The Chicago Newspaper Union says: "To reach a man effectively through a newspaper one can best do so through the paper he reads most thoroughly and trusts most fully."

The San Francisco Call says that the taxation of churches, colleges and all benevolent institutions for the last twenty years in California has resulted in repressing charity, in turning many gifts to institutions outside of the state, in placing heavy burdens on private educational enterprises and crippling many others.

Is his communication to the Borough Council, speaking of the responsibility for the state of affairs resulting from the Flynn wall, Mr. Schalek, counsel for the borough, truthfully says: "There is not the least doubt about the most absolute power and authority of the Board of Health, through its Health Officer, to enter Flynn's premises at any time to tear down that wall, and to abate that nuisance, just as I wanted them to do last fall already. Their flat refusal to stir themselves in the matter, and their openly siding with Flynn, is the real cause of all this trouble. It should promptly abate the nuisance, as it is a constant menace to the health of your people, and then let the relative rights and duties of Flynn and of the borough be adjusted by court in an appropriate action at law."

Mr. Schalek to hold an opinion counter to that of Secretary Curtin. The latter has given the subject much thought, and his knowledge of questions bearing upon the sanitary laws of the state is only equalled by the highest legal authorities. Besides, upon this particular case (the Flynn wall) Mr. Curtin has already rendered a verdict (in his own mind) and it may be presumption on the part of Mr. Schalek to hold an opinion counter to that of Secretary Curtin. The latter has given the subject much thought, and his knowledge of questions bearing upon the sanitary laws of the state is only equalled by the highest legal authorities.

Robbed and Handed to Death. Pittsburgh, May 22.—E. S. Fleisher, a well known real estate man, was robbed and murdered while on his way home shortly after midnight. The deed was committed on the Lincoln avenue bridge, in the east end. After relieving Fleisher of his money and valuables his assailant threw him over the bridge into the river, 90 feet below.

Grard's Status. The ceremonies attending the unveiling of the handsome bronze statue of Stephen Girard, in Philadelphia on Thursday, were of much interest, not alone to the people of the City of Brotherly Love, but to the residents of Schuylkill county as well. Hundreds of orphan children, sons of the coal diggers, have profited by Girard's generosity, and to his philanthropy is due much of the success attained by hundreds of our now leading citizens.

We fully agree with the Philadelphia Star when it says there have been so-called greater men in their day than Stephen Girard—greater statesmen, greater soldiers, greater scholars, greater philosophers, but we fail to recall any man who as unpretendingly was the author of more genuine good. Girard no doubt was unconscious of the amount of benefit he was about to confer upon the orphan boys of Pennsylvania when he devised his large property to the city of Philadelphia with general instructions as to the disposition to be made of it.

Happily the duty of making this munificent gift practically useful was entrusted to men who performed that duty in a manner that has entitled them to unstinted commendation. Girard College, with its two thousand wards, well cared for in body and in mind, is a monument than which no prouder could be desired by any man, while at the same time it is an institution without an equal of its kind in the world.

As a philanthropist in his own special line, Stephen Girard stands without a peer. There is but one Girard College, and in all probability there will never be more than one. Richly endowed, admirably managed and having always material to keep its capabilities in full operation, it is destined to outlive many generations of men. Who shall say for how many

years Girard's beneficence will continue to pour out the priceless boon of a good education and the comforts of a home to thousands of orphan boys, and thus fit them for usefulness throughout their whole lives?

The memory of the friend who thus thoughtfully made provision for their future should be cherished by them with profound reverence. When they congregated, pupils and graduates, to do honor to his memory at the unveiling of his statue on Thursday, every boy and every man of them no doubt thanked God for having sent them so true and tried a friend.

How to Treat a Wife. (From Pacific Health Journal.) First, get a wife; second, be patient. You may have great trials and perplexities in your business, but do not therefore, carry to your home a cloudy or contracted brow. Your wife may have trials, which, though of less magnitude, may be hard for her to bear. A kind word, a tender look, will do wonders in chasing from her brow all clouds of gloom.—To this we would add always keep a bottle of Chamberlain's Cough Remedy in the house. It is the best and is sure to be needed sooner or later. Your wife will thank you that you really care for her and wish to protect her health. For sale by Graham Bros., druggists.

Colleges and Cold.—A young girl, colored, regretted that she was so colorless and cold. Her face was too white, and her hands and feet felt as though the blood did not circulate. After one bottle of Hop Bitters had been taken she was the rosiest and healthiest girl in the town, with a vivacity and cheerfulness of mind gratifying other friends.

