More Cahn Filling to be Done at Kohinoor Colliery. The Philadelphia and Reading Coal and Iron Company will soon commence boring a number of holes into the workings of the Kohinoor colliery again for the purpose of filling the worked-out chambers of the mine with culm from the banks on the surface.

Six or More Holes Will be Bored to a Depth of Six Hundred Feet or More, to Fill Up Old Buck Mountain Workings.

The Philadelphia and Reading Coal and Iron Company will soon commence boring a number of holes into the workings of the Kohinoor colliery again for the purpose of filling the worked-out chambers of the mine with culm from the banks on the surface.

The cavities to be filled are very large and it is expected that a down hole will be bored for the work. The location are not known at present, but it is expected the first hole will be bored at the west end of Cherry street and the large bank of culm in that vicinity will be used in the work.

In all probability test drilling will be required to convey the work into the backs to the bore holes, but whether they will be extended into the town, or not, has not been ascertained.

This kind of work has become so common that it will not arouse the interest that it once did. In the early days, when the first hole was bored in this region for such purpose was put down at the rear of the Centre street school building, still some importance will be attached to the impending operations, as the holes will be much deeper than the first.

The expectation is that the series of holes will be 200 or more feet deeper than those bored some years ago, as they are to go down about 600 feet to the Buck Mountain vein.

The first hole will probably be started next week, or shortly thereafter. The men engaged to do the work are now drilling a hole through to the workings of the East colliery on the north side of Ashland and will soon complete it.

Kendrick House Free Lunch. Cream of tomato will be served as free lunch to all patrons to-night. Music by the electrical piano.

Church Notices. Regular service will be held in the Trinity Reformed church to-morrow, at 10 a. m. In the evening Children's Day exercises will be held. The church has been beautifully decorated.

Children's Day will be observed in the United Evangelical church, on North Jardin street, to-morrow, at 10 a. m. The pastor, Rev. L. J. Reitz, will preach a special sermon appropriate to the occasion. The Sunday school will meet at 1:30 p. m. Addresses will be made by David Faust, J. H. Kester and O. S. Keller. The evening service will begin at 6:30. A special program consisting of recitations, dialogues, singing, etc., will be rendered. A cordial welcome to all.

Rev. A. H. Fischer, pastor, will preach at 10:30 a. m. in the M. E. church. The sermon will be especially to the children and young people. The pastor particularly requests the presence of the parents and other friends of the children. This church is doing a grand work among the young people and the service promises to be of great interest. At 6:30 the sermon will be on the basis of a father's statement, quoted from his son, "Don't look at the handle bars, Father, look straight ahead." All are invited to unite in the improved order of church services.

The pulpit of the Calvary Baptist church will be occupied by Miss Fannie Morgan, a missionary employed by the Reading Association. Miss Morgan will have charge of both the morning and evening services.

The young people of the Presbyterian church have been busy for several days preparing a fine program for Children's Day exercises to-morrow evening. The church is being beautifully decorated with cut flowers. To-morrow morning, at 10:30 o'clock, the pastor, Rev. T. Maxwell Morrison, will preach a special sermon to young people and he cordially invites all children and young people who go to work where to church to come and take part in the service. The Sabbath school will be held as usual at 2 p. m., and all scholars are urged to be present. The evening service, at 6:30 o'clock, will be given over to the Sabbath school exercises. They will be musical and literary. Prizes will be distributed to those who have won them, and the pastor's Children's Day greeting card will be given to all present. The offering at both services will be for the spreading of Sabbath schools on our Western frontiers.

Change of Time Tables. Speeding up the time of passengers seems to be the order of the day on the P. & R. Railway. The new train which makes the run from Shenandoah to Philadelphia in three hours and thirty-six minutes will, it is stated upon what appears to be good authority, be quickened a little more. This train is already a favorite with the traveling public. The train leaving town at 7:05 a. m., which now arrives in Philadelphia at 12:45 p. m., is to be made an express arriving at its destination about an hour earlier. The train which now leaves Philadelphia at 6:30 p. m., arriving here at 10:41 p. m., is also to be speeded up considerably, so that of the 7 through trains run to Philadelphia by this company from town, five in each direction, will be express.

