EVERYBORY should be thankful that the returns received by the Immigration Bureau during the last several months show a marked falling off in the number of humigrant arrivals in this country. The number of arrivabeduring the nine months, ended March 31, 1807, was 142 941, as compared with 200,830 for the sume period in the fiscal year 1898. This is at de-11,500, and during the first eleven days in the present mouth the falling off at New York was 10,500.
