**BARBEY'S** 

J. CANFIELD,

forever.

Is view of the discussion of the garbage puestion, many of our residents some favorably inclined to a crematury as the last and only proper way of dispusing of this vexed question. President Spubling, of the Board of Health, it will be remembered, has time

and again brought to the attention of the harough authorities the advisability of erecting a cognitory in town. In his annual repart, a year or so ago, Dr. Spaiding dwell at considerable length upon the subject, showing conclusively that the only safe remody for accurd to a public sears old. the present evil is the erection and operation of a gerhage crematory, where all gorms o

disease emanating from decayed matter can edestroyed. To consume by fire all the accumulation of the winter months not only destroys the discuss breeding fith, but would sottle permanently the question of a damping used soveral hinde of cough agrup but found ground. Then, again, the mere removal of no relief until 1 bought a bottle of Chammaringe from one neighborhood to another, under the present system, only establishes a almost inch mt'y, mid in a short time brought central point for the dissemination of point RALL MARK.

APPARENTLY Secretary Curtin, of the hefters you got relief, It has been in the Board of Health, although a public official market for over Localty yours and constantly and paid for his services from the borough grown in favor and popularity. For sale at treasury, is of the opinion that he is a 25 and 50 cents per bottle by Grahler Bros. term at seven months, and the Smith "binger man than Grant." Either that, of drug 1.25. he is acting under instructions from the

Roard of Health. If the latter, the asoner the public knows it the better. It is case tomary for the reporters of the various papers of town to call at the Secretary" office and get the health reports for publica tion. This is information that the readers of the HERALD are cutified to, but when our representative called at Secretary Curtin's office on Saturday, and in a pontlemants manuse requested that official to fermist its troops there. him with the health reports the Secre

tary informed the reporter that the HERALI would receive no information from him to the future | that the paper criticised the Board of Health, and therefore he would not accommodate them, and didn't care how main the paper knew it. So far as ou

criticium of the Board of Health is concerned. that hady, being composed of public officials. are adjuct to criticism within proper bounds The mombers of the Board, unlike the Sectorry, are liberal minded and

Besides, the position abstraced by the Hau Ant has mot with much favor, excepting, o course, from the Secretary of the Board. The fact of the matter is, the HERKLO's criticism was contined to the Board Itself, and no mention was made of the Secretary, for the very good reason that he is merriy a servant, notwithstanding Mr. Curtin's estimation of the Becentary's assumed importance. Busines of this egotistic pesition of the Secretary of the Board of Health, the readers of the HERALD, who contribute to his salary, are deprived of information which is theirs by right. Mr. Curtin's predecomor, althoughduring his term the Board was criticised, was over ready and wifting to furnish the public information, and he performed the dities with as much ability at less mlary. The Board, in justice to itself, should investigate its Secretary.