Unhealthy urine from unhealthy kidneys is the chief cause of bladder troubles. So the womb like the bladder, was created for one purpose, and if not destroyed too much is not liable to weakness or disease, except in rare cases. It is situated back of and very close to the bladder, therefore any pain, disease or inconvenience manifested in the kidneys, back, bladder or urinary passage is often by mistake attributed to female weakness or womb trouble of some sort. The error is easily made and may be easily avoided. To find out correctly, set your urine aside for twenty-four hours; a sediment settling indicates kidney or bladder trouble. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy is soon realized. If you need a medicine you should have the best. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention EVENING HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

ANOTHER DISHONEST BANKER.

Arrested on a Charge of Misappropriation of \$301,000. Logansport, Ind., May 22.—Sensational developments in the State National bank failure are coming to light every hour. Yesterday afternoon Bank Examiner Caldwell swore out an affidavit charging John P. Johnson, president of the State National bank, with embezzlement, misappropriation of funds and with intention to deceive and defraud the bank and the bank examiner. Forgery also charged to President Johnson, and the examiner thinks that the amount will run up to \$301,000. He is alleged to have embezzled \$100,000 of the bank funds, \$61,500 of which was concealed in the certificate of deposit, and \$40,000 in the individual ledger. Every avenue of escape has, it is said, been cut off by the marshal.

The lion-headed needs steady nerves. If he misuses his eyes, his life is surely lost. The lion-headed is not the only man who needs steady nerves. The business man now days needs them. He must have them if he would bear the strain of business competition and be successful. A man with shaky nerves stands a mighty poor show in the business world of today, where he must hit the bull's-eye of fierce competition many times in a day. Steady nerves are dependent upon pure blood, and to have pure blood one must have a perfect digestion.

Philadelphia, N. J., May 22.—Frank Hager, a notorious burglar, who is at Belvidere jail awaiting the sheriff's convenience to take him to the Trenton penitentiary, was yesterday discovered in a plot to murder Sheriff Mackey and then break jail. Hager is one of most desperate criminals in the state, and when his plans were discovered he was furious. A bar of iron two feet long was found concealed in his bed, and he admitted that it was with this he had expected to brain the sheriff. The fellow was handcuffed and taken before Judge Morrow, who increased his sentence to ten years and ordered his immediate removal to Trenton.

Dr. Myles' Nervine Victorious. Physical and Mental Exhaustion Cures Way to Vigorous Activity. R. W. T. HOUCK, the talented pastor of Grace U. B. church, Carlisle, Pa., writes September 28, 1905: "I always enjoyed good health until 1902, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so exhausted me that it would require a day or more for me to recover from the exhaustion. It afforded me great pleasure to say that Dr. Myles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous as Monday morning at 11 o'clock. My life, thanks to your remedies, Dr. Myles' Remedies are sold by first druggists under a positive guarantee, first dollar benefit or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MYLES MEDICAL CO., Elkhart, Ind.

Dr. Myles' Nervine Victorious. Physical and Mental Exhaustion Cures Way to Vigorous Activity. R. W. T. HOUCK, the talented pastor of Grace U. B. church, Carlisle, Pa., writes September 28, 1905: "I always enjoyed good health until 1902, at which time my duties as a clergyman were of a peculiarly trying nature, subjecting me to several severe nervous shocks which together with overwork and anxiety, impaired my general health and nervous system. Indeed I was in such a condition that the mere sight of a large congregation so exhausted me that it would require a day or more for me to recover from the exhaustion. It afforded me great pleasure to say that Dr. Myles' Restorative Nervine and Restorative Tonic have done me untold good. I preached three times yesterday and I feel as fresh and vigorous as Monday morning at 11 o'clock. My life, thanks to your remedies, Dr. Myles' Remedies are sold by first druggists under a positive guarantee, first dollar benefit or money refunded. Philadelphia, N. J., May 22.—Frank Hager, a notorious burglar, who is at Belvidere jail awaiting the sheriff's convenience to take him to the Trenton penitentiary, was yesterday discovered in a plot to murder Sheriff Mackey and then break jail. Hager is one of most desperate criminals in the state, and when his plans were discovered he was furious. A bar of iron two feet long was found concealed in his bed, and he admitted that it was with this he had expected to brain the sheriff. The fellow was handcuffed and taken before Judge Morrow, who increased his sentence to ten years and ordered his immediate removal to Trenton.
