During the winter of 1803, F. M. Martin, of Long Reach, West Va,, contracted a severe cold which left him with a cough. In

of Europe generally, and the dread of being mathematician, we must believe, was of compelled to reader military survies in the different options.--London-Standard. event of a general outbreak of war, will us "onot largely influence immigration to the United States, and of those who will be thus influenced there will no doubt be very many of the kind that are not very strongly permeated with love of country. The subject is daily assuming increased significance, and is consequently demanding much greater public , intion than it has hitherto received. SITE ROALT

The Republican party has again shown He business-like condities. In loss than its businessible qualities. In loss than bone, organ and tissue depends on the manifestime was two weeks from the time of its moving the blood for its quality and condition. House, suttrailed by this party, has considered and passed the mriff bill and has done to despite the opposition, and delay and fault-finding system of the Democrats. The bill now goes to the Senate, where the Republicant will show their business-like mothods by taking it up in commillee and putting more than a week's cure for scrolula suit themps, humors, labor upon it prior to the passage by the sores, rheumatism, catarrh, etc.; the Senate. It is expected that the bill will be completed by the committee during the present month and be taken up, by the Sen-ate early in May, presed by that body in June, and go become a law July Int. Presi-dent Cleveland and the Tree trade Congress, elected in November, 1802, that not get present month and by taken up by the Senelected in Nevember, 1802, did not get their tarilf bill upon the statue books until August 25, 1814, one year and ten months from the date of the election. It looks now as through the Republicant would get their Lowell, Mass. Get Hood's and only Mood's. as though the Republicans would get their turily measure on the statue books within seven months of the date of election possibly even source then then

Thus anthracity coal inade continues in a state of almost unpresedented duliness for this period of the year, says the Philadelphia Lodger. In fact it is said by old shipped that the past month will go on record an the dullest March in many years, notwithstanding the lose curtailment of the production of anthrasite during the past quarter. The spring-business usually begins with the open the first stillments of the season via the Pilsner Beers. Selruy [41] canhla were made. The trade is now awalting which therest the beam of the spring direntar of prices for anthracite, but there appears to be some question as to whother or not a formal printed schedule of prices will be issued. Whether the mining and carrying companies will continue to sell on the basis of the last July circular, with more or less modification of the figures to actually effort sales, or whether an entirely new list of prices under date of April 1st will he found will be determined in a few days. It is the prevalent belief in the trade that a determined effort will be made to maintain the July clicular Instead of opening with lower quotations, and this thought has been strengthened by the radical restriction of mining that has been enforced for the past three mouths. The efforts now being made at Harrishurg to fores increased consumption of anthracite by legislation against the use

whom are for from being desirable additions were preferable to existence under and encoded on the manthed condition erroumstances as this. But the Frence

"Mrs. Lincoln's Zonaves."

"Mrs. Lincoln's Zomeves." Julia Taft Bayne in St. Nicholas de-scribes the pranks of Willie and Tad Lin-cells in the White House. The presi-dent's sons were playmates of her brother Build. Mrs. Enyne writes: About this time they formed a military company epilled "Mrs. Lincoln's Zomeves." She gave them a flag, and they were reviewed by the president from the portice. The secretary of war promised to furnish light (condemned) rifles, but I do not remember (contenned) rills, but I do not remember whether they were ever armod or not, for the company dwindled until it was like Artentis Ward's—'all officers." Willie was colouid, fluid major and Hally cap-uain, while Tad refused every rank but that of drum major. The officers had old fashioned swords, given them either by the screening of war or by General McClellan. They spent a great deal of time on the flat copper roof of the Valte House. It was surrounded by a store bilantate, and here they built a cabin. The roof was by turna a 'fors' and a 'quarter deal, " They used to miss and look for ''strange sall' through a spyglars.
