FREE CURE FOR MEN.

A Michigan Man Offers to Send His Discovery Free.

Claims to Be a Benefactor to Weakened Mankind.

There is always more or less suspicion attached to anything that is offered free but sometimes a man so overflows with generosity that he cannot rest until his discovery is known to the world, in order that his fellow men may profit by what he has discovered. It is upon this principal that a resident of Kalamazoo, Mich., desires to send free to mankind a prescription which will cure them of any form of nervous debility; relieves them of all the doubt and uncertainty which such men are peculiarly liable to and restores the organs to natural size and vigor. As it costs nothing to try the experiment it would seem that any man, suffering with the nervous troubles that usually attack men who never stopped to realize what might be the final result, ought to be deeply interested in a remedy which will restore them to health, strength and vigor, without which they continue to live an existence of untold misery. As the remedy in question was the result of many years research as to what combination would be peculiarly effective in restoring to men the strength they need, it would seem that all men suffering with any form of nervous weakness ought to write for such a remedy at once. A request to H. C. Olds, Box 1712, Kalamazoo, Mich., stating that you are not sending for the prescription out of idle curiosity, but that you wish to make use of the medicine by giving it a trial, will be answered promptly and without evidence as to where information came from.

The prescription is sent free and although some may wonder how Mr. Olds can afford to give away his discovery, there is no doubt about the offer being genuine. Cut this out and send to Mr. Olds so that he may know who you came to write him. 12-28-78t

THE TURKS ENCOURAGED

By the Action of the Powers in Blockading Crete.

PILLAGING IN ALL DIRECTIONS.

The Attacks of Christians on the Turks Induced by Desperation Over the Blockade. Austria Now Proposes That the Blockade be Extended Along the Greek Coast.

London, March 27.—A dispatch to The Times from Athens says that the royal decree appointing the Crown Prince Constantin to the command of the army on the Thessaly frontier was published yesterday. When the crown prince started to assume his command he went by sea to Volo, and thence by railway. The crown princess accompanies him as far as Larissa, where she will inspect the arrangements made by the Red Cross society. She will remain there two days, and then return to Athens. In order to avoid popular demonstrations this program was not published at Athens.

A dispatch from Canea says there is no doubt that the Christians have attacked the Turks because driven to desperation by the blockade. A similar protest against European partiality for the Turks is probable along the whole insurgent line. Throughout the island the Mohammedans think they may do what they like now, because they have European backing. In all directions they are pillaging and burning the property of Christians.

The Times' correspondent at Salonica telegraphs that a Turkish merchantman has arrived there with torpedoes, which are being laid across the harbor.

The Athens correspondent of The Daily Chronicle says: It is madness for the powers to suppose that Greece, in order to form a neutral zone, will withdraw 60,000 eager troops to a region without barracks, stores or military base of any kind and there rest calmly while the powers work out their pleasure in Crete.

A dispatch to The Daily News from Vienna says the Austrian foreign office has proposed to extend the blockade along the entire Greek coast, with special stringency at the Piraeus and the Gulfs of Volo, Cornith and Arta. England, having abandoned the condition that Turkey and Greece must be asked to withdraw their troops from the Thessalian frontier before the blockade is extended to the Gulf of Volo, will be content, it is assumed by the Austrian foreign office, if the admirals so arrange the blockade as to spare the susceptibilities of certain powers.

A dispatch from Rome says that the powers have decided not to consult Greece on the details of autonomy for Crete. Instructions have been sent to the admirals giving them full power to extend the blockade to Greek ports if they deem it necessary.

It is understood at Canea that the admirals invited the Turkish commander to reoccupy Malaxa under the protection of the international fleet, with the promise to shell the insurgents should they attack him. But the commander declined to make the attempt, on the ground that his troops were too much demoralized. Colonel Vassos says that the block house at Malaxa is outside the neutral zone, but if the admirals had asked that the Turks be allowed to withdraw they would not have been molested.

May Leave the Inharmonious Concert.

Constantinople, March 27.—It is asserted here, on what is regarded as reliable authority, that in consequence of the refusal of Lord Salisbury to join in a blockade of Greek ports, Germany has given notice to the powers of her intention to withdraw from the concert. It is understood that Turkey sent her squadron through the Dardenelles on the advice of Germany.

Greeks Going Home to Fight.

New York, March 27.—On board the French line steamship Champagne, which sailed today for Europe, are 150 Greeks, who are going home to fight against Turkey if called upon. They were given an enthusiastic farewell by their compatriots in this city.

