- The surface of the body being chilled, the pores are closed and clogged, and impurities which might pass off in perspiration are forced back into the blood. Besides this, water's hearty food, fats and sweets, contribute n in purities.
- This, b. 1 (b) explains the existence of Spring Humors-those un finity cruptions, painful boils, annoying pimples and other all ctions, which make absolutely necessary the use Hood's Sarsaparilla at this season.

Dizzy headaches, bilious attacks, failure of appetite, coated tongue, lame back, indigestion or that tired feeling are some of the results.
- From the same cause may also come scrofula, neuralgia sciatica or rheumatism.
