Turks Take Possession of the Village Without Opposition.

THE FOWERS WILL INTERVENE.

Greece and Turkey Will be Notified to Cease Hostilities While the Big Governments Settle. Their Quarret. Greeks Overwhelmed by Numbers.

London, May 7 .- The latest dispatches from the sent of war in Greece show that Pharmalos has fallen into the hands of the Turks. The story la told in a dispatch sent yesterday by Edhem Pasha to the ministry of war at Constantinople, as follows: "The im-perial army, while marching to Phar-valos, met the enemy in the villages of Soubathi, Souledji, Turcomanii and Lamia, After a severe engagement, insting 15 hours, we dislodged them from their positions and advanced to Pharsalos, which the imperial army has just victoriously occupied." A dispatch from Pharpalos thus de-

cribes the battle there which began Wednesday:

A Turkish corps first appeared on the summit of Mount Tekke Wednesday morning. From a formidably in-trenched position on the hillside it attacked the Fourth regiment of ev-zones about midday. The latter made a strong resistance, but were finally compelled to fall slowly back.

The Turks then cannonaded and de stroyed the village of Ordskonl, which is about two hours' march north of Pharsalos. The crown prince having ordered the entire army to draw up in line of battle, the Greeks advanced about 2 p. m. The Turks, numbering 20,900, immediately descended the stopes of Mount Tekke and planted patteries, which began to bombard the
