Seven Texas Negroes Meet With Summary Vengeance.

THREE OF THEM YOUNG BOYS.

The Miscreants Had Been Guilty of Brutal Murder, and Their Lynchers Were Mainly Men of Their Own Race.

Houston, Tex., May 1.—For the murder of an old man, a child and a woman, the ravishment of two girls, the burning of the home of their victims, two of the bodies being consumed in the flames, six young negroes were on Tuesday morning taken to the gallows by the hands of an infuriated mob of negroes, the victims also being negroes, at Sunnyside, Walter county.

Last fall a German from Brenham was robbed of \$65. Suspicion pointed to the four Thomas boys, and they confessed to having committed the crime, saying they had given \$30 of the money to Henry Daniels.

Daniels, an old negro, lived in a little hut with his stepdaughter, a Hittite girl 7 years old child. On Wednesday night the house was broken open, Marie Daniels and the 7-year-old child were ravished, and old man Daniels clubbed to death while trying to protect those in his charge.

The fire had not attracted much attention, but when Daniels and his people did not show up the charred location of the house was searched and the terrible truth discovered.

When taken they were smeared with blood, and a bloody shirt was found hidden away. After the boys were confronted with the evidence they confessed to the crime, and the local officers laid the killing on Louis, the oldest. All seven of the prisoners were under guard Thursday midnight, when the guards were overpowered by a strong body of men and the prisoners taken toward the Brazos bottom, north of here.

I had severe attacks of gravel and kidney trouble; and unable to get a medicine or doctor here, so I used Hop Bitters and they cured me in a short time.

Colorless and Cold.—A young girl deeply regretted that she was colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate.

CHARLES W. MCKINLEY

Probably half the people who suffer from this disease suffer from piles.

It is one of the commonest diseases and one of the most delicate. People have it for years and just because it is not immediately fatal they neglect it.

It attacks the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membrane into good, sound, healthy condition.

TENNESSEE CENTENNIAL

Formal Opening of the Exposition at Nashville.

FIFTY THOUSAND PARTICIPATED In the Ceremonies Incident to the Opening of the Big Show—President McKinley Starts the Machinery by Touching a Button at Washington.

Nashville, May 1.—Over 4,000 men were at work yesterday putting the finishing touches on the Tennessee centennial exposition which opens in the city at 8 o'clock.

The roads and walks, shrubbery and grass are in excellent condition, but the inclement weather has prevented the removal of the flowers and plants from the greenhouses.

The exhibits made by railroads, both north and south, are extensive and complete, and consist in a large measure of out-door displays of minerals, plants and trees.

The official ceremonies were brief and simple, with no special effort at display. There was a parade of the Ancient Essene order and others, with 2,000 men in line, as an escort to Governor Robert L. Taylor.

After the starting of the machinery with the electric signal by President McKinley, at noon, there was a formal reception of the Moriotti fountain of electricity on the part of the woman's board at the woman's building.

The opening exercises in the children's building will begin at 4 p. m., and tonight the domes and fronts of all the buildings will be illuminated with electric lights and the woman's board at the woman's building.

Fainting Spells and Dizziness

Follow La Grippe.

WE HEAR LESS ABOUT THIS DISEASE THAN FORMERLY, BUT IT IS STILL VERY PREVALENT.

A noteworthy instance of the fallibility of even the most skillful physicians is furnished in the case of Mrs. J. E. Smith, of Greensburg, Ind.

For four years Mrs. Smith was afflicted with a nervous affection that finally left her almost completely helpless and which the physicians who first attended her said positively could not be cured.

"After having the grippe," said Mrs. Smith, "I was able to be about for awhile, and to do some work. But in a short time after the second attack, I began to experience nervousness and often had fainting spells, my trouble being similar to hysterics."

The official ceremonies were brief and simple, with no special effort at display. There was a parade of the Ancient Essene order and others, with 2,000 men in line, as an escort to Governor Robert L. Taylor.
