

FAITH CURE A GOOD THING

In Some Diseases, But It is a Failure in Stomach Troubles.

More faith will not digest your food for you, will not give you an appetite, will not increase your flesh and strengthen your nerves and heart, but Stuart's Dyspepsia Tablets will do these things, because they are composed of the elements of digestion, they contain the juices, acids and peptones necessary to the digestion and assimilation of all wholesome food.

Stuart's Dyspepsia Tablets will digest food if placed in a jar or bottle in water heated to 98 degrees, and they will do it much more effectively when taken into the stomach after meals, whether you have faith that they will or not.

They invigorate the stomach, make pure blood and strong nerves, in the only way that nature can do it, and that is, from plenty of wholesome food well digested. It is not what we eat, but what we digest that does us good.

Stuart's Dyspepsia Tablets are sold by nearly all druggists at 50 cents for full sized packages, or by mail from the Stuart Co., Marshall, Mich.

AN HISTORIC PAGEANT.

Tribute to Grant the Greatest in the Nation's History.

FULLY A MILLION SPECTATORS

View the Monster Street Parade, Which Can Only be Compared to the Return of Napoleon When His Body was Returned to Paris.

New York, April 28.—Never before in the history of the world has a man never before in the history of the United States, had such a tribute been paid to the noble dead as when yesterday, with veneration and with a devotion that the nation dedicated the tomb that now holds the body of its hero, Ulysses S. Grant.

It was an occasion more of triumph and glory, and national pride than of funeral rites, for in these 12 years since first the nation mourned for Grant the keeness of grief has worn away, and in its place there lives in the hearts of men a memory of the hero which found such tumultuous vent yesterday.

The greatest of our citizens, our soldiers and our sailors stood side by side with men of fame from almost every nation of the earth and paid, without regard to race or creed, or party or nation, the last and long delayed honor of the living to the dead, while the greatest throng that ever filled the city of New York added its surging sea to the roar of belching guns in the tramp of marching soldiers.

And throughout the throng there were found such tumultuous vent yesterday.

The greatest of our citizens, our soldiers and our sailors stood side by side with men of fame from almost every nation of the earth and paid, without regard to race or creed, or party or nation, the last and long delayed honor of the living to the dead, while the greatest throng that ever filled the city of New York added its surging sea to the roar of belching guns in the tramp of marching soldiers.

Before the presidential party left their hotel to take part in the dedication ceremonies the flag decked and covered with black crepe, who cheered vociferously as the great man drove by.

When the tomb was reached a strange sight met the eye. All around the oval in the center of which stood the great monument Grant's name were what seemed to be black blocks. This sombre background was formed by the thousands of spectators who filled the wooden stands, built up from the ground on both sides of the tomb to the level of the steps that lead to its massive doors. To the south, where the loop around the oval met the Riverside drive, there were two solid lines of humanity. On all four sides of the monument oval the stands were packed to overflowing, while facing these crowds was the great mass of eager sightseers who had not been specially provided for.

The solemn service of dedication seemed to throw a strange hush over this vast throng. The president stood bareheaded in the wind. When he spoke it was heard distinctly by the 5,000 men who stood directly in front of him.

General Porter's oration in honor of the hero seemed to impress the crowd less than the sight of the pale-faced, bareheaded president, standing beside the oval in the center of which stood the great monument Grant's name were what seemed to be black blocks. This sombre background was formed by the thousands of spectators who filled the wooden stands, built up from the ground on both sides of the tomb to the level of the steps that lead to its massive doors. On all four sides of the monument oval the stands were packed to overflowing, while facing these crowds was the great mass of eager sightseers who had not been specially provided for.

When night fell and the greatest of military, naval and civic parades ever seen here was at an end the city assumed a gala aspect. The streets were full of bright uniforms of all nations, while spectators from every part wandered from place to place and discussed the wonders of the day.

Once in the history of the world before has such a ceremony been enacted over the reinterment of any great man, this only other instance being that of the body of Napoleon, which brought back to Paris, when royalists and republicans alike joined in one great triumphal parade.

At midnight all was quiet. The warships' lights no longer were reflected by the placid Hudson, and the gray tomb on the bank of the river stood out boldly against the black sky, at last a fitting monument erected by a grateful nation to the soldier-president who through victories and war brought peace, and with peace brought honor.

Set aside for twenty-four hours a bottle or common glass filled with urine. A sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. The frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fully cures every ailment in connection with the urinary passages. It corrects inability to hold urine and smearing pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention EYRING HERBOLD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

SCRANTON TALK.

ABOUT THE LITTLE WONDER-WORKER--A PERSONAL INTERVIEW OF INTEREST.

Our representative called on Mrs. Richard T. Roberts at No. 424 Thirteenth street, and her conversation as given below is but a sample of the Scanton talk that is going on about the little wonder-worker.

