The body was found by a farmer who was duck hunting.

The Baltimore and Ohio Railroad company has had a force of men searching for the body cines the day. of the accident, and the recovery was due to their untiring vigilance. Immediately upon the receipt of the in-formation that the body had been found the railroad officials sent a representative of the company with an undertaker from Oakland to the spot, land. The body is in a fair state of preservation, considering that it has been in the river for 20 days. A cursory examination disclosed a fracture of the variebrae of the spinal column in the neck. There was also several bruises on the body.
