

Cancer of the Face.

Mrs. Laura E. Sims, of Smithville, Ga., says: "A small pimple of a strawberry color appeared on my cheek; it soon began to grow rapidly, notwithstanding all efforts to check it. My eye became terribly inflamed, and was so swollen that for quite a while I could not see. The doctors said I had Cancer of the most malignant type, and after exhausting their efforts without doing me any good, they gave up the case as hopeless. When informed that my father had died from the same disease, they said I must die, as hereditary Cancer was incurable. At this crisis, I was advised to try S.S.S., and in a short while the Cancer began to discharge and continued to do so for three months, then it began to heal. I continued the medicine a while longer until the Cancer disappeared entirely. This was several years ago and there has been no return of the disease."

The President Now Has His Chosen Agent's Report.

DECIDED ACTION NOW PROBABLE.

Commissioner Calhoun Calls on the Chief Magistrate and Gives His Impressions as to Conditions in the War-Ridden Island.

Washington, June 9.—W. J. Calhoun, of Illinois, the special commissioner sent to Cuba by President McKinley, arrived from New York yesterday afternoon at 4 o'clock. He went immediately to the state department, where Judge Day, the assistant secretary of state, was awaiting him, and together they proceeded to the White House. They were shown into the cabinet room, where President McKinley and Judge Day listened to Mr. Calhoun's description of the situation in the war-ridden island and to the conclusions reached by him. Judge Day declined to be interviewed on the subject of the conference further than to say that it was very interesting. Mr. Calhoun likewise preferred not to talk of the interview, further than to say he had reported to the president what he had seen and heard.

Mr. Calhoun again met the president this morning, when he again went over his impressions. Mr. Calhoun did not say that the president, as had been thought would be done, but will leave for his home in Illinois probably this afternoon and if necessary will visit here after the president returns from Nashville. The report of Consul General Lee on the Ruiz case, Assistant Secretary Day said last night, had not been received by the state department. The report, however, is in the city, having been brought here by Mr. Flahback, the secretary who accompanied Mr. Calhoun on his Havana trip. Mr. Calhoun expressed great surprise at the publication of what purported to be General Lee's report. He said the document had been sealed in Consul General Lee's office in the regular official way and delivered to Mr. Flahback, who brought it to New York and to Washington. He was unable to understand how it should have become public.

Calhoun talked with less freedom than characterized his interviews while in New York. He complained that one of these had been exaggerated and had made him say what he had not uttered. The commissioner carefully refrained from expressing any opinion as to the probable policy of the president in acting on the Cuban question, declaring that he had been to the island simply to learn facts and to report what he had seen and heard. This he had done. If he has formed any opinion regarding the Ruiz case, Mr. Calhoun politely declined to indicate what it was. On the prospects of the continuation of the war, the condition of the suffering Americans, and General Lee's firm attitude as an American representative, Mr. Calhoun spoke in terms similar to those he used in his published interview. It is believed that the president will take decided action on his return from Nashville.

Sick headache can be quickly and completely cured by using those famous Little Early Bitters. C. H. Hagenbuch.

Fatal Lumber Plot in Illinois. Pontiac, Ill., June 9.—A serious labor riot occurred at Minook yesterday. The cost miners there have been on a strike since May 1. During last week a few men have been working against the wishes of the majority. Yesterday, while Superintendent A. W. Morgan and his men were engaged in the mine, a crowd of miners interfered. A fight ensued, and Morgan and Erbland commenced to shoot, killing instantly a young married miner named John Westcott, wounding another. This so enraged the miners that they attacked Morgan and Erbland with clubs and stones, and beat them badly. Morgan died from his injuries last night.

If it required an annual outlay of \$100.00 to insure a family against any serious consequences from an attack of bowel complaint during the year, there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of this remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by Grolier Bros. druggists.

Not a Caribbeo Geomato. Carlisle, Pa., June 9.—Captain R. H. Pratt, superintendent of the Carlisle Indian school, says the disinterment went out from Lame Deer, Montana, in regard to the killing of a herder by the Cheyenne Indian Stanley. Until less than three years ago we had no pupils from there. The pupils now there from the Tongue River Cheyennes number only four. One of them, Thaddeus Redwater, is a cousin of Stanley, and he tells me that all the education Stanley has was obtained at the Catholic mission school on the reservation.

DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen (and for cooking and washing purposes) but it was never intended for a medicine, and people who use it as such will soon day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach, and bowels, and enters on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Hagenbuch recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20 grain lozenges, very pleasant to taste and contain the natural acids, pepsines and digestive elements essential to good digestion and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Werners states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, they do not irritate the stomach and bowels, and will be found reliable in any stomach trouble except cancer of the stomach.

All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.
