The Turks-Greetin War May Result in Extending Her Privileges. London, June 1.—The correspondent of The Standard at Constantinople telegraphs that the prevenant opinion there is that Germany is playing a bold game in order to force Russia to declare openly either for or against

Turtosy. According to a dispatch to The Dally News from Odeora, there is a revival of the report that Hunda is negotiating with Turkey to get a port in the Mediterranean. It is also rumored that when peace between Grees and Turkey is concluded Russin will demand the exclusive privilege of free passage for her sleet through the Bosphorus and the Dardenelles.

The correspondent of The Standard at Athens says: The Greeks are great-ly encouraged by the rumor that a landed two cargoes in Cuba, is also reported to have been captured by the ceived an order to provision the Britcruiser Marblehead, which put out ish fleet of forty men of war, to be from Key West. The capture occurred concentrated at Phalaroum.

The Athens correspondent of The Times urges the powers to make a Turkish evacuation, after which, he snys, the Cretan chiefs would be will-ing to accept autonomy. If, on the con-trary, Turkey is allowed to send more troops to Crete there will be a renewal of the horrors of 1500-63.
