Knights of the Golden Eagle.

Harrisburg, May 12.—The state capital is crowded with Knights of the Golden Eagle from every section of Pennsylvania. Their mission is to attend the annual state convention of the order, which will be in session for three days. Public exercises were held yesterday morning and evening at the Opera House, in the presence of large gatherings. The feature of the day was a street parade in the afternoon, in which 2,000 knights and about 50 ladies, members of the women's auxiliary of the order, took part. The procession was reviewed by members of the legislature from Grace church, and by Governor Hastings and other state officials and ladies from the executive mansion. The day's exercises closed last night with a banquet and ball.

MAHANOY CITY.

Co. E, 8th Regt., N. G. P., is completing arrangements to leave for Philadelphia to participate in the parade attending the unveiling of the Washington monument. The company will leave here by special P. & R. train at 8:07 Friday morning. Companies F, of Girardville; B, of Tamaqua; K, of St. Clair, and H, of Pottsville, with the Third Brigade band, will go on the same train. The companies will leave Philadelphia at 6 p. m. on Sunday.

George Thomas, a miner employed at the Primrose colliery, had his left hand painfully injured yesterday by a falling piece of coal.

The funeral of Anthony Koniskowski, whose body was found in a well at New Boston yesterday, took place this morning. There are no new developments in the case. Foul play is suspected. The inquest has not been held. Dr. Moran has held a post-mortem, but refuses to make any statement yet.

Presiding Elder McDowell, of Philadelphia, attended the first quarterly conference in the Methodist Episcopal church in town last evening.

IN SENATE AND HOUSE.

The Cuban Question Occupies the Attention of Senators.

Washington, May 12.—The Cuban question occupied the entire attention of the senate yesterday, the debate taking a wide range and at times becoming spirited when comparisons were made between the attitude of the former administration and the present one on the subject of Cuba. Senators Merrill of Vermont and Caffery of Louisiana spoke in opposition to the resolution. Senators Lodge of Massachusetts and Foraker of Ohio advocated deferring the question until further information could be secured from the state department, and Senators Mills o Texas and Allen of Nebraska urged the immediate passage of the resolutions. The debate went over until to-day. During the day Senator Kyle, the South Dakota Populist, disclaimed having sought committee places from Republican senators.

The consideration of the senate amendments to the sundry civil appropriation bill was finished by the house yesterday and the bill sent to a conference. President Cleveland's forest reservation order was the subject of much debate, and the house voted not to concur in the senate amendment to annul the order, with the understanding that the conferrees should arrange an amendment which would have the same effect. The appropriation of $50,000 to improve Pearl harbor, in the Hawaii Islands, was rejected by a vote of 85 to 53. The house decided to concur in the amendment which gives the president power to appoint the 12 mineral land commissioners, thus taking them out of the classified service, and the provisions for four new commissioners and four deputy marshals for Alaska, and for continuing the investigation of the seal fisheries.

Bicycles as Personal Baggage.

New York, May 12.—The passenger committee of the Trunk Line association, at its meeting yesterday, decided to accept bicycles as personal baggage between states, except between Canada and the United States. Between these points the wheels will have to be checked and paid for as regular baggage.

SOCIALISTS ORGANIZE.

A Local Section Formed and to Apply for a Charter.

In pursuance of an announcement made at the open air meeting last Sunday, a meeting was held in the Ryskawicz building, corner Main and Oak streets, last night, to form a local branch of the Socialist Labor Party. There were about 200 men in attendance, but few of them being of the English speaking. R. P. Rosenman, editor of the Darbininkas, the Lithuanian labor paper of town, presided at the meeting. J. Wilson Becker, of New York, who is a member of the American Railway Union, and who addressed the meeting on Sunday, was present and made an address. When arrangements were perfected to proceed Mr. Becker announced that the meeting would disperse, with the exception of the ten people who had enrolled themselves. The latter then went into session, elected officers and made arrangements to apply for a charter.

The Socialist Labor Party is organized in local organizations known as "Sections." Any ten persons in any city or town of the United States may form a section, providing they acknowledge the platform and constitution of the party and do not belong to any other political party.

KOCH-WILHELM CASE.

It Began Monday Afternoon and Closed This Afternoon.

POTTSVILLE, May 12.—The Koch-Wilhelm libel suit, which began Monday afternoon, was continued all day yesterday and this morning. Most of the time was taken up with arguments by counsel and discussions over many points, both of an important and trivial nature. There was a large attendance of members of the bar present during the whole day and they seemed to take much interest in the discussion between counsel.

The prosecution called two of the directors of the electric railway to show that they had received a copy of the letter sent to the prosecutor, Mr. Koch, and which is claimed to be libelous. These letters were offered in evidence.

In opening for the defense ex-Judge Ryon argued that the letter in question, instead of being libelous, was a privileged communication, as Mr. Koch being president of a corporation was a public character. He also dwelt upon the labor that entailed in securing certain rights of way for the company which Mr. Wilhelm performed.

Mr. Wilhelm occupied the stand nearly all day, but was asked comparatively few questions, as the attorneys disputed almost every question and consumed the time in addressing court and quoting authorities. Mr. Wilhelm was not excused from the witness box until late in the afternoon. Congressman Brumm and C. D. Ariers, of Cressona, were called by the counsel for the defense, but neither gave any testimony for the jury.

A telephone message to the HERALD this afternoon, at 4 o'clock, stated that the case was still on and had not been yet given to the jury.

PERSONAL.—The gentleman who annoyed the congregation last Sunday by continually coughing will find instant relief by using One Minute Cough Cure, a speedy and harmless remedy for throat and lung troubles.

Has the Plans.

J. J. Franey this morning received the blue prints of the ground work for the proposed new electric light plant and exhibited them at his South Main street store this morning. There are two sets of plants, one made to suit the Westinghouse system and the other for the General Electric Company's system. According to the prints it is proposed to have sufficient power for arc and incandescent lights for streets, stores and dwellings and independent power for day service. Mr. Franey says it is intended to supply hotels and other places with power for fans and also to have an artificial ice plant in conjunction with the light plant. Ex-Water Superintendent Betteridge has charge of a force of men who are making a road along the east side of the Lehigh Valley railroad for the carting of the dirt and rock that will accumulate in making excavation on the west side for the proposed power station. This excavation will be extensive, as the embankment will be cut down to the level of the railroad and back to the Plum alley line. This work alone will consume at least three weeks. Mr. Betteridge has secured permission from the street committee to erect a fence on the east side of Plum alley as a guard against accident when the excavation is made.