If you have ever seen a child in the agony of croup, you can appreciate the gratitude of the mothers who know that One Minute Cough Cure relieves their little ones as quickly as it is administered. Many homes in this city are never without it. C. H. Hagenbuch.

The Mississippi Flood Receding.

Memphis, March 27.—The big river continues to fall slowly and the flood situation in Arkansas opposite this city is somewhat improved. At Cairo the river is reported stationary and at points all along the Ohio the water has fallen considerably since Thursday mornings. Unless a big volume of water should come down into the Upper Mississippi from the northwest it is believed the worst of the flood is over.

It is surprising what "wee bit of a thing" can accomplish. Sick headache, constipation, dyspepsia, sour stomach, dizziness, are quickly banished by DeWitt's Little Early Risers. Small pill. Safe pill. Best pill. C. H. Hagenbuch.

Destructive Frosts in the South.

Nashville, March 27.—Heavy frosts are reported from all over Tennessee, north Georgia and north Alabama. Peach, plum and pear trees throughout this region were in full bloom, and the probability is that these fruits are killed, entailing large losses.

"For three years I suffered from Salt Rheum. It covered my hands to such an extent that I could not wash them. Two bottles of Burdock Blood Bitters cured me." Libbie Young, Popes Mills, St. Lawrence County, N. Y.

Sending Cotton Goods to China.

Manchester, N. H., March 27.—The mills here are making large quantities of cotton goods for the Chinese trade. Five hundred bales of goods were shipped to China this week via Vancouver, B. C., and other orders will be filled as soon as possible.

Murderous Robbers Sentenced to Death.

Brussels, March 27.—The trial of Courteois, a former commisary of police; Devos, a coal merchant, and Restiaux, a gas fitter, charged with the murder in April, 1896, of Baroness Herry, a wealthy widow of good position, who was found strangled in her bed at her residence in this city, ended yesterday. Courteois and Restiaux were sentenced to death and Devos was acquitted. The murderers obtained a quantity of jewelry and plate as the fruit of their crime.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aid these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or $1.00 per bottle at A. England's Great Steeplechase.

Liverpool, March 27.—The grand national steeplechase, the great steeplechase of the year, was run at Aintree, near here, yesterday, and was won by Mr. H. M. Dyas' b. g. Manifesto after an exciting race. Filbert was second and Ford of Fyne third. The race was for 2,000 sovereigns (inclusive of a trophy of the value of 100 sovereigns), the second horse to receive 300 sovereigns and the third 200 sovereigns from the stakes. There were 29 starters.

Chicago Populists Barred Out.

Chicago, March 27.—The election board yesterday decided that the People's party in this city is not a party under the law, and refused to allow the nominees of the party's conventions to go on the official ballot. Paris, March 27.—Edmund Charles Yon, the well known French etcher, engraver and painter, is dead. He was born in Paris March 21, 1818. He received medals for his engravings in 1872 and 1874.

SLOW TARIFF PROGRESS

Only Nine Pages of the Measure Disposed of Yesterday.

WRANGLE ON A POINT OF ORDER.

It Took Three Hours to Dispose of the Matter—A Southern Member Wants the Constitution Amended to Permit an Income Tax—Civil Service in the Senate.

Washington, March 27.—The tariff bill was thrown open for amendment under the five minute rule in the house yesterday, but seven weary hours at work only serve to dispose of nine of the 162 pages of the bill. All the amendments offered by the Democrats were rejected. Three slight committee amendments were adopted, and also an amendment offered by Mr. Mahany, of New York, to increase the duty on white lead from 2¼ to 3 cents per pound, the rate in the act of 1890. The present duty is 1½ cents. Mr. Mahany said the increase was asked for by a concern which was independent of the lead trust. It was adopted by a strict party vote. The discussion covered a wide range of political topics, and at times was both interesting and exciting.

By far the most important feature of the tariff discussion was the attempt of Mr. Dockery of Missouri, Mr. Cooper of Texas and others, backed by the entire opposition, to secure a vote on an amendment offered in a multitude of forms which provided that in case any article made dutiable by the bill was controlled by a trust or combination the duty upon such article should be suspended.

Mr. Dingley made the point of order that the amendment was not germane to the dutiable list, and would not be in order until the free list was reached. For almost three hours this point of order was fought over and made the subject of criminations and recriminations. The Democrats contended that if the amendment was ruled out it never would be voted upon, as the free list, in all human probability, would not be reached before the final vote was taken. The chair sustained the point of order. An appeal was taken, but the chair was sustained by a strict party vote.

