THE SUGAR SCHEDULE

Another Day of Disension on the Washington, June 15,-The senate debate on the engar schedule of the tariff bill proceeded yesterday with only one tony into which the discussion has support. This was the sharp exchange between Mr. Honr, of Massachusetts, and Mr. Tillman, of South Carolina, Mr. Tillman again referred to pubnection with the sugar schedule, and asserted that the senate would stand convicted before the American people if it failed to investigate the charges. Mr. Hour calmly and impressively re-pelled this statement, his tone and language being calculated as a rebuke. He declared that the vague charges of irregularity were not only preposteriterated that senstors would stand or ricted by the people if they sought to

hide behind the senatorial toga.

Mr. Allison, in charge of the bill, made another speech in defense of the schedule, presenting tables which he declared proved that the sugar refiners received less protection under the senate schedule than under the existing law. Mr. Pettigrew, of South Dakota, spoke at length in favor of his amendment to place on the free list articles controlled by trusts, severely arraigning the various large trusts. Mr. Allen, of Nebraska, urged light procedure against the trusts. Only one roll call occurred during the day, on Mr. Lindsay's amendment to place all sugars on the free basis. This was relected, 25 to 29, Mr. McEnery, Louisiana, voting with the Republicans in the negative and Senators Pettigrew and Mantle with the Democrats in the
