ROYALTY VERY UNPOPULAR!

Athenians Jeer and Root the Crown Princess of Greece.
ATTITUDE OF PREMIER RALLI!
The Greek Leader Declares He Has Heard of No Act or Proposal on the Part of the Powers Looking Toward Intervention.

London, May 1.—The Times' correspondent at Athens telegraphs: The stores which threatened to break some days ago have passed away. The new cabinet contains several men of excellent talent, and the situation in general is well received. Nevertheless, angry mutterings are still heard, and the sky may soon darken.
The cabinet was completed yesterday, and is as follows: President of the council of ministers and minister of marine, M. Ralli; minister of the interior, M. Theodorakis; foreign affairs, M. Skoufoulis; public instruction, M. Axiastasis; justice, M. Triantafyllidis; finance, M. Simeonides; war, Colonel Tsoumanos.
The correspondent of the Associated Press at Athens had an interview with M. Ralli yesterday. M. Ralli said: "The new cabinet has not yet had time to frame a program. The reports from the front addressed to my production lacked clearness, and I decided, therefore, that it would be wise to send two members of the cabinet to Pharsalos in order to encourage the army, which is fighting valiantly, and to investigate the condition of affairs."
M. Ralli added that he was not aware of any act or proposal on the part of the powers looking toward intervention. He said that General Skoufoulis had telegraphed him that he had repelled a desperate attack by the Turks, whose loss was very great, and that the morale of the Greek troops were unimpaired.

The correspondent of the Associated Press had an interview with the new minister of foreign affairs, M. Skoufoulis. The minister said: "If the Greek honor can be retrieved by continuing the struggle the government will continue the campaign with unabated energy. If the condition of the army, on the other hand, would render further fighting unadvisable the cabinet will undoubtedly refuse to bring fresh humiliation or suing for peace until it has utterly exhausted the strength of the enemy, and even annihilation will be preferred if the humiliation imposed is too severe."
Last evening the Crown Princess Sophia was returning from a visit to the ambulance hospital she was blessed and cheered by the crowd, which escorted her to return to the hospital. The royal carriage was then summoned and the princess drove to the palace at the top of the speed of her horses.
Certain members of the late cabinet are industriously forming a royalist feeling by statements in the press. For example, the late minister of marine alleges that he prepared a complete plan of action for the fleet, but that his proposals were not executed, owing to certain other orders issued by the king, which were countermanded by them.
Queen Olga and the Crown Princess Sophia are working day and night like sisters of mercy. The queen's health still leaves much to be desired.
The royal arms have been stripped from the carriage in order that the occupants may drive about unrecognized, and thus avoid similar experiences. As another indication of popular feeling, tradesmen who have been wont to display the royal ensigns in front of their shops have removed these.

While a priest was offering prayers for King George and the royal family when he attacked the Greek nation on Thursday, and that the Greeks after an obstinate resistance were compelled to retreat to Arta. Two companies fell into disorder, and on arriving at Arta threw the town into a state of panic. The inhabitants fled in terror.
No dispatches have been received from Arta since yesterday noon. It is believed that the sudden advance of the Turks in Epirus is due to the apprehension that the powers will soon insist upon an armistice, in which case the Turks might be allowed to retain the positions captured in Epirus.
The news from Thessaly, also, is unfavorable. Fighting at Velesino was resumed yesterday morning. The Greek right repelled vigorous cavalry charges, but their left, though supported by reinforcements by Colonel Mavronichali, was compelled to retire. It is feared that their position at Pharsalos will be untenable, thus compelling a retreat to Demokos.
The Daily News correspondent at Salonica says it is reported there that 4,000 Greek troops have landed at Keramoti and blown up the railway tunnel near Okdjar, and that a strong band of insurgents had appeared at Nevelis with the intention of cutting off communication with Serovitch. Troops have been hastily sent to Monastir, as an attack there is feared.
The report of the retreat in Epirus is confirmed. The Greeks are abandoning all the positions they had occupied except Salogora. Philippada is among the places evacuated.
A dispatch to The Times from Larissa says: "Volo surrendered Monday evening to a force of Turkish cavalry. The garrison yielded up its arms without resisting."
The railway between Volo and Lar-

MEETING OF THE BOARD OF HEALTH

Further Action in Dr. Phillips' Case is Dropped.
DISCUSSION OF HEALTH GUARDS!
Dr. Spalding is Opposed to the Public Dumping Grounds and Favors a Crematory For the Disposition of Garbage—Other Sanitary Problems.

