## The Tent Was Overcrowded.

Standing room was the only available space to be had at the performance of Welsh Bros. circus under the Reading station last night. The moment the ticket office opened there was one continuous stream of people filing into the canvas tent, leaving after the performance began. This accounts for the success and the reputation the Welsh Bros. have attained in this town, which is only due to their meritorious performances in giving the public more than the actual value of their price of admission, which is the small sum of 10 cents. At the children's matinee this afternoon the enclosure within the canvas was one mass of humanity, everybody eagerly waiting and watching every act as it was announced. The show closes its engagement here with another performance to-night, when it leaves for Haddon, where it will exhibit next week. All those who have not availed themselves of the opportunity of witnessing Welsh Bros. performances, should do so by attending the last performance to-night.

## The Geesees Now Winning.

Not disheartened by their recent defeat at the hands of the Peorless nine, the Geesees yesterday afternoon faced another enemy in the Shenandoah High school team. Although the runs were piling up fast, the entire game was an interesting one, many beautiful plays being made at different intervals. The Geesees appeared on the grounds with new life and made the students howl to the prowess of the boys from the cigar store by the score of 22 to 18. The notable feature of the game was the home runs made by W. Powell, Davis and Merrick, and the battery work of the winning team. Campbell was credited with striking out 13 men. The umpiring was done by Mader, and it required 2 hours and 15 minutes to play the game. The score is as follows:  
Innings: 1 2 3 4 5 6 7 8 9  
H. Scho 0 0 0 0 0 0 0 0 0  
G. Scho 22 18 0 0 0 0 0 0 0

On Thursday afternoon two young men, James Demos and Dennis McGee, of town, set out for a carriage drive to Ashland. They procured a horse from Dan Brennan and a buggy was loaned by a liveryman to make the trip. On the road between here and their destination the party met with a mishap, the horse running away and the vehicle being smashed into a ditch. Nothing was heard of the men or the team until yesterday morning, when the liveryman was notified of the horse being caught and quartered in a stable near Dark Corner. The man have skipped and their whereabouts is a mystery.

# Pres. McKinley's Pastor.

## The Eminent Washington Preacher

### Advises Paine's Celery Compound.

President McKinley is a church-going man. He is a regular attendant at the Metropolitan Methodist Church in Washington, of which the Rev. Hugh Johnston, D. D., is the pastor.

Dr. Johnston is but one of many able clergymen who have publicly advised the use of Paine's celery compound, basing their recommendations on the benefit they themselves have derived from its use.

Not only among clergymen, lawyers and physicians, but among all classes of thoughtful, intelligent people Paine's celery compound is the one reliable remedy for building up the system when it is run down. It is the greatest nerve and brain invigorator the world has ever known.

Dr. Johnston says of this great remedy: "Wells, Richardson & Co., Gentlemen—Having used your Paine's celery compound as a tonic, I can cheerfully bear testimony to its value in restoring wasted energy and inducing sleep when one is restless and fatigued."

Strong recommendations have been received