An amendment to the cotton schedule has been agreed upon by the Republican members of the ways and means committee, and doubtless will be adopted by the house. Underwear valued at less than $1.50 per dozen has been rated at 35 per cent ad valorem in the Dingley bill, which is the McKinley rate. The present rate is 50 per cent, and on representations that quantities of these goods, cheaply made in Switzerland, are being imported into the country the 50 per cent duty will be retained. Rough material for eye glasses and spectacles worked into the form of discs have heretofore been admitted free, but in the new bill a duty has been placed upon them. The committee has learned that all of the discs used in this country are imported, and they will be returned to the free list.

Representative Griggs, of Georgia, introduced a resolution providing that measures be taken to have the constitution amended as to give congress the power to impose and collect an income tax, without regard to the proportion to the census or enumeration provided for in the constitution.

Another brief discussion of civil service affairs occurred during the brief open session of the senate yesterday. Mr. Gallinger, of New Hampshire, again criticized the civil service commission for alleged absurd requirements of weight and size of applicants for office. In this connection the senator declared that Phil Sheridan would never have served the government if he had been subjected to civil service requirements.

A resolution was adopted asking the president for information as to the death of two American sailors at Santiago de Cuba; also resolutions asking the attorney general for information of any proposition to sell the Union Pacific railroad. Owing to the public demand for copies of a recent decision of the supreme court sustaining the anti-trust law as applicable to railroads it was determined to print the majority and minority opinions as a senate document. The senate adjourned until Monday.

Lost Appetite.

COULD NOT EAT THE MOST TEMPTING DISHES.

Many Days Without any Food at All—Can Eat Four Square Meals a Day Now—The Cause of the Change.

From the Leader, Cleveland, Ohio.

For the restoration of an appetite which has been impaired or lost through sickness, no remedy can compare in effectiveness with Dr. Williams' Pink Pills for Pale People. This statement is substantiated by the experiences and declarations of men and women with whom these pills have become a household medicine. Among the many who can offer testimony to this particular property of Dr. Williams' Pink Pills is George Marshall, Jr., who lives at No. 19 Norval street, Cleveland, Ohio. Mr. Marshall is a stock agent on the Lake Shore and Michigan Southern Railroad, and his territory extends from Cleveland to Toledo. Like thousands of others who owe their health and vigor to Dr. Williams' Pink Pills, Mr. Marshall never hesitates to sing their praises. In his case it was necessary to use only a few boxes of the pills to restore him to the full possession of bodily health. His digestive organs had become almost useless through a long and serious illness, but in a surprisingly brief period, through the agency of this wonderful medicine, they were capable of again performing their functions in a regular and perfectly satisfactory manner. In narrating his experience with them Mr. Marshall said:

"Last spring I was taken sick with inflammatory rheumatism, and my entire system was affected. To relieve the suffering it was necessary to paint me with iodine. After three months treatment I became convalescent, but the attack had sapped my strength and left me extremely weak and feeble. I could scarcely lift an arm or a leg. This weakness permeated my entire system, and applied as well to my stomach and digestive apparatus as to my limbs. I soon discovered that I had lost my appetite almost as completely as though I never had one. I had no desire whatever to partake of any nourishment, and the natural result was that my convalescence was extremely slow, and my friends feared that I was going to suffer a relapse or fall prey to another ailment on account of my debilitated condition.

"Many a day I would not take any nourishment, and whenever I did the quantity was too insignificant to materially hasten my improvement. Tempting dishes were procured for me, but I could not touch them. I began to become more or less alarmed as did my parents, and one day my mother suggested the purchase of some of Dr. Williams' Pink Pills for me. They had been recommended to her by a neighbor who regarded them as nothing short of miraculous, and dwelt so enthusiastically on their excellent qualities that mother was persuaded to try them. There is not much more to tell now, for I don't look like a man who cannot eat three or four square meals a day, do I?

"Three boxes of Dr. Williams' Pink Pills fixed me up sound as a dollar, and they will do the same for anyone else, I am sure. It was not long after I began to use the pills that I could feel myself improving. My strength began to return and so did my appetite, and I was on the road again in a short time. That is my experience, and I am glad to give it for the benefit of others who may have lost their appetites through sickness."

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are sold in boxes (never in loose form by the dozen or hundred) at 50 cents a box, or six boxes for $2.50, and may be had of all druggists or directly by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.
