vigor on the part of the managers of the escialistic party, is apparent. Two works beine an English speaker, Benjamin Hanford, of Brooklyn, will go over the same greand and endeavor to organize sections among the English speaking people.

THE COAL TRADE.

It is not so much so as is usually the case at Health Broken Down, Heart Troubles, Torpid this time in the year, is the opinion of Sawant's Coal Trude Journal. It is not likely to be active until the consumer or re tailer has the assurance tirrely instilled that there is not to be any retrugrade movement on the part of the producers. At present Whatever It Was, Hood's Sarsaparilla Cured by Its Power as there is every appearance of the intention to hold the formage in check so that its volume is not in excess of the demand, and in this the producer does well, for the consumer feels no desire to atock up until those Is some probability that values will be in-

That the market will someth 40,000,000 top of anthracite of this year's mining is giving credit for all that can be done in proper matrice; the using up of the greater portion of the squantity left over has been nesses plished, but there is still coal on hand in Physicians did not help me and I was go about my commercial duties. I congiven up to die. My illness developed a tinued to improve, and to satisfy my mind ome places. The flusterial returns obtained per ton or coal sold in 1807 are largely in exem of arbut was the case the year preciding-At eastward, as we are advised, there more inquiry for authracits cost, and it really looks so though the buyers were beginning to recognize that prices are as low as they, will

The bitminister market emiliance quiand without any new features. Builalo report is that there is little inquiry for authracite coal from the lake ports; and shippers are not looking for any beavy movement before June 1st. Chicago solvices are that anthemotic coal trade flattened out about emupiciely fast week because of the 70 degree temponsture which settled down upon that vicinity.

Soft cint is quickening a little. The officials of the P. & R. C. & J. Co., however, report the trade as improved and the outlook for general improvement is encourseing. This company reports the receipt decided to try Hood's Sarasparlila. The Cass House, Saginaw, Michigan. last week of a number of large orders for tidowaler shipments to the New England markets, and is now compelled to divert coal in transit to the line trade to Port Richmond

In order to fill tidewater regularments. It is now generally believed that the werst is over and that from this time on the condition of the authrucite market will gradually improve. This view of the matter is strengthous by the recent order of the Phisalelphia & Reading Coat & From Company to work their collinies three threequarter days each week during the month of May, beginning on the 3rd. It is sincerely hoped that the statement is well founded
