

HAD TEN YEARS OF IT

And Then The Right Thing in the Right Place Alters the Condition of a Bloomers Lady.

Mrs. E. A. Hess of 7th street in Bloomers, for ten years she has suffered from kidney disorders. Many times has Mrs. Hess tried, looking for relief and cure. At last her efforts were rewarded. The little capsules to kidney disease have conquered the distressing backache, the stomach disorders, the headaches, in fact all the aches that follow when the kidneys fail to perform the work designed for them by nature. This is what she says: "The symptoms described for kidney complaint were mine to a dot. I had pain sharp and piercing way down low in the back; I suffered from headaches that were terrible in severity; I had some stomach disorder; the urine was highly colored and came to frequently; I was much worse after doing any kind of heavy work that required the use of my back, such as cleaning house, etc., but this year I cleaned house alone and never felt the least bit of inconvenience; thanks to Dana's Kidney Pills. Colds affected me and I grew nervous and weak; I have been so bad I would try anything to relieve the pain. I began taking Dana's Kidney Pills, and only used them two or three days when I began to notice they were doing me good; an alright now; I am glad to say I feel perfectly well; I earnestly recommend Dana's Kidney Pills to all sufferers with a pain in the small of the back. What more can you ask this testimony like this? Plain, truthful evidence is what the proprietors of Dana's Kidney Pills are placing before the public and no medicine or modern truth can produce such testimony as that which is being published about the little kidney purifiers.

Dana's Kidney Pills are sold by all dealers. Price 50 cents per box, or 6 boxes for \$2.50. Sent by mail on receipt of price. Foster-Milburn Co., sole agents for the U. S., Buffalo, N. Y.

SEVENTEEN ARE MISSING

From the Fishing Schooner Johnson, of Provincetown, Mass.

THEIR FATE IS NOW IN DOUBT.

As They Put Off From the Schooner In Small Boats and Became Lost in the Fog, They Have Probably All Perished.

Provincetown, Mass., May 25.—Of the 17 men of this town who sailed on the schooner Joseph B. Johnson for the fishing grounds on the western bank, so called, which lies southward of Sable Island and about 100 miles off the Nova Scotia coast, last week only three came back on the schooner when she rounded the point yesterday with her flag at half mast. The other 14 men are still adrift in their dories off the western bank, have found watery graves or happily have been picked up by some passing steamer. The missing are Joseph Ennis, John Cato, Frank Joseph, Joe Fran, Joe Miles, Frank Veera, August Pyleon, Marned Souza, Jesse Cabral, George Silveira, August Larna, Frank Delgado, Joe Britano, Frank Aleyer, Joe Rose and Henry P. Silver.

All 16 put off from the schooner early Friday morning, but the fog that settled down over the ocean three hours later swallowed them up, and until after the fog cleared, it is believed no trace of the men could be lifted from the schooner. Sunday morning, there being no trace of the boats, course was set for Provincetown. During this time the three men on the schooner were nearly exhausted. A number of old fishermen here are of the opinion that the men will be seen again, either being picked up or rowing to the mainland of Nova Scotia, almost 300 miles distant.

As to the probability of the men being picked up, it is acknowledged that steamers during this portion of the year take a more southerly course to avoid the ice, and the men when last seen were some distance north of the so-called steamer lane. Another fisherman here, however, rescues the missing men.

How many happy marriages...

How many happy marriages are contracted by the grim destroyer, death. How many women go rapidly to the altar, only to pass a few short months of agony and pain, and then go down to early graves. There is one cause of this ever-recurring tragedy. No woman should enter the marriage state without some knowledge of the physiology of the female organs of reproduction, and of the necessity of keeping them healthy and vigorous. Ignorance on these points digs graves for thousands of happy brides but a few months' journey from the altar. There is a sure and speedy remedy at hand. The most marvelous medicine ever discovered for women is Dr. Pierce's Favorite Prescription. It is the discovery of a most eminent and skilled physician, Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. It acts directly on the delicate organs that make weakness and melancholy possible. It makes them healthy and strong. It cures all weakness and disease. Taken during the expectant period, it induces a healthy and painless parturition, easy and almost painless. Women who wish to know all about the "Favorite Prescription" should write to Dr. Pierce.

Mrs. W. Robinson, Springfield, Cumberland Co., Nova Scotia, writes: "I feel that I cannot say enough about your 'Favorite Prescription.' It was bought for me in April, and I was so glad that my medicine was in my hands. Although the physician was in the house, I did not want to require his aid. I am going around doing my own work and better than I was a year ago. I was unable to do any work. I recommended the medicine to a lady friend of mine and she is taking it. She expects to become a mother next month."

Constipation if neglected will lead the most robust to the doctor's office. The blood gets loaded down with impurities which it deposits in every organ and tissue in the body. Scarcely a day passes without a result. Dr. Pierce's Pleasant Pellets cure constipation. They are prompt and pleasant in their action. They never grip. They cure permanently, and are not mere temporary palliatives. Druggists sell them. If you accept something said to be "just as good," you will regret it.

Blood Poison.

Contagious Blood Poison has been appropriately called the curse of mankind. It is the one disease that physicians cannot cure; their mercurial and potash remedies only bottle up the poison in the system, to surely break forth in a more violent form, resulting in a total wreck of the system.

