# Beware Of the Knife.

Mr. Lincoln Nelson, of Marshfield, Mo., writes: "For six years I have been a sufferer from a scrofulous affection of the glands of my neck, and all efforts of physicians in Washington, D. C., Springfield, Ill., and St. Louis failed to reduce the enlargement. After six months' constant treatment here, my physician urged me to submit to a re-moval of the gland. At this critical moment a friend recommended S.S.S., and laying aside a deep-rooted preju-dice against all patent medicines, 1 be-gan its use. Before I had used one bot-

gan its use. Before I had used one bot-lie the enhangement began to disappear, and now it is entirely gone, though I am not through with my second bottle yet. Had I only used your S.S.S. long ago, I would have escaped years of misery and saved over \$150." This experience is like that of all who suffer with deep-seated blood troubles. The doctors can do no good, and even their resorts to the knife prove either fraitless or fatal. S.S.S. is the only real blood remedy; it gets at the root of the disease and forces it out perma-nently. nently. S.S.S. (guaranteed purely vegelable)

CANOVAS IN COMMAND. The Spanish Statesman Still Retains the Premiership AT THE QUEEN'S SOLICITATION.

The Solution of the Crisis a General

Surprise-Canovas Will Endeavor to Make Peace With the Liberals Before the Cortes Reassembles,

Madric, June 7 .- The queen regent has confirmed Senor Canovas, the preinter, in his ministerial powers, and the cabinot will remain in office with per-scennel and policy unchanged. All the leading members of the scenate and of the chamber of deputies who were con-sulted ty her majesty, as well as three marshals, have advised the recall of aptain General Weyler from Cuba. At a cabinet council held yesterday afternoon at his residence Senor Can-

ovas, the premier, announced that the queen regent had renewed his powers and those of the cabinet in terms mosflattering to him and to all his col leagues. It is understood that the govnment does not contemplate any im mediate change in the supreme com-mand of Cuba. The surprise and dis-pleasure of the various sections of the pposition are not easy to describe. The solution of the crisis is a general

surprise, as much, perhaps, in minis-terial ranks as in the world at large. It was thought, not without reason, that the counsels of the higher military authorities, as represented by Marshal Campos, Marshal Blanco and Marshal Domingues, would have inclined the crown toward a radical and distinct change of policy in the Cuban cam-paign. The idea was especially prevaent, as Senor Canovas has himself admitted that, both as regards re-forms and the conduct of the war by Captain General Weyler, his own hopes

and appirations have scarcely been ful-The only explanation is that the first delphia.

To Scale a Lufty Table Land. Bayonne, N. J., June 7.—Professor William Labby, Jr., of Princeton uni-vorsity, will leave for Albuquerque, N. M., early in July with a party of six explorers. Their plan is to attempt to acade acadeticaty a rectangular table scale relatively a rectangular table land shaped like a figure eight, with perpendicular sides, 760 feet high. The outcroppings of red sandstone project from the face of the walls, making it almost inaccessible. There are indica-tions of occupancy by a prehistorie race. Professor Libby has arranged to throw a line over this table land, which is several acres in extent on top, by means of the tandem kites, with which
