The Drill Lost in the Kaiser Artesian Well Recovered.

MAHANOY CITY, June 5.—There was great rejoicing at the Kaiser brewery this morning over the recovery of the drill dropped in the artesian well at the brewery on July 16, last. The accident cost the company thousands of dollars. The well has been sunk about 2,000 feet and preparations are now being made to continue the work. It is not known how much deeper the well is to be sunk.

About three weeks ago Mrs. Mary Hornsby suffered a severe spasm of the intestines and a week ago she was taken to a private Philadelphia hospital, where an operation was performed on Tuesday, last. It was successful and the patient is rapidly improving.

POLITICAL POINTS.

It is said the Republican county convention will be held in the latter part of July.

The organization of the School Board Monday evening next is attracting very little attention. The Democrats will have a majority of one, and they have decided upon the slate as published by the HERALD. There is much dissatisfaction over the Trusteeship on the part of the friends of those candidates who are not in the deal. The Democrats, too, have trouble over selecting a man for Trust Officer. The party "leaders" want James Smith, while one Democratic Director, and probably another, are against Smith and their friends say they will not vote for him under no consideration. It is not likely that Smith will secure the plum.

Consolidations are not as plentiful as was supposed—in this neck of the woods. Judging from the number of applicants, the office of High Constable is a most desirable one.

The Trenton postmaster's term expires shortly. There is a spirited contest on for the position.

The Democratic workers—the "boys" who turn up the majorities—are anything but pleased with the School Board slate. There's a real pickle for some of the Directors next fall.

Duty-Councilly Flight a Draw.

New York, June 5.—At the Broadway Athletic club last night, Jack Daily of Wilmington, and Eddie Connelly of St. John, N. H., fought 25 rounds at 125 pounds. After a clever exhibition, in which Daily was mostly on the aggressive, the referee, Sam Austin, decided the bout a draw. Neither man showed anything like championship form, and Connelly did not appear to be as clever as when he met George Lavigne in the same ring a short time ago.

New Minister to Portugal.

Washington, June 5.—The president yesterday sent the following nominations to the senate: Lawrence Townsend of Pennsylvania, minister to Portugal; Ellis H. Roberts of New York, treasurer of the United States; Conrad N. Jordan, assistant treasurer of the United States at New York city; William E. Andrews of Nebraska, auditor for the treasury department; William W. Brown of Pennsylvania, auditor for the war department.

Lyon-Dunn Contest.

More votes for Judge Dunn were legalized in Contest Court yesterday by the voters being allowed to sign vouchers. The witnesses examined were from Middle and East wards of Gilberton, Girardville and Palo Alto. Court adjourned early in the afternoon until 10 o'clock Tuesday morning.

Ziegler at Home.

Martin Ziegler, who was pardoned by the Governor, arrived in Pottsville from the Eastern Penitentiary yesterday. He appears in robust health and apparently none the worse for his long term. Ziegler's case was up before the State Board of Pardon last week.

Will Play Ball.

Derives Immediate, Lasting Benefit From Paine's Celery Compound.

Few professional men have had the varied, helpful, successful career of Rev. Henry G. Perry of Chicago. A thorough building up of the disordered nervous system follows the use of Paine's celery compound. It dispels harmful humors from the blood, and increases its volume and at the same time its nourishing capacity. The power of Paine's celery compound over dyspepsia; skin diseases, headaches, kidney derangements and other disorders, is unquestioned by the most competent authorities. Don't suffer from headaches, dependent spells, melancholia or any form of depression that comes from indigestion or liver disorder. Trust Paine's celery compound. You will not be the first person, nor the second, nor the hundredth, nor the thousandth it has permanently and speedily cured of the same trouble. The nervous system when deranged is like a clock without a balance wheel that goes too fast and strikes every few minutes. The nerves need to be regulated or they quickly "run down" just as a clock would do. The regular, unobtrusive, tick-tock of the heart means that it is working in a healthy manner. Palpitation and throbbing point to a dangerous lack of nerve force, that sooner or later will lead to fatal heart failure. At the first indication of deficient nerve force, be it heart trouble or nervousness, Paine's celery compound should be used to supply the needed vigor, build up the waning vitality, drive out disease and guard against future mischief.
