THE POSTAL CONGRESS.

A Scheme Being Urged For an International Postal Telegraph.
KOREA WILL JOIN THE UNION.

Minister From That Country Makes Formal Announcement—Now Doubtful Whether China Will Enter—The Orange Free State Has Not Reported.

Washington, May 11.—There were two significant features of yesterday's developments of the universal postal congress. The first was the positive announcement from the Korean minister that his country would join the union, and the second a decision that was reached after a long discussion to reduce rates of international postal orders on a sliding scale basis after reaching a certain amount. This matter does not affect the United States. The action will not affect postal orders for less than 100 francs, or \$20, but will cheapen the cost of all issued for more than that sum.

A scheme is being urged, and may be authorized at this congress for report at the next, providing for international telegraphic service at the postoffices of some of the leading cities of the various countries. This already is in operation at some places abroad, and it is desired that it be extended to the Korean minister's announcement puts an end to doubt that has been expressed as to Korea's intention of entering the union.

Despite positive announcements from Peking some months ago, there is some doubt now as to China's joining the union, though its delegates are in attendance, but without a vote. Orange Free State, also, has not been heard from. The delegations from Bulgaria and Roumania made a proposition for the adoption of the franc basis for all postal orders, and many of the Latin countries supported this. France, Greece, Belgium, Italy and Spain were among them.

England and Germany and other countries opposed this at some length, and finally France announced that that country would not insist upon the proposition, as it recognized it might be inconvenient, though recognizing the compliment to its monetary system. It was the general sentiment that the present scheme, the basis of payment being in each case that of the standard of the issuing country, should be continued.

Thirty years is a long time to fight so painful a trouble as piles, but Jacob Mitchell, of Unionville, Pa., struggled the long before he tried DeWitt's Witch Hazel Salve, which quickly and permanently cured him. It is equally effective in eczema and all skin affections. C. H. Hagenbach.

Was Labeled in Promises.
New York, May 11.—The offices of W. C. Forster, who conducted the alleged "discretionary pool" concern, were closed for business yesterday, and their owner is nowhere to be found. Forster, who is described as a physician, has not been visible, so his clients claim, since Friday last, and some of them are much worried thereat. A circular which the concern is said to have sent out broadcast a few weeks ago gives an insight into their way of doing business. It declared, among other things, that "each dividend of more than 100 per cent had been paid clients during the past nine months."

A Household Necessity.
Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colic, cure headache, fever, habitual constipation and biliousness. Please try and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

Reform in Prison Regime.
Lansing, Kan., May 11.—The board of directors of the state penitentiary have announced to the convicts that the regulation striped uniforms will be discarded beginning July 1. The new garb of the convicts is to be of gray material, with black stripes along the seam of the trousers and around the coat sleeves. The old striped uniforms will be worn only in the coal mine and by offenders against prison discipline.

I had severe attacks of gravel and kidney trouble; and unable to get a medicine or doctor to cure me until I used Hop Bitters, and they cured me in a short time.—A Distinguished Lawyer of Wayne Co., N. Y.

COLORED AND GOLD.—A young girl deeply regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the rosiest and healthiest girl in the town, with a vivacity and cheerfulness of mind gratifying other friends.

Coming Events.
May 30.—Ice cream and strawberry festival in Robbins' opera house, under the auspices of the societies of Trinity Reformed church.
May 18.—Entertainment by the Sunday school of the Welsh Congregational church, of South West street.

June 8.—Grand concert by the P. M. church choir in Robbins' opera house.
June 12.—Ice cream festival under the auspices of the Famous Base Ball Club, in Robbins' opera house.

The Grandest Remedy.
Mr. R. B. Greave, merchant, of Chilhowie, Va., certifies that he had consumption, was given up to die, sought all medical treatment that money could procure, tried all cough remedies he could hear of, but got no relief; spent many nights sitting up in a chair, was induced to try Dr. King's New Discovery, and was cured by use of two bottles. For news and says Dr. King's New Discovery is the grandest remedy ever made, as it has done so much for him and also for others in his community. Dr. King's New Discovery is guaranteed for Coughs, Colds and Consumption. It doesn't fail. Trial bottles free at A. Wasley's drug store.

