Lead Workers. It is said that lead working disfigures the human body more than any other kind of work.

In this industry it is inevitable that sooner or later the workers must succumb to lead poisoning, and there would appear to be no part of the body that the poisonous fumes and floating particles, which permeate the atmosphere of the work-shop do not affect.

Later on, when nerves and muscles become affected by the poison in the blood, the eyelids are drawn into oblique positions and the eye is then in a state of proptosis.

SENATOR McLAURIN NOW.

The Popular Congressman Succeds the Late Senator Earle. Columbia, S. C., May 26.—Governor Electon today appointed Congressman John L. McLaurin to the seat in the national senate vacated by the death of Joseph H. Earle. Senator McLaurin will serve until the election of his successor at the next session of the legislature, which convenes next January.

The new senator was born at Red Bluff, Marlboro county, in 1866, was educated at the village academy at

JOHN L. McLAURIN. Warrenton, Va., at Swarthmore college, near Philadelphia, and at the University of Virginia, where he studied law and was admitted to the bar in 1892. In 1890 he was elected to the state assembly, and a year later was chosen attorney general of the state. He has been a member of the Fifty-second, Fifty-third, Fifty-fourth and Fifty-fifth congresses.

Killed His Boy and Himself. New York, May 25.—Charles K. Hilliard, 50 years old, a well known lawyer of Brooklyn, shot and killed his 12-year-old son, William, and himself Monday night, at what hour is not known. Their bodies were found yesterday afternoon in a bedroom in Hilliard's elegant home. Mr. Hilliard's wife died last October, and since that time he has been suffering from melancholia. He constantly spoke of his loss, and at times seemed to be deranged. He was always devoted to his son, and after his wife's death this fondness grew into a passionate affection, which reached its climax during the period of mental derangement. Shortly after his wife's death Mr. Hilliard made his will, bequeathing between \$50,000 and \$80,000 to the boy.

The Presidential Assembly. Eagle Lake, Ind., May 25.—The Presidential general assembly yesterday settled two important questions. The first was not to sell its building in New York and the second to have only one secretary of home missions. The first act of the controversy over Dr. Hinga and the Union assembly came up on the report of the judicial committee, which extended to all presbyteries the order to exclude students of that seminary from their care. It was apparent that few commissioners knew what they were voting upon, and the matter came up on appeal from some unnamed action of the synod of New York, the name of the case alone being given.

HAS THE PRIEST FLED?

Report Circulated that Father Machnikowski Sailed for Europe. The Mc. Carmel Star says a report just transmitted to the effect that Father Machnikowski, recently installed as pastor of St. Joseph's Polish church of Mt. Carmel, has set sail for Europe and that he has left several creditors in these parts who will sadly cry his departure.

The report comes from Shamokin, where Father Machnikowski for a long time served the Polish Catholic church prior to his removal to Mt. Carmel. According to the statement of several persons who claim to know positively the priest went from Mt. Carmel to Philadelphia, and shortly afterwards to New York city. He is said to have set sail on an ocean steamer for Europe on Monday last week, just in time to elude the presence of a pursuing creditor who arrived upon the ocean shore just as the vessel was loosening from its mooring. John Kulek, one of Mt. Carmel's citizens, was one of the priest's closest friends and had endorsed him at different times for considerable sums of money.

color of truth to tent to the report by the admissions of Father Machnikowski before his departure from town that he was in straitened financial difficulties. There are many of Father Machnikowski's friends who will not believe the report, especially in view of the fact that the priest before he left secured from Bishop McGovern a leave of absence for three months on the representation that he needed rest and was physically unable to attend to the many onerous pastoral duties devolving upon him.

The Bloomburg Trial. The old town of Bloomburg has not been so excited since the Hester-Tully-DeWitt trial as it is over the Knorr-Winterstein case which opened yesterday before Judge Eisenstein as judge Taylor had declined his jurisdiction. There was a wild rush to the court room when the doors were opened. A jury was obtained without much difficulty and when the defendants were arraigned Knorr plead guilty while Winterstein entered a plea of not guilty. The preliminaries having been disposed of the taking of testimony commenced this morning.
