Breaker Destroyed by Fire.

WILKESBARRE, March 30.—The breaker of the West End Coal Company at Mocanaqua was destroyed by fire yesterday. The breaker had been in operation since August 15, 1895, it having been built to replace the structure burned a few months prior to that time. The loss is $50,000; insurance, $35,000. The capacity of the breaker was 1,500 tons daily. Five hundred employes are thrown out of work. It is probable that a spark from a locomotive was the origin.

Appointed Superintendent.

It is stated on good authority that Elmer Evans, of Hazleton, has been appointed superintendent of the Dodson Coal Company's collieries at Moyer, Silver Brook and Oneida, to succeed Supt. Thomas, who resigned some time ago.

One Minute is all the time necessary to decide from personal experience that One Minute Cough Cure does what its name implies. C. H. Hagenbuch.

Hauling Mud Away.

General Manager Ash, of the Schuylkill Traction and Lakeside electric railway lines, was in town yesterday and after a consultation with the street committee, made an arrangement to furnish dumpers and electric power to haul away the mud scraped upon streets through which the railways pass. The dumpers were put in use to-day and were propelled by a summer car.

Dangers of the Grip.

The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by Huber Bros., druggists.

Co's drilling corps, is erecting his apparatus on the mountain north of Little Mine Run, and will begin this week to bore a four-inch hole into the workings of the East colliery, the purpose being to furnish an outlet for the gas from the workings. MAHANOY CITY.

C. & I. Policemen Take Two Depot Thieves Into Custody.

MAHANOY CITY, Mar. 30.—C. & I. Policemen Smith, of town, and Goudge, of Girardville, ran down two tramps at Rappahannock yesterday afternoon and engaged them in conversation during which it was learned that the men knew something of the robberies at the Gilberton and Boston Run Junction depots last Sunday morning. After taking the men into custody the officers visited a shanty at Rappahannock and found there shoes, barber supplies and a tape line. Upon being arraigned before Justice Coyle at Mahanoy City last night the tramps gave their names and residences as John Hood, of Philadelphia, and William Rodgers, of Frackville. They acknowledged stealing the shoes from the Gilberton station and the tape line and a lantern from the Boston Run Junction station. They also admitted burying several articles in a dirt bank near Rappahannock. The barber supplies are supposed to have been stolen from a shop in Frackville early last Saturday morning. The men were committed to jail.

Leckie, stabbed in left side; Edward Miller, Minersville, shot in the foot; Samuel Meyer, Minersville, shot in the knee. The riot started in George Wolf's saloon, at about 8 o'clock, when a dispute arose between the Italians and one of the Americans. The former called the latter vulgar names and then the fight started, pistols and knives being used freely. They all rushed into the street and the fight became fierce and hot, bullets flying in every direction. The pavement in front of Clemens' drug store was one big pool of blood. The Italians were the aggressors, and caused the trouble.

THE WARLIKE GREEKS.

Even the Schoolboys Are Armed and Eager for the Fray.

Larissa, March 30.—Crown Prince Constantin, commander in chief of the Greek army in Thessaly, his wife, the Princess Sophia, Prince Nicholas of Greece and the Princess Marie of Greece arrived here yesterday. The whole garrison was under arms to receive the crown prince and his party, the streets were thronged with people and the houses gaily decorated with flags. Many ladies threw flowers in the path of the princesses. The prince was welcomed by the military and civil authorities, and later Prince Constantin, amid the enthusiastic acclamation of the crowds present, reviewed the troops.

The school boys here are being armed with rifles, bayonets and ammunition. It is no uncommon sight to see lads of 12 and 14 fully equipped.

Ten thousand Greeks have been stationed at the east end of the frontier, with their base at Rapsani, on the hillsides north of the Vale of Tempe. From this point they are watching the Turkish positions from Platamone to Mikrovo. The Vale of Tempe itself is not fortified, as the Greek line is drawn from 15 to 20 miles further north. The Greeks seem to consider themselves only in the light of an invading force, and not as a force occupying a territory likely to be invaded.

The determination of the Greek people to accept no solution of the Cretan difficulty but the annexation of Crete is increasing steadily. The cry is for no surrender. All feeling of despondency has vanished, and the multitude is eager for hostilities to begin.

What Was the Trouble?

Health Broken Down, Heart Troubles, Torpid Liver, Consumption, Rheumatism

Whatever It Was, Hood's Sarsaparilla Cured by Its Power as The One True Blood Purifier.

Discouraged people are numerous now—some because of lost business, others because of lost health. All may find fresh inspiration and valuable suggestions in the following:

"C. I. Hood & Co., Lowell, Mass.:

"Gentlemen: For 12 years I have been a commercial traveller, and owing to the hardships of my life, long railroad jumps, all kinds of exposure, and sudden changes of climate, etc., my health gave way. Physicians did not help me and I was given up to die. My illness developed a

Complication of Diseases.

I was without ambition or appetite. All strength had left me. One doctor said I had heart disease, another torpid liver, a third said it was lung trouble and another consumption, and so on. I have no doubt, symptoms of all these complaints and even that of rheumatism, judging from the stiffness and pains in my joints and legs at times, were manifest. I was unable to attend to business, was confined to my room and frequently lay in a comatose state for hours. I was so feeble, and so little encouragement was offered, that I began to wonder

Where I Would be Buried.

Finally, as a last effort to help myself, I decided to try Hood's Sarsaparilla. The effects of a few doses of the medicine seemed almost magical. The depressed feeling left me, and when one bottle had been taken, I had regained an appetite, and strength was coming back. After finishing the third bottle I was able to go about my commercial duties. I continued to improve, and to satisfy my mind that I had fully regained health, I submitted myself to a doctor for examination. He pronounced me 'sound as a dollar.' Three months later, I passed a rigid examination for insurance. I have since been in the best of health, notwithstanding my travels, and I give

Sarsaparilla, as each season since I have taken several bottles. It keeps my blood in good circulation, gives me a keen appetite and leaves no room for that tired feeling which naturally finds easy prey among those of my calling in the summer months after an early spring hustle. I consider Hood's Sarsaparilla the means of saving my life, and I gladly speak in its favor." A. J. LEITCH, home address, Cass House, Saginaw, Michigan.