"Mrs. Roberts I am told you have been a sufferer from kidney complaint, how long did you have it?"

"For ten years at least."

"Can you tell what brought it on?"

"I can't just say how it came, I first noticed a slight pain in the small of my back which gradually increased."

"And of late years your trouble has increased?"

"Yes it was very bad at times. I had a dull pain in the small of my back with an occasional pain in the abdomen and groin."

"Was the bladder affected?"

"Yes I thought so as during passage of urine an awful scalding and burning sensation existed while there was a soreness in the abdomen as well."

"Was the passage of urine unnatural?"

"Indeed it was sometimes excessive and sometimes scanty, if I caught cold I was always worse."

"Were there any other symptoms?"

"My stomach constantly gave me trouble."

"I understand you are cured; what has brought this about?"

"I took Doan's Kidney Pills, they have cured my kidney complaint and the stomach trouble has disappeared as well. I have been relieved of my headache. I am truly happy to say I am entirely over it all now, and I will always find it a pleasure to recommend Doan's Kidney Pills to all who are victims of kidney trouble."

SALT RHEUM

FLOOD FATALITIES.

Several Lives Reported Lost Below St. Louis.

ANOTHER BAD LEVEE BREAK.

Hundreds of Homes Under Water in the Ninety-eight Square Miles Which Have Just Been Submerged--A Rush For Life by Farmers' Families.

St. Louis, April 28.—The flood situation throughout the neighboring Mississippi and Missouri river territory is one of the gravest danger. At several points the swollen streams have overlapped their banks and burst through the levees. Already several lives have been lost, and many people are imperiled by the rapidly rising waters. Thousands of acres of farm lands on both the Illinois and Missouri sides of the Mississippi river have been inundated. Already several lives have been lost, and many people are imperiled by the rapidly rising waters. Thousands of acres of farm lands on both the Illinois and Missouri sides of the Mississippi river have been inundated.

White Joseph Johnson, William Dalton, Minnie Prater, Mrs. Ida Burg and her two small children were attempting to ford a swollen stream in a wagon at Jackson the wagon was overturned and the women and two children were drowned.

The Hunt levee, which protected the Hunt drainage district, on the Illinois side, below Waverly, broke yesterday, sending the Mississippi over one of the most fertile regions in the Mississippi valley. The wildest excitement prevailed, for fully 30,000 acres of land and hundreds of homes are under water. The lowest part of the district is just below the bluff, seven miles back of the levee, and the water is making straight for the hills. Territory 14 miles long by seven miles wide is covered with water.

Couriers were sent on horseback to the Huback district, and a condition of disorder and flight everywhere prevailed. Some were unable to save anything, and barely escaped with their lives. It is feared that some have been caught and surrounded by the flood.

The levee was covered yesterday with a crowd of farmers and their wives, hurrying their children and their live stock to places of safety. Many are now camped out on the hills with absolutely no means of support, and untold suffering must inevitably follow this disaster.

Levee Commissioner Shaffer at once telegraphed to Major Meigs of the government fleet at Keokuk, Ia., for aid. The latter immediately ordered the steamer Ma to the scene, with a barges of supplies, and he followed shortly after with the Vixen. The crevasse is nearly 300 feet wide, and the foot is working under great difficulties. The break may be repaired, but in the meantime the whole district is being flooded. Efforts are being made to keep the ends of the levee from being further broken. This is almost impossible, for the water is rushing through the break at a terrific rate, and it is unsafe for the steamers to approach it.

The situation here and at Alexandria is practically unchanged. The water is more tranquil, and has stopped flowing over the levee, having reached its level in the bottom.

The break on the Illinois side is drawing the water away from here, and will prove a slight relief, although both the Mississippi and the Des Moines rivers are rising above.

The crest of the flood has doubtless been reached here, but the worst has just begun in the Illinois bottoms. The crevasse will make the Mississippi 14 miles wide at this place.

Street Car Run Down by a Train, Tampa, Fla., April 28.—An electric street car, filled with passengers, was run into yesterday afternoon by a railroad train on the outskirts of this city and one person killed, two fatally injured and others slightly hurt. The street car was without a conductor, and the motorman was taking fares. A Cuban refused to pay, and when an attempt was made to put him off he was rescued by three other Cubans, who assaulted the motorman, holding him down on the rear platform while the street car was without a conductor, and the motorman was taking fares. I had severe attacks of gravel and kidney trouble; and unable to get a medicine or doctor to cure me until I used Hop Bitters, and they cured me in a short time.—A DISTINGUISHED LAWYER OF WAYNE CO., N. Y.

Colorless and Cold.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken, all her troubles vanished and healthful girls in the town with vivacity and cheerfulness of mind gratifying other friends.