Urging Pardon For a Wealthy Broker.
Washington, May 11.—A petition has been circulated among senators asking for the pardon of E. H. Chapman, the recalcitrant witness in the sugar trust investigation. It has been signed by quite a number of senators. Senators Lodge and Allen, of the committee which made the investigation, have not signed the petition.

When a cold is contracted, cure it at once. One Minute Cough Cure will act upon the head to remedy it in a minute. It will cure post-nasal, bronchitis, croup and all forms of lung and throat troubles. C. H. Hagenbach.

FOOD STRENGTH.

IT COMES FROM THE RIGHT FOOD PROPERLY DIGESTED.
Food strength is natural strength. It is new strength; created strength. That is, it is not stimulation.

The real strength of your body is your constitutional strength, your reserve strength. It is the result of eating proper food and digesting it.

Eating food does no good at all; rather harm—unless it is digested. So that everything narrows itself down to one proposition: How is your digestion?

One person in three of us have indigestion in some form or another. It is not really a disease, but a condition, a condition which may become serious.

We all wish to be strong, and we might all become so if we digested our food. The loss of your strength is a serious matter. It may be the beginning of a dangerous disease. It may mean that you cannot go on with your work.

Shaker Digestive Cordial is an aid to digestion. It is a strength maker. It makes your food nourish you. It makes you strong. It relieves at once all the symptoms of acute dyspepsia, tones up the system and creates flesh, energy and strength. Taken regularly it will permanently cure indigestion and make the weak, thin, irritable, nervous, dyspeptic, strong, fat, hearty and well again. A 10 cent bottle will show you what it will do.

Sold by druggists at 10, 25, 50 cents and \$1.00 a bottle.

IMPORTANT TO SUFFERERS.

HOW YOU MAY OBTAIN A LASTING CURE FOR PILES.
No Surgical Operation, No Pain, Trifling Expense—A Simple, Harmless Remedy, but it Does the Work.

There are some people who have piles as frequently and regularly as other people have colds.

Any little bowel trouble will bring them, say, an extra exertion, as in lifting, will produce them, and in fact will often appear without any apparent provocation. Piles, however, are much more serious than a cold, as the tendency is always to grow worse until the trouble becomes deep seated and chronic, or develops into some fatal rectal disease.

While there are many pile remedies which give relief, yet there is but one which not only gives instant relief but at the same time makes a permanent cure, and that is the well known Pyramid Pile Cure.

This remedy is composed of simple, harmless, vegetable ingredients, but combined so effectively and so promptly and thoroughly that it cures every form of piles whether itching, blind, bleeding or protruding.

In long standing cases the Pyramid Pile Cure has proven to be the only certain cure except a surgical operation, and its advantages over an operation are many, as it is painless, causes no delay, or interference with daily occupation and last but not least, it is cheaper than any surgical operation could possibly be, costing but a dollar a package at any drug store.

The cases that the Pyramid Pile Cure will not reach are so few that physicians are doing away with operations for piles and depending on this cheap but effective remedy to accomplish a complete cure, and it never disappoints except in cases beyond the reach of medical skill.

The Pyramid Pile Cure is prepared by the Pyramid Drug Co., of Albion, Mich., and for sale by druggists everywhere at 50 cents per package. Each package contains a treatise on cause and cure of piles, together with testimonials from every section of this country.

Another Commission About to Visit the Pribiloff Islands.
BRITISH COMMISSIONER'S REPORT.

It Does Not Admit That the Seal Herds Are in Danger of Annihilation, but Declares That the Situation Demands Prudent Management.

Washington, May 11.—Mr. C. S. Hambleton, former assistant secretary of the treasury, and now employed by the government as assistant counsel in the pending negotiations with Great Britain relative to the seal fisheries, has returned from California, where he went to confer with President Jordan of the Leland Stanford University. President Jordan spent a part of last season on the seal islands, as commissioner in charge of the seal investigations, and Mr. Hambleton's mission was to secure, if possible, the acceptance by President Jordan of a similar commission for the coming season.

Mr. Jordan has agreed to undertake the work, and in company with Professors Stejneger and Lucas, of the United States national museum, Mr. Joseph Murray of Colorado and Mr. Morton of Indiana, special agents of the treasury department, will sail for the Pribiloff Islands about June 1. The instructions to the commissioners are now in preparation, and will be completed in a few days. It is said that they will not differ in any important particular from those furnished the commission one year ago. The practice of branding the female pups, begun last year, will be continued.