Mr. Frank B. Martin, a prominent jeweler at 926 Pennsylvania Ave., Washington, D.C., says: "I was for a long time under treatment of two of the best physicians of this city, for a severe case of blood poison, but my condition grew worse all the while, notwithstanding the fact that they charged me three hundred dollars. My mouth was filled with eating sores; my tongue was almost eaten away, so that for three months I was unable to taste any solid food. My hair was coming out rapidly, and I was in a horrible fix. I had tried various treatments, and was nearly discouraged, when a friend recommended S.S.S. After I had taken four bottles, I began to get better, and when I had finished eighteen bottles, I was cured and well, my skin was without a blemish, and I have had no return of the disease. S.S.S. saved me from a life of misery. S.S.S. guaranteed purely vegetable, and does not contain any mercury or other poison. ASPECT LESS PEACEFUL.

Turkey Sending Seven Thousand More Troops to Thessaly.

THE DEMANDS OF THE POWERS.

The Collective Note insists that Thessaly shall not be added to the Sultan's Domains—Hints Against the Officers of the Debarred Greeks.

London, May 25.—A dispatch to The Daily News from Constantinople says that the identical note of the powers, which was presented to the Turkish government yesterday, embodying the terms of peace to which they will agree, declines to permit the abolition of Greek subjects or the annexation of Thessaly, but is much milder in tone than was at first understood.

The correspondent of The Times says the note expresses the views of the powers "in a deferentially suggestive form."

"The aspect of eastern affairs is certainly less peaceful. Turkey is sending 5,000 more troops to Thessaly, and it is said the sultan has promised his ministers not to relax his hold upon the province."

The note of the powers certainly does not yield on a single point, and states even that the peace conference must be held at Constantinople, and not at Athens, and the sincerity of both Germany and Russia is doubted, but any sign of dimention among the powers makes for obstinacy on the part of the sultan.

It is reported from Vienna that Emperor Nicholas has advised King George for his own safety, to appoint a military governor with exceptional powers and to concentrate 8,000 picked troops at Athens.

A Times Athens dispatch says: The torrent of recrimination, denunciation and bitter invectives which was checked by the fear of the immediate Turkish advance to Athens has broken out afresh, now that this danger has been removed by the armistice. The authors of the war policy, equally with those who are held responsible for the disasters, are being dragged before the bar of public opinion. So far as the official charges are concerned, it is believed that the government will appoint a commission of inquiry to punish the guilty. A thorough investigation into the ambulance and commissariat departments will probably entail scandalous disclosures.

The Ethnikai Hetairia is bitterly denounced, and the government is urged to seize its funds, to confiscate its stores and arms, and to compel it to render an account. The government is not likely to accede to this suggestion, because many persons prominent in political life are connected with the organization, and the Hetairia, conscious of its strength, has decided to remain silent and to preserve its mysterious and invisible character. Possibly smitten with compunction, however, the society has donated 80,000 francs for the relief of the Thessalian refugees. This is apparently the best justified item of all its expenditures.

The Embros publishes a sensation in a telegram from Lamia declaring that the British have taken the city of Thessalonica from a Russian man of war for the use of the Turks. The story is probably untrue, but it indicates the prevailing distrust of Russia.

In order to prevent breakdown the authorities have issued instructions for the alarming of members of the Ethnikai Hetairia wherever found. In the event of resistance they are to be prosecuted to the full extent of the law.

Lost Control of Her Nerves

A HELPLESS, PAINFUL CONDITION.

From the Tribune, Minneapolis, Minn.

It is said that the present generation is living in an era of nervousness. Some attribute the cause to the climate of our country; if there is an atmospheric effect it certainly is the least of the causes that produce trouble.

One, sleep with irregularity, with seldom a thought of her nerves.

Mrs. C. H. Guise, of 410 Central Avenue, East Minneapolis, had the misfortune to suffer constantly from nervousness, and her trouble was aggravated by want of sleep. Night after night of sleeplessness had created a worn-out condition and she sometimes would jerk and jump unconsciously.

In relating her experience to a Tribune representative, she said:

"I wish to state to you the great benefit I have derived from Dr. Williams' Pink Pills for Pale People. For many months I was afflicted with nervous debility and could get no relief, until I began using the Pink Pills. The required result came very soon, and I hope I may have the privilege of recommending them to everyone suffering as I did, for I am certain that medicine gives instant relief without any bad results."

(Signed) Mrs. C. H. Guise.

Subscribed and sworn to before me, a Notary Public.

T. E. ANDREWS, Notary Public, Hennepin Co., Minn.

Polite Agent After Couplin.

New York, May 25.—Louis Couplin, who was released from custody in Camden yesterday, has been chased over the continent, having spent a year alternately hiding from the police and living like a prince in London, New York, Boston and other large cities. He is charged with embezzlement in Poland. On his arrival in this country he went direct to Boston, where he stayed with relatives named Exiner, finally stopping with pretty 16-year-old Kitty Exiner, his cousin. They lived for a time in New York, and then went to Atlantic City. Eventually he and the girl quarreled, and Couplin was arrested for assault. He was released on bail, and was re-arrested on the charge of being a fugitive from justice. He was released, re-arrested in Camden, and again released. Now the police are after him again.

Mr. D. P. Davis, a prominent liverman and merchant of Goshen, Va., has this to say on the subject of rheumatism: "I take pleasure in recommending Chamberlain's Pain Balm for rheumatism, as I know from personal experience that it will do all that is claimed for it. A year ago this spring my brother was laid up in bed with inflammatory rheumatism and suffered intensely. The first application of Chamberlain's Pain Balm cured the pain and the use of one bottle completely cured him. For sale by Grubler Bros., druggists."

Mill Wrecked and Four Killed.

Lewistown, Me., May 25.—Caswell's mill was blown up yesterday and four men killed. The doctor, F. W.
