

Rheumatism

Is a blood disease and only a blood remedy can cure it. So many people make the mistake of taking remedies which at best are only tonics and cannot possibly reach their trouble. Mr. Asa Smith, Greencastle, Indiana, says: "For years I have suffered with Sciatic Rheumatism, which the best physicians were unable to relieve. I took many patent medicines but they did not seem to reach my trouble. I gradually grew worse until I was unable to take my food or handle myself in any way; I was absolutely helpless. Three bottles of S.S.S. relieved me so that I was soon able to move my right arm; before long I could walk across the room, and when I had finished one dozen bottles was cured completely and am as well as ever. I now weigh 170."

A Real Blood Remedy.

S.S.S. cures Scrofula, Cancer, Eczema, and any form of blood troubles. If you have a blood disease, take a blood medicine—S.S.S. (guaranteed purely vegetable) is exclusively for the blood and is recommended for nothing else. It forces out the poison matter permanently. We will send to anyone our valuable books. THE PRESIDENT'S TOUR.

The Chief Magistrate's Welcome to the Blue Grass State.

CHEERED BY MANY THOUSANDS.

In Response to the Demands of the Kentuckians President McKinley Disregards His Resolutions and Makes Speeches at Ashland and Lexington.

Lexington, Ky., June 11.—As the presidential train got further west the crowds increased in size, and the enthusiasm was more in evidence. At Huntington, which was reached at 6.30 last evening, there was a couple of thousand people present. The president shook his many hands as he could reach, and bowed good-bye as an artillery salute in his honor sounded over the Ohio. Soon the bridge across the Big Sandy, where the states of Ohio, Kentucky, and West Virginia are in such close touch, was crossed, and from there to historic Ashland the road was lined with people, many of them waving flags and others shouting a welcome to the chief magistrate and the largest assemblage of the trip had gathered and crowded the depot, overflowing the car and shed roofs, and even standing on switch engines. The crowd would not be satisfied with bows and handshakes, so Major McKinley said:

"It would be very ungracious on my part if I did not so far modify the resolution I made before leaving Washington that I would make no speeches on the journey to or from Kentucky, as I have the most enthusiastic and the largest assemblage of the trip had gathered and crowded the depot, overflowing the car and shed roofs, and even standing on switch engines. The crowd would not be satisfied with bows and handshakes, so Major McKinley said:

"I am glad to see the people, and all the people have an interest in the government of the United States. Every man and woman has an interest in seeing that the government which they control shall be once more restored to its old condition of progress and prosperity, and I pray God that the time may not be long delayed."
Hon. Thomas Newman, mayor of Ashland, led the cheering that followed the speech, and some one handed the president a bunch of blue grass. A pretty incident at Ashland was the sending to the president by the hands of one of the correspondents a small bunch of roses and daisies which a lady took from her little daughter's corsage. With the flowers went the message, "Love from a Kentucky McKinley Democrat."

The donor had the pleasure of seeing the flowers in the hands of the president's wife as the train swept out of the station.
At Mount Sterling ex-Senator Wood, who had telegraphed asking the arriving time of the train, was not seen by the president's party in the crowd which thronged the station. The cheers were hearty, and the president spoke a few words in which he expressed his gratification at the reception accorded him, especially at so late hour as 10 o'clock. He referred to his trip to Nashville, where he accompanied thousands of fellow citizens, who were gathered in commemorating the progress made by Tennessee and the south in industrial and material developments and in general prosperity. Again expressing his appreciation of the cordial Kentucky greeting during which the president bade the crowds goodnight.
There were calls for Secretary Sherman, but the train drew out before he could respond.
The presidential train reached Lexington at 11 o'clock last night, and remained 25 minutes, during which time President McKinley, H. Clay Evans, Secretary Alger and General Grosvenor made short speeches. A crowd of several thousand was at the station to meet the train, and gave the president a very warm welcome. President McKinley was introduced from the rear platform of his car by State Representative B. P. Stoll. He said in part: "It is too late to do more than acknowledge this warm and cordial greeting from the people of Lexington. It is all the more notable because of the intensity of the hour. It calls to mind, and it is indeed a pleasant memory, that you gave me a similar greeting when I was on my way south once before. In every section I find the people loyal to the government."
Secretary Alger said: "I am not the talking man in this administration, but I wish to express my appreciation of this warm reception from the loyal people of old Kentucky. I can assure you that in private we will do all in our life if it is the wish of President McKinley to see times grow better. Keep up your patience and loyalty, and I venture the prophecy that the time will soon come when the sun will again shine upon the most prosperous people of the world."