The report of the British commission, which projected its investigation on the islands in conjunction with the United States commission, has reached the department of state, and although our officials decline to discuss it, there is no doubt they were somewhat surprised at the conclusions reached. It had been confidently assumed that the commission could not avoid the frank statement that under existing conditions the seal herds were in imminent danger of annihilation, but it does not do so. The report, however, is not entirely disappointing, as Mr. Thompson admits that the situation demands prudent management to prevent a depletion of the herds.

Mr. Thompson, in concluding his report to the British commission, says: "The alarming statements to which utterance has been given in recent years, the accounts of the herds' immense decrease and the prophecies of their approaching extinction are overdrawn and untenable. It is my duty to state that there is still abundant need for care and for prudent measures of conservation in the interests of all. A birthrate which we estimate at 145,000 per annum is not great in comparison with the drain upon the stock from one cause or another a loss of over 20,000 in experienced among the pups ere they emigrate to sea, and though the dangers they encounter are unknown to us we may take it for certain that the risks they run are great and the loss they endure considerable."

"When to the measured loss in infancy and to the unmeasured loss in youth and age we add the toll taken in the sea. It is not difficult to believe that the margin of safety is a narrow one, if it be not already in some measure overstepped. We hope for a perpetuation of the present numbers; we cannot count upon an increase. And it is my earnest hope that a recognition of mutual interests and a regard for the common advantage may suggest measures of prudence which shall keep the pursuit and slaughter of the animal within due and definite bounds."

Wanted Up Alive as "Martyrs."
London, May 11.—According to a dispatch to The Daily News from St. Petersburg a terrible crime, the result of superstition, has been committed at Tiraspol, in the government of Khorson, where a number of hermitsages inhabited by sectarians. Recently 17 of the hermits disappeared, and it was believed that they had emigrated in fear of the impending day of judgment. But a hermit named Kovalev has confessed that he watched them up alive in response to their earnest entreaties that they might receive the martyr's crown. The police examined the spot and verified the confession.

Something to Know.
It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at A. Wasley's drug store.

SHATTERED.

The Precarious Condition of Prof. A. H. Nye.

A Prominent Iowa Educator's Painful Experience as Related by Him to a Newspaper Man.

From the Gazette, Cedar Falls, Iowa.

The la grippe, that dread disease that had such a run throughout this country three and four years since, left many who were previously in robust health with distorted constitutions and seemingly incurable evils.

Prof. A. H. Nye lives at No. 250 Olive Street, Cedar Falls, Iowa, was among the number left by the disease in a precarious condition, his nervous system shattered, and with a general debility of his entire system; no strength, feet and limbs badly swollen, in fact, he was almost helpless. Prof. Nye is a native of New York State, having come west in 1855—a healthy, robust man. He is a school teacher by profession, having served as county superintendent of schools of this (Cedar Falls) county, several terms, and for the past few years has been engaged in the study of the best medical skill procurable, and spent most of his ready money in the vain endeavor to recover his health, and had almost given up completely discouraged. He had stopped taking treatment, being fully convinced in his own mind that there was no help for him, and that he would have to spend the balance of his days as an invalid, a burden to family and friends. Some one who had heard of Dr. Williams' Pink Pills spoke to him about them and urged his trying them a trial. His poor stomach with eminent physicians made him skeptical, and he had no faith in what was called proprietary medicine, and would not listen to the advice for some days. The friend being persistent, however, and having faith in the Pink Pills, would not let up, until he had finally prevailed upon the sufferer to send for a box, which he reluctantly did, and after receiving them decided to give them a fair trial. The first box relieved him in a surprising manner; yet he was not convinced that it was the medicine that helped him, but the weather which had turned pleasant, and did not send for a further supply until he was again about as bad as before taking the pills. Then he concluded he would make another trial, and took three boxes, and today is nearly if not quite as well as before the attack of the grippe. It is needless to state he cannot say too much for Dr. Williams' Pink Pills for Pale People, for people who have been left in poor health from the grippe or any other cause. Any one wishing to try the benefits of this letter can write Mr. Nye, No. 250 Olive Street, Cedar Falls, Iowa, and he will cheerfully recommend the medicine, and state his condition before and after using it.

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are sold in boxes (each in loose form, by the dozen or hundred) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or directly by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.
