a legislative probe to make it public. The man, members of the committee are not responsible for their appointment, and they are no doubt bonest in their endeavor to improve the present conditions, but what can they do, other than record what is already known? If the committee can devise some means whoreby the men of the coal regions can be given longer days of work and more of them, they will have accomplished that which will entitle them to the lasting gratitude of the miners and those depending upon them. But one the committee do this?

The consensus of opinion among these well informed on the question, and which is borne out by the evidence salunitted to the committee, is that the great evil can be found in the excess of labor-too many looking for the one job-coupled with the poor demand for anthracite coal. One hundred men cannot prosper when there is only suf-Grient work for fifty. This view of the question brings furth the advisability of more stringent immigration laws, and the committee in its report will very likely lay great stress on this feature, and recommend that Congress be appealed to to at once adopt measures to probabit the great influx to our

-It will be remembered that when the committee visited Sheumdonh and Mahamoy City the employer of the leading coal company In this region were plied with questions as to their knowledge of the cost of placing a ton of coal on the cars at the breaker. Those questimot were propounded by the represenbative from this district, with the evident intention of creating the impression that the withours dure not furnish the information, and that the head efficials of the company world not callghren the members of the commiftio on the subject. Naturally the cirployes reliand to dividge what knowledge they passed on the subject, referring the investigators to the higher officials of the

-The examination of the witnesses yesterday entirely dispelled this false impresslow, and the answers bearing upon the cost of mining coal were given without reservation on the part of these officials who were in a position to furnish accurate information. The testimany of R. C. Luther, general super-Intendent of the P. & E. C. & I. Co., was full and complete, and he made no effort to conceal anything from the committee having a bearing upon the subject under investigation. His answers were explicit us to the actual cost of a ton of coal, the system of mining and general statistics of This important in dustry. His testimeny really left nothing more to be said on the subject of production. and disproved the Impression created by certain persons that orders were issued by the

province and the second The Pimples

The Spring At no other season are Pimples and Humors so

abundant or so annoying as in the Spring. An unseasonably warm day, before change of winter clothing, heats the blood, and these Pimples and Humors itch and burn, and their annoyance, the suf

That Bloom in

fering they cause, is known only to those afflicted. At no time is a blood purifying medicine more \$ effective than just before and during this season.

If your blood is not right (and whose is?) you are liable to be one of these sufferers this Spring.

A course of Hood's Sarsaparilla begun now and faithfully pursued will save you suffering and give you rugged health, so that you can thoroughly enjoy all the pleasures of the coming summer.

Pimples on the Face. "I have been troubled for three years with pimples on my face and hody I tried several remedies with only temporary relief. I am now taking Hood's Sarsaparilla and it is doing me a wonderful amount of good. My general health is greatly buproved, and I feel very thankful for what Hood's Sarsaparilla has already done for me." MISS JANE JAHROSEY, Burnham, Illinois.

A Clear Complexion.

+1 have had a bad complexion owing to impure blood. I have been taking Hood's Sarsaparitia and my skin is now chear. Hood's Barsaparilla | and found it helped me. I kept on has done me much good by purifying my blood." ANNIE D. McCov, Watsonton, Pennsylvania.

Boils, Blotches, Sores, Pimples. "I have been afflicted for many wars with impure blood, which manfested itself in crysipoles, bolls, blotches, sores and pimples. I have used many medicines and found Houd's Sarsaparilla to be the best. I recommend Hood's Sarsaparilla to air who are affected with impure blood. ISAAC P. MARTIN, Walout Hill, Ill.

Anneyed by Eruptions. " I had cruptions caused by impure blood and at times they were very annoying. I was treated by physicians without benefit, and last winter I took a bottle of Hood's Sarsaparilla

until I had taken five bottles, and I

am no longer annoyed with cruptions." W. R. Hunson, Natrons, Pa. parilla

FINANCE AND TRADE

In Spite of a Moderate Improvement, Business is Disappointing, New York May 1.—II. O. Dun & Co.'s weekly review of trade says: In spite of moderate improvement in most of the great industries business is disappointing. Expectation of the speedy end of the war in Europe through Turkish victory have helped to de-press grain. Demands of Austria and China have caused exports of \$6,500,-000 gold, morchandise imports are greatly increased and final action of congress on the revenue question

seems more remote.

The experts of gold would not have much influence if there were not an extraordinary increase in merchandise imports and some decrease in exports from New York, large for the last week and 5 per cent for April. Imports have increased about 60 per cent over hist year for the week, and for four wedge have been 20 per cent greater. At Boston Imports have been extraordinary, and at Philadelphia they have amounted for the month to \$1.278,000. The thought that as long as action on the revenue bill but the main influence at present is tion of the Austrian monetary system and for Japan.

Bradstreets' review says: The more conspicuous features of trade are less satisfactory, including moderate re-actions in prices of staples, a falling off in the volume of transactions in various lines, continued slow collections and less favorable conditions in the iron, steel, cotton and some other industries. There is less demand for staple varieties of Iron and steel, makers reporting trouble in securing speclucations for contracts on hand. The outlook is for the shutting down of some furnaces in the Pittsburg district. The three months' restriction of output in cotton goods has ended, and mills will now run on full time. There were 244 business failures

throughout the Uni States this week, compared with 216 last week, 254 in the week one year ngo, 206 in 1895, 179 in 1894 and 248 in the last week of April, 1893. There are fit failures reported in Canada this week.

It should be made a matter of public knowledge that DeWitt's Witch Hazle Salve will specially cure piles of the longest standing. It is the household favorite for turns, scalds, cuts, bruises and sores of all kinds.

Murdered Himself and Family. West Buxton, Me., May 1.—At Boany Eagle, a small village two miles from The best salve in the world for cuts, child were found in bed at their home bruises, sores, alters, salt rheum, fever sores, tetter, charped hands, chilblains, corns, and all skin cruptions, and positively cures piles, or no pay required. It is guaranteed to give ter, written by Lane, which was found or perfect satisfaction or mony refunded. Price in the room, stated that he had decided to kill his wire and infant child, but did not state the reason. Lane here, the bodies of John C. Lane, a resident of the village, his wife and but did not state the reason. Lane was about 25 y are old, his wife a year New York, May 1.—The Old Domin- or two younger, and the haby was a on line steamer Guyandotte, outward year old. The little family had apparently lived laughtly.