If it required annual outlay of \$100.00 to insure a family against any serious consequences from an attack of bowel complaint during the year there are many who would feel it their duty to pay that tax which could afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of this remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount. For sale by Grolier Bros., druggists.

A Very Successful Fair.
New York, June 11.—The Irish fair closed last night, and during its last hours the Grand Central Palace was crowded to its doors. During the month the fair was running it is estimated that it was visited by 700,000 persons. It is believed that when all accounts are figured up the books will show a profit of \$250,000.

DANGER IN SODA.

Common soda is all right in its place and in its use in the kitchen (and for cooking and washing purposes) but it was never intended for a medicine, and people who use it as such will soon say regretfully:

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and causes an acid where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Sturges' Dyppepsia Tablets. These tablets are large 30 grains lozenges, very pleasant to taste and contain the natural acids, pepsines and digestive elements essential to good digestion and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Sturges' Dyppepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach.

All druggists sell Sturges' Dyppepsia Tablets at 50 cents per package.

THE NEW YORK'S CRUISE

The Flagship Leaves Bonton Harbor Under Sealed Orders.

Has She Been Ordered to Cuba?
The Vessel Started in a Port of Call, and Some on Board Kept Withholding Her Name Until Well Outside of Boston Light.

Boston, June 11.—The United States cruiser New York, the flagship of the North Atlantic squadron, with Rear Admiral Montgomery Seward on board, steamed out of the harbor at 5 o'clock yesterday afternoon, not a soul on board knowing to what port she is bound, for it was only when the big white cruiser was well outside of Boston light, with her pilot over the side, that the sealed orders from Washington were opened and her destination ascertained. It is generally believed, however, that her twin screws will not stop until she is somewhere in the immediate neighborhood of Cuba, for when she started she was fully provisioned and coaled, and could, if necessary, go as far as Gibraltar or Rio Janeiro without laying in more supplies.

The New York arrived here on May 25 to participate in the ceremonies attending the unveiling of the Shaw monument. The battleship Massachusetts came with the flagship, while the battleship Texas had arrived some days previously. The Texas left a few days ago, but the other two ships have been awaiting at their moorings off the navy yard until yesterday.

That Rear Admiral Seward must have had some inkling of an important cruise seems probable from the fact that for the past few days the entire crew of the New York have been hard at work getting the ship ready for sea, while her bunkers have been filled to overflowing. It was supposed, however, that the cruiser would run north to New York, or perhaps Hampton Roads, and local papers were notified that the ship would probably proceed to sea in a day or two, and that his services would be required.

Early yesterday morning something more than the usual activity was noticed on board, and soon the excitement extended to the main deck. It was seen that all the steam launches were being hoisted aboard and secured as if for a long voyage, while extra precautions appeared to be taken to make everything snug.

At noon an officer came ashore and notified the pilot to report on board at once, and shortly after 2 o'clock it became known that sealed orders had been received from the navy department by Rear Admiral Seward. Shortly after 4 o'clock the guns of the cruiser boomed a parting salute to Commodore Howland of the navy yard. The anchor was weighed and the cruiser swung around in the stream and started out to sea, although a furious gale was blowing.

Alleged Thieving British Paymaster.
New York, June 10.—As George H. Stuart, whose real name is said to be Francis D. Lynd, stepped off the White Star steamship Teutonic at the dock yesterday afternoon, he was arrested upon a charge from Chief Constable Hill of North Allerton, Yorkshire, England. He is said to have been a paymaster in the British army, and is charged with having misappropriated £500. His identity he denies, saying he is really Stuart, and not the Lynd who is wanted in England. He stated that he was arrested there, but let go because the authorities could not prove anything against him.

Mr. Bryan's Travels.
Burlington, N. J., June 10.—William J. Bryan touched this city from Burlington yesterday afternoon. At the various stations along the line he was greeted by large crowds. At Middlebury there were 1,000 people at the station when his train drew in. He made a short speech. About an hour after he passed Trenton the flood washed away the track, and no trains have run since. There were over 1,000 people, and a brass band to meet Mr. Bryan here. He addressed 2,000 people at the fair grounds in the afternoon, and gave a public reception last night in the city hall, which was packed to the doors.

Fighting South Carolina Liquor Law.
Charleston, S. C., June 11.—The first "original package store" for selling liquor in this state under the provisions of the recent decision of Judge Simonson of the United States court, was opened here yesterday afternoon. An agent of the New York firm imported 1,000 cases of liquor. The goods were hauled through the streets, and without being molested by the state constables were lodged in a store room. The establishment was opened at once, and began selling liquor in original packages. It contains bottles throughout the day without trouble. Within the next few days several other similar establishments will be opened here. Exactly what action it is to be taken by the dispensary authorities is not yet known.
