"As I wish to see the United States declare and maintain the independence of the Island, as France did that of the American colonies and made the Uni-ted States a nation, of course I shall, as a practical friend, vote for every minor method tending to the same benoficient end. I hope and believe that congress and the president will soon formally recognize a state of war and Cuban belligerency. This step, followed as it will be by all the other inde-pendent nations of the western hemis phere, cannot fail to insure the Cuban independence which is sought for.

"Moreover, without delay, we ought to send a fact to enter the harbors and an army to land upon the soil of Cuba first to protect the lives and property of American citizons, and secondly to step the atroclous and un-civilized methods of warfare adopted

by the Spanish generals.

He may prospirits to be undue caution, but he will not fail to be faithful to his pledges and he will be fore long register the decree which went forth in his tri-umphant election."

Mr. Karl Decker, of Washington, who, as correspondent of the New York Journal, spent some time in Cuba, much of it with a branch of the Cuban army in Santa Clara province, gave a description of the condition of affairs existing, and of the plight of many people suffering for the necessities of life.