Hickert's Cafe. Our free lunch to-night will consist of fish cakes with dressing.

Commencement Notice. The 19th annual commencement of the Shenandoah High school will be held in Ferguson's theatre on Friday evening, June 18, 1897. The exercises will begin at 7:30 o'clock. CONTRACT AWARDED.

Mahanoy City's Paving Project Will Now Be Pushed to Completion. MAHANOEY CITY, June 12.—The contract for paving four squares of Centre street, from Fourth to Calvernia, in this town, was awarded at a special meeting of the Borough Council held last evening. It will be remembered that bids were received and opened at the meeting of Council on Tuesday evening, but the awarding of the contract was deferred to allow a committee of Council to visit a number of cities and inspect the street paving in those localities and for the purpose of obtaining other information. They reported that the Mack brick was used more largely at these places.

It was decided by a vote of seven in favor of the Mack brick to three for the Stribany article, to use the former in paving Centre street.

A petition was received asking that the work be given to town bidders with a view to employing home labor, but the difference in the bids was so great that it was deemed advisable not to do so. The bids were as follows, per square yard:

Jones & Wallace, Philadelphia, \$1.05
McLoud & Co., Williamsport, 1.00
Smith & Bell, Reading, 1.00
Vetter & Kelly, Shenandoah, 1.01
Wm. Barker & Co., town, 2.20
Dunham & Co., Philadelphia, 2.30
P. J. Berry & Co., town, 2.10
Hill & Co., Philadelphia, 1.80

The contract was therefore awarded to Jones & Wallace, of Philadelphia, at \$1.05 per square yard. The question of home labor was thoroughly discussed, and the Solicitor stated by a clause in the specifications calls for employment of home labor "as far as practicable," but this did not satisfy the Councilmen. On motion of Kutz it was decided to insert in the agreement that home labor be employed exclusively at \$1.50 per day. Some doubt exists as to whether the contractor will agree to this at the price named, in which case new bids will have to be received.

The proposition of Smith & Campion asking the right to construct a sewer under the proposed paving on Centre street, did not receive favorable consideration. A motion that the borough construct the sewer was negatived.

Council decided to accept the offer of C. D. Kaier, for the 40 acres of land on Broad Mountain, which was purchased by the borough for \$1250 when the question of borough water works was being considered. Kaier offered \$1500 for the land.

Taxpayers' Association. The representative of the Taxpayers' Association, accompanied by their attorney, visited the almshouse yesterday and made a thorough inspection of the new buildings. They refuse to give the public the result of their investigation. The County Commissioners and the Controller have about completed their answer, and it will likely be presented to court on Monday. The public will then have an opportunity to judge whether or not these officials have been extravagant in the expenditure of the county funds in making the improvements at the almshouse.

Commission Recalled. At the February election Charles McDonald was elected a justice of the peace for Blythe township, to succeed P. E. Devine, who is surviving a term in jail. The secretary of the Commonwealth has instructed Prothonotary Deegan to withhold O'Donnell's commission until the court decides whether or not Devine's crime comes with the meaning of section 7 of article II of the constitution. In the meantime Blythe township will be without a justice of the peace.

Two Men Burned to Death. Wilkesbarre, Pa., June 12.—Captain J. W. Reynolds and John Kyler, of Eppy, Pa., were burned to death and Maurice Reynolds was fatally burned on the Susquehanna at Pittston last night. The dredge was being used by the Spring Brook Water company in erecting a filter. The men went to bed in the cabin at 10 o'clock, and soon after a fire broke out in the boiler room. To get on deck they had to run through the boiler room, and only Maurice Reynolds lived through the fiery ordeal. He was rescued by a boat from the shore, but was so badly burned that he cannot recover. The dredge burned to the water's edge and sank.