A regular meeting of the Board of Health was held last evening with Dr. Spalding and Messrs. Morrison, Malone and Holman in attendance.
The case of Dr. C. S. Phillips was on again and the doctor's prescriptions were produced to show the treatment he administered in a certain case which he denied was contagious. Mr. Morrison said he had been thinking the case over and reached the conclusion that should the Board present Dr. Phillips for violating the rules the case would in all probability be dismissed with costs. His grounds for this reasoning were that Dr. Spalding made the charges and Dr. Phillips denied them, being equally positive in his diagnosis of the case, and there was no evidence corroborating Dr. Spalding. Mr. Morrison suggested that in the future, if any such cases come under his notice, Dr. Spalding call in another physician who can be called upon for corroborative testimony.
These sentiments appeared to meet the views of the other members of the Board and it was concluded to drop further action on the charges against Dr. Phillips.
The epidemic committee reported 19 cases of measles; 4 diphtheria; 2 diphtheric croup; 1 scarlet fever, and 1 typhoid fever, a total of 27 cases during April.
Dr. Spalding said it is improper to remove placards of communicable diseases from houses immediately after death takes place. They should remain in place at least a week after.
Mr. Holman said many complaints are made about the sanitary condition of the lower end of Main street and the only remedy is to insist upon sewerage.
Dr. Spalding suggested that the nuisance committee of the Board of Health and sanitary committee of the Borough Council examine the place.
There were 21 deaths and 3 still births in the borough during the month of April.
The Health Officer read his report showing that he attended to 14 nuisances during the month. He also stated that the time within which property owners on South Park alley were to put in sewerage had expired. They asked permission for an extension of time, to enable them to go before Council and secure permission to connect with the sewer street sewer. There are no placards up at the present time for contagious diseases. The report was accepted.
Dr. Spalding called attention to the rules of the Board regarding the disinfecting of outouses at least once a month.
The Health Officer stated that there has never been as much cleaning up in the borough as at the present time and the people, as a whole, seem willing to do what they can in that direction.
Dr. Spalding also said he did not believe the people of the town give due consideration to the garbage question. He did not approve of the present public dumping grounds, believing them unsanitary and a menace to the health of the borough. A crematory, he said, can be purchased at small cost and the people of the borough should give the subject attention. Mr. Malone concurred in the sentiments expressed.
Dr. Spalding also said the Health Officer should not overlook the fact that males may wash their mouths for whitewashing jail fences, etc.

THE TURKS AND GREEKS.
Greeks Still Manifest a Strong Feeling of Insurrection.
Special to EVENING HERALD.
ATHENS, May 1.—Eight thousand Turks are reported as having been repulsed ten miles west of Volo. The battle began on Thursday and lasted until 10 o'clock yesterday morning.
The Greek commander telegraphs that the Turks cannot capture Pharsalos.
This city is still disturbed and the popular feeling against the royal family is strong. The Crown Princess, while returning from an errand of charity at a hospital, was hissed by the populace and forced to take refuge in the hospital.
LONDON, May 1.—Cables from Paris say that the Sultan, conscious of his strength, has resolved to claim sovereignty of Egypt. It is also stated that the German Emperor has congratulated the Sultan on the outcome of the war with Greece.

ACKNOWLEDGMENT.
To the Officers of The Home Friendly Society, of Baltimore, Md.: B. L. Tally, president; MARY TALLENTINE, Elizabeth G. Whelan, Secy., and Mrs. M. J. Whelan, Treas.
I desire to express my gratitude for the promptness with which the claim of eighty-four (\$84) dollars, due upon the death of my husband, John Tallentine, aged 67, was paid by your society, through its superintendent, William T. Evans, and agent, Fred. Acornley, Elizabeth G. Whelan, Secy., and Mrs. M. J. Whelan, Treas.
Elizabeth G. Whelan, Pa., May 1, 1897.

RUNAWAY ACCIDENT.

Two Ladies and the Driver Injured by the Mishap.
A runaway by which two ladies and a gentleman were injured happened at the foot of the Ringtown mountain yesterday. The team was in charge of F. P. Michael, of Ringtown, who had borrowed it from a farmer in that vicinity. While nearing Dixon's hotel the horse became unmanageable and in some mysterious manner threw the occupants out. The driver and one of the ladies received several bruises about the face and body, while the other lady had one of her ankles sprained. The runaway horse was caught about a quarter of a mile from where the accident occurred. The harness was considerably damaged and the carriage was broken into splinters. The names of the ladies could not be learned.
