

WHAT IS YOUR TRAIT?

Each Trade or Occupation Has Its Special Diseases.

It is well known among medical men that certain diseases are more readily developed in certain occupations than in others. That each occupation has its attendant physical weakness, Engineers, railroad men and similar occupations suffer mostly from kidney troubles and men who are often exposed to the weather suffer from rheumatism, while clerks and professional men, in fact the army of people whose business keeps them indoors, are often afflicted with nervous prostration and constipation. In this connection the following letters is of interest to people whose occupation will not allow sufficient outdoor exercise.

Mr. A. F. Carlson, notary public and jeweler and watchmaker of Greenville, W. Va., writes as follows:

I had been a severe sufferer from piles for years and had tried many remedies with little benefit, when about three years ago I saw the Pyramid Pile Cure advertised and sent for it.

I was badly afflicted when I got them, but after only two applications the piles disappeared and from that day to this I have never felt a symptom of the disease.

I feel that I cannot recommend them too highly to sufferers from piles.

The Pyramid Pile Cure is free from cocaine, opium or any injurious substance, is safe and reliable, and is sold by druggists at 50 cents per package. If there is any constipation the Pyramid Pile Cure should be used with the pile cure. The pills are 25 cents per package.

Any druggist will tell you that the Pyramid is the best known and most successful and popular pile cure ever placed on the market and its reputation as a safe and reliable cure has only resulted from the personal recommendation of people who have been cured of this distressing ailment.

Sent to Pyramid Co., Albion, Mich., for valuable little book on cause and cure of piles.

Hotel Changes.
W. Cawsey, of town, has purchased the McDevitt hotel in Portville, which John Rogers, formerly of town, has been the owner of for about a year past and will shortly remove to Portville to take charge of it.

Brigades Have a Fight With Turks on Turkish Soil.
THE INVASION UNAUTHORIZED.
A Bolet in Athens that the Threatened Blockade of Greek Ports Will Not Be Enforced—War Will Probably Be Averted.
London, April 12.—The Daily Chronicle's Athens correspondent, telegraphing at midnight, says: "The following is all that is known here of the frontier affair near Kriana and Grevena. The commander of the frontier post at Traudiani telegraphed to the commander of the Eighth battalion at Evreosa, near Trilikaia, that the Turks, after a band of insurgents, had crossed the frontier, attacking three Greek positions, those of Foniha, Prilantza and the tomb of Simbarhi. The commander added that fighting was still in progress. An, however, he asked for only one company of reinforcements, he evidently did not consider the affair a grave one." The correspondent of the Times at Grevena says that at 5 o'clock yesterday morning 1,500 Greek bandits crossed the frontier between Metzora and Diakia, where they encountered the Turkish troops. The fighting lasted throughout the day, with some loss of life and a number of minor casualties. It is reported that the invaders consisted of 2,000 carefully picked men, who had been equipped by The Ethnola Hottaria.

Arrested for Serving Disorganizers.
Dayton, O., April 10.—Colonel J. B. Thomas, governor of the soldiers' home, was arrested charged with violating a state law by serving disorganizers at that institution without displaying a placard stating the fact. It will be a technical case, as it is a question whether the law can be enforced in the home, which is a United States reservation. He will have a hearing on Tuesday.

SPINAL DISEASE

And Painful Affections of Nearly all the Organs Cured by Dr. Williams' Pink Pills.

From the Journal, Detroit, Mich.
"Disease of the spinal cord and nervous system, was what the doctor called it first," Mrs. Rosa Tapley, of No. 721 Harrison Street, Ionia, Mich., said yesterday to a reporter, "but it was not long before every organ and member of my body was affected. There was a constant heating at the pit of my stomach, my head ached on the left side, I felt as if I was being pulled up, and I kept getting worse and worse, and at last I was confined to my bed in October, 1894."
