggle against the high water has been most desperate. The Kansas also reported breaks lower down, but these are

probably protection levees. The river at Vicksburg has risen 3 inches, and registers 45 feet 4 inches. At Greenville the river continues to rise rapidly, and a stage of 45 feet may be expected before April 1 if the lovees remain intact.

The break at Modee lowered the water along the front of Friar's Point 5 inches, but will give no relief to leyers and property below the mouth of the Arkansas river, as the water from the crevasse will find its way back into the father of waters through the White and Arkansas rivers, swelling those streams far above the danger

Over in Arkansas the town of Marion is in a bad condition. All the houses are surrounded by water, and the whole face of the earth is submerged connect here and there the small In-dian mound that is above water.

Valley Transformed Into a Sea. Omaha, March 22. - The Missouri river has risen less than a foot at Omaha, and the ice is running very freely and not gorging as frequently as was feared. The tributaries in the state are doing the most damage. At Norfolk the north fork of the Elkhorn river has overflown its banks, and the valley between there and Pierce is one vast sea of water. The river has been blown to awaken people, so that they might rescue stock and save other property from the damage of flood. The southeast portion of the residence district is under water. At Fremont the Platte is subsiding, and is now

FREE CURE FOR MEN.

Michigan Man Offers to Send His Discovery Prec.

Claims to Be a Benefactor to Weakened

There is always more or less suspicion attached to anything that is offered free but sometimes a man so overflows with generosity that he cannot rest until his discovery is known to the world, in order that his fellow men may profit by what he ims discovered. It is upon this principal that a resident of Kalamasoo, Mich., desires to send free to markind a prescription which will cure them of any form of nervous debility, relieves them of all the doubt and uncertainty which such men are peculiarly liable to and restores the organs to natural size and vigor. As it costs ucthing to try the experiment it would seem that any man, suffering with the nervous troubles that issually attack men who maver stopped to realize, what might be the final result, ought to be deeply interested in a remedy which will restore them thealth, strength and vigor, without which they continue to live an existence of antold misery. As the remedy in question was the result of many years research as to what combination would be peculiarly effective in restoring to men the strength they need, it would seem that all men suffering with any form of nervous weakness ought to write for such a remedy at once. A request to H. C. Olds, Box 1712, Kalamazoo, Mich., staining that you are not sending for the prescription out of idle curiosity, but that you was the order being summed. The prescription is sont free and although some may wonder how Mr. Olds can afford to give away his discovery, there is no death about the offer being genuine. Cut this out and send to Mr. Olds on that he may know who you came to write him. Is 225-78t
