# Flood Situation in the Mississippi Delta Greatly Improved.

THE WATERS RECEDING.

THE RIVER FORTY MILES WIDE, ment. Nerve, hone, sincw, blood are made from the food which the stomach converts to the offer of and the story. Rollef Seni from Memphis to the St.

sand Men Have Fought the Flouds.

Memphis, April 2 .- The flood situation in the Mississippi delta above Greenville is decidedly improved. The half dozen crevannes on the Arkansas and Mississippi shores, between Helena and Greenville, have drawn an im-

meme volume of water out of the main channel, which is apreading over the invited poor untrition. Any person suffering from indigestion for the escape of the inhabitants of the should make it a practice to take after each tow counties. The river shows a de-cline from a point below Helena to the Wayside crevasse. The decline above Greenville is many places is as great as ten inches. Helena, Ark, is not, however, out of danger, for the water from the St. Francis basin in Arkansas is swelling the channel of the main river from the

Francis basin in Arkania's is sworing algebra cost and that beside wholesome the channel of the main river from the mouth of the St. Francis to a point south of Helena. The worst at Hetena will be over by Sunday. The damage ratio of the sector of appendix and gases at 50 cents. will be over by Sunday. The damage to the farming country in the delta cannot be estimated. Five counties will be for the most part under water will be for the most part under water for 40 days, and the main line and branch lines of the Yazoo and Missis-sent free by addressing Staart Co., Marshall, to atppi Valley road will have more than 100 miles of track inundated. Opposite Perthshire, the upper crevasse, a mile

track has been completely washed

Probably 20 railroad stations and small towns are flooded, among them being Gunnison, Rosedale, Perthshire, Terrene, Phalla, Riverton, Dahomy, Strom, Benoit, Beulah, Wayside, Longstrond, Bernard, Bednah, Waynor, Deelon and Australia. But the danger is now to the south of Greenville, and the levees from Wayside to the mouth of the river will begin to feel the pressure the river will begin to test the pressure of the movement of water back into the channel from the delta, the White river country and the St. Francis basin. From Memphils to Crawley's Ridge the river is now 40 miles wide. A line

igan, one term as representative it congress and several years as special agent of the treasury department, and inter was a member of the commission which investigated the sugar trade with the Sandwich Islands. In 1890 General Spandting was appointed as-sistant secretary of the treasury. He is about 64 years of age,

missioner of patents, is widely known throughout the country. He began his congressional career as member of congrees from Ohio in 1578 and served un. Il the end of the Fifty-first congress. In 1883 he was appointed commissioner of patents by President Arthur, and served until he resigned to take his seat in the Porty-minth congress. At the close of the Fitty-first congress both Democrats and Republicans urged him to accept a renomination, but he declined for business reasons, and acepted the position of solicitor general and secretary of the World's Columbian exposition, and went to Europe as the president of the commission to interest foreign governments. It is be-lieved that a new department of industry and commerce will be created, and that he accepted the commissionership

to promote that object. The sonte in executive session yes-terday confirmed Anson B. Johnson, onsul at Amoy, China; Charlemagne Yower, minister to Austria-Hungary; William S. Shallenberger, second as tiont postmuster general; Penroze A McClain, collector of internal revouns for Pennsylvania: Alexander M. Thack-ara, consul at Havre, France, and sev-
