

THIN PEOPLE.
How the Weight May be Increased in a Healthful Natural Manner.

All people who are thin are not necessarily so from disease. It is natural for some to be thin, and no amount of treatment would add an ounce to their weight, but the great majority of people are thin because their digestion is not perfect, their stomachs do not thoroughly digest food-forming foods, they may not have chronic dyspepsia, but their digestion is not vigorous enough to assimilate the food necessary for robust health and to keep up their weight.

For all such, the new discovery for dyspepsia and indigestion comes as a most welcome addition to the list of medicinal remedies. The new discovery referred to is Stuart's Dyspepsia Tablets, which is not only a pleasant and certain cure for indigestion, but passes the peculiar power of digesting food-forming foods, like meat, eggs and similar ordinary foods, so that the increase in weight is a perfectly natural process.

Stuart's Dyspepsia Tablets are sold by all druggists at 50c. per package and a trial will convince anyone of their merits.

ARMISTICE DECLARED
Between Turkey and Greece Pending Peace Negotiations.

TO LAST FOR SEVENTEEN DAYS.

Meantime a Mixed Commission of Officers of Superior Rank Will Establish a Neutral Zone Between the Two Armies.

Athens, May 21.—An armistice between the Turkish and Greek troops in Thessaly, to extend over a period of 17 days, was formally concluded yesterday.

The armistice agreement stipulates that a mixed commission of officers of superior rank shall establish a neutral zone between the two armies, and that no advance on either flank shall be permitted. It is understood that Turkey wants the commission to be constituted of the foreign military attaches with the two armies.

Crown Prince Constantine, it is said, sent a personal appeal to the czar not to allow the Greek army to be crushed by a force four times greater than itself, and as a consequence the czar insisted on the armistice.

The numerous suggestions as to the conditions of peace now coming in from all quarters may be dismissed, for the matter is not yet settled. It is probable that a majority are prompted from Constantinople, with the idea of sounding the powers. In all likelihood the negotiations will be protracted.

The armistice which the sultan consented to an armistice at the behest of Emperor Nicholas shows his own desire to stop military operations, especially as compliance with the request places a great power under obligation to Turkey in the negotiations.

A newspaper correspondent says he learns on authority that the object of the povers has agreed upon the chief conditions of peace, namely, indemnity to the amount of \$5,000,000, guaranteed by a control of the Greek customs, and the rectification of the frontier, details as to which have not yet been settled.

The armistice has caused widespread discontent among the Turkish troops in Thessaly and Epirus, and the military commission has ordered the most prominent ringleaders to be sent home under escort. The Greeks, who are with the army have been instructed to preach special sermons exhorting the soldiers to be loyal and obedient. An imperial order prohibits the sale of drawings, photographs or poetry dealing with the war or with the exploits of the commanders. The object of the prohibition being to prevent any individual general becoming a popular hero.

ITCHING SKIN DISEASES

When it was said to the woman: "In sorrow shalt thou bring forth children," that prophetic curse was pronounced, but the thrill of joy felt by every Mother when she clasps to her heart her babe proves the contrary. True, dangers lurk in the pathway of the Expectant Mother and should be avoided.

"Mother's Friend"
So prepares the system for the change taking place that the first hour is robbed of all danger and pain. Its use insures safety to the life of both Mother and child, and makes childbirth easy and recovery more rapid.

Cuticura
It will cleanse the whole system, cure itching, burning, and scaly skin and all diseases with loss of hair. Warm baths with Cuticura, daily, gentle application of Cuticura (ointment), and full doses of Cuticura Resolvent, the greatest of blood purifiers and humor cures.

Whole Block Destroyed in the Populous New Jersey City.

THE LOSS AMOUNTS TO \$750,000.

The Fire Spread so Rapidly That the Hoboken Firemen Were Unable to Combat It, and Help Was Sent From Neighboring Cities.

Hoboken, N. J., May 21.—Twice last night fire visited Hoboken, and the loss is heavy. One whole block was rendered homeless and a big factory was destroyed. The Hoboken fire department was called to the scene with their ladders, and help was summoned from every portion of Hudson county. Later in the night, when the big dry-docks at Seventeenth street caught fire, the only hope of saving them was from tugs called to the scene by the flames.

The first fire broke out at 8:30 in the big factory building in the block bounded by Thirteenth and Twelfth streets and Washington and Hudson streets. From the factory the flames leaped to the apartment houses on the block, and the were swept away.

The factory in which the fire was first discovered was 400 feet long by 50 feet deep. It extended the full length of the block. On the other three sides of the block were apartment houses. The factory was a six-story building. The apartment houses were five stories, double, with brown stone fronts and brick side walls. The factory was occupied by Strauss & Co. (R. H. Macy & Co.), cut glass and similar lines; Galtner & Palmer, toilet articles and mirrors, and Henton & Heath, wall paper manufacturers. There were 14 of the double flats. Each one of the flat buildings were valued at \$15,000. The factory building, with its contents, is estimated to have been worth over a quarter of a million.

The fire was at first discovered in the airshaft of the factory building. No cause for the fire is known, but it is supposed that somebody dropped a lighted cigar or cigarette in the toilet room and this smoldered in the woodwork until it broke into a blaze.

So rapid was the spread of the flames that when the first fire apparatus arrived the flames had been drawn up through the airshaft and had broken into the factory at every floor, and were rapidly traveling toward both ends. Another alarm brought every piece of fire apparatus in Hoboken. A very few minutes made it plain that the fire must travel to the apartment houses. Then a call for help was sent to the other places in Hudson county.

The entire department of Union Hill, West Hoboken and Weehawken responded to the call for help, as well as three engines from Jersey City. Despite this big aggregation of fire engines the flames spread with terrific force. The occupants of the apartment houses saved but little of their household effects. A policeman carried out two children from one of the houses after they had been forgotten in the flight of the other occupants. A dying woman was rescued from one of the buildings after the flames had reached the clothing, but she was not harmed.

The state of the flames lit up a scene of great excitement. The people for blocks around were almost panic-stricken and the police had great difficulty in keeping the frenzied tenants from rushing back into the flames for valuables left behind.

The factory building was separated from the flats by an alleyway less than 30 feet wide in places, and it was across this alley that the fire leaped to attack the houses. The flames first on the same tried to fight the flames there, but the heat and smoke soon drove them out. Then all their efforts were directed toward saving the adjoining blocks.

Health is Wealth.
