Greece's Foreign Volunteers to be Quickly Exported.

THEY TERRORIZE THE VILLAGERS

Indulging in Riotous Excesses, They Provoke an Attack by Greeks-Will Not Be Allowed to Remain in Athens-Armistice May Be Extended

London, May 24 .- The Athens correspondent of The Times says: Owing to the disquietude caused by the presence in the city of large bodies of volunteers the government has hastilg recalled the force of gendarmes sent to Arta and will take measures to de-port these dangerous allies to their various countries at the earliest possible date.

Most of the volunteers making up

the government has done wisely in refusing to allow them to come here, although they insisted on the privilege. The government sent them from Arta to Zaverda, and there disarmed them, with orders to leave for Italy in Greek vessels. Thereupon they began to indulge in all sorts of excesses, and got into conflict with the inhabitants, with the result that one Italian was killed and six were seriously wounded. Pinaily, after a great deal of trouble, they $D^{\rm R}$, w. H. YINGST, were sent to Brindlei under the escort

The correspondent of The Daily Telegraph in Epirus gives a terrible pic-ture of the excesses of the Italians Hanquarras - Hotel Pracey, Sher

They stole brandy and drank it like water. Armed only with revolvers and bayonets, by the time they reached C. S. PHILLIPS, M. D. Zaverda they were quarreling flercely among themselves. The villagers, thoroughly alarmed, gathered in readiness oughly alarmed, gathered in readiness to fight the Italians, and the situation became serious. A Greek tried to pacify a Garibaldian, who was about to dash his brains out with a stone, whereupon an Italian officer fired and wounded the Garibaldian.

"Instantly the cry was raised, "A Greek has been killed," and the villagers began to fire their rifles. The molee became general, but the Italians finally displayed a flag of truce, and the embarkation was effected, though with great difficulty. Several Italian officers told me they did not expect to reach land alive, as their rufflanly E. W. SHOEMAKER.

The Berthet column (Italian) insisted on returning to Athens, several of the volunteers refusing to return to Italy on the ground that they are liable to arrest as deserters. The government has decided that the column must return to Italian territory, and will undertake to board and lodge only

those liable to arrest.

The forces of the Ethnike Hetalria have distinguished themselves more have distinguished thomserves more since than during the war, and the bands of irregulars and deserters are pillaging and devastating the Phthiotis district, where the condition of the villages is almost lamentable.

The Athens correspondent of The Standard says: The government and people are now only anxious for the disarming of the irregulars, and they confidently rely upon General Smolenski to do this as soon as the condition of peace have been agreed upon. The Greek army is paralyzed, and news comes from Salonica of the dispatch of large Turkish reinforcements to

General Smolenski has sent telegrams to the Athenian newspapers denying that he ordered a retreat except in pursuance of the commands of Crown Prince Constantin, and adding: earnestly beg you not to publish in-necurate statements calculated to cre-ate dissensions in the army." He also denies that any guns fell into the hands of the enemy during the re-treats from Reveni and Velistino.

It is reported in Athens semi-official-ly that Edhem Pasha, commander of the Turkish army in Thessaly, has in-formed the Greek officers who, in conjunction with Turkish officers, are arranging the neutral zone, that he is empowered to negotiate the terms of peace with Greece direct. It is understood that the armistics will be pro-longed if at its expiration the peace

negotiations should not be finished, A dispatch from Canea announce A dispetch from Canea announces that Colonel Staikes, with the last detection of the Greek expeditionary force, embarked for Greece yesterday morning.

Before the Public -- A Scranton Store

Scranton is greatly interested in the home testimony that is being brought forward in favor of the "little conqueror." Our representative investigated another case in that of Mr. Daniel Mohr, who has a little store at 238 Summer avenue, Hyde Park. Mr. Mohr is a the presentation of the property of the is a fine, muscular, well-built man, who looks as though no furden that any ordinary back is called upon to bear would prove too great for his and still a few mouths ago he could not lift a bushel of petatoes for a customer. Being by trade a quarryman, which taxes the numeles of the hosty, he overtaxed them once and strained the kidneys, are catching a cold at the time, it writed there, eaving kidney disorder, and with this he has been troubled more or less for the past 12 years. Colds he says, always went right to the back, and according to the varying of the weather and his work he would have altorouse sharp and dull pains in the back. Lifting heavy things or stooping positions caused pain in the back which was also always stiff in the morning. I have used all kinds of things said he, but nothing ever helped me like Doan's Kidney Pills. They have completely banished all my pains. They deserve the highest praise and are sure to be a winner when people find out what a great medicine they are, and it will not be long before they find it out. Both my wife and myself feet thankful for the good Desn's Kindey Pills have done me, and we both heartily recommend them to any one suffering with kidney diseases. This is but the investigation of one case in Scranton. There are many more that we have investigated, some of which have already been published and more will follow. Donn's Kidney Pills are accomplishing wonderful results right here at home where It is very easy to prove such statements as above. The Pills are for sale by all dealers. Foster-Milliura Co., Buffido, N. Y., are sole agents for the United States and will mail same on receipt of price, which is within reach of all, only 50 cents per hox.
