BYATHE township appears to be worse than Cass township in its halcyon days.

THE report that Spain has ordered Weyler to mitigate his cruelties will be more plausible after the starvation camps are broken up.

LEAD is advertising. Missouri is the banner producer of lead, but Silver Dick Hand will drop several tears over the improvement of the industry.

AS if a patient public had not suffered enough from Trilby, an Italian composer announces his intention of presenting it on the operatic stage.

A COMBINATION of Arctic blasts with intense heat is reported from an Illinois town. It is not bad if the mixing is properly done and it were well shaken before taking.

THE President says in his message reviewing past relations with Hawaii that "under such circumstances annexation is not a change, it is a consummation." The situation is happily expressed.

FARMER KRRI DETHICH has found that the presents made to him by alms-house employees are very costly things to accept and he no doubt wishes he had been satisfied with his salary of \$2 per diem if his colleagues do get more than that.

THE Metropolitan papers announce that theatrical companies are forming for the next season. As they have started in early there is a possibility that the ones we will be afflicted with next winter will be better than those of last year, if the theatre itself is no better.

THE English Bishop of Honolulu gave out the startling information in London the other day that the natives of Hawaii would prefer death to annexation to the United States, and that they would prefer a proper stable government under the protection of a strong nation like England.

TWO society women in Savannah, Georgia, got into a discussion as to whether St. Peter was, or was not, the first Bishop of Rome, and the result is that one of the women is in the hospital for repairs, and the other under bail for her appearance at court, while the question which they undertook to settle by a discussion with facts remains in statu quo untenable.

THE navy department announces that five battleships, the Albatross, Wisconsin, Illinois, Kearsarge and Kentucky, together with six gunboats and ten torpedo boats are rapidly approaching completion.

THE best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, lacerations, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, no matter how long standing, and cures itching, and is guaranteed to give perfect satisfaction or money refunded. NEW YORKERS are to be treated to a genuine curiosity on the Fourth of July. Ex-Governor Algeon, of Illinois, who would not take a hint, as William Jennings Bryan did, to stay away, announces that he is going to Brooklyn to orate on the Fourth of July, and "let my patriotic bubble burst, whether they like it or not." An omission of patriotism from this erstwhile grand orator of the Popo-crustic party would be a genuine curiosity.

LIBERT GOV. WOODRUFF of New York, said in a speech to a Board of Trade last week that although the population of this city is 20,000,000 more than it was eighteen years ago there are fewer persons out of work now than then. The Troy Times says the assertion is true in that city, as any one can see who looks at the streets with "their well-filled street cars, their fast swarming bicycles, and their nicely dressed and plump-footed pedestrians."

A LONDON daily paper tells of the following incident as occurring in the sixtieth year of the reign of Her Gracious Majesty in the English capital: A pathetic incident took place on the embankment in the early hours of Wednesday morning. Three men who had on the previous evening obtained a thousand wrappers each to address found themselves unable to raise the price of a lodging, and so as soon as the daylight was sufficient they began to work at frozen. Luckily they had pen and ink, and squatted on a seat, they began to write, making a desk of their knees. More than once they were moved on.

ANARCHISTS' TERRIBLE CRIME.

A Report That They Caused the Paris Charity Bazaar Fire. Chicago, June 25.—The Post says: According to a story which has reached Chicago from Paris via Washington, the terrible holocaust which wiped out over a hundred lives at the French capital on May 4 was the work of anarchists thirsting for revenge on the upper classes of France. It is claimed that while the official inquiry into the circumstances surrounding the catastrophe threw little light on the cause of the fire, the secret service department is working on a clue that points to an anarchistic conspiracy of stupendous magnitude.

It is said the Paris detectives not only have satisfied themselves that anarchists were at the bottom of the awful crime, but that the arrests they planned it led to America as well as they had seen with what frightful success it had been executed. It is also asserted that several persons are under arrest in Paris on suspicion of knowing more about the affair than they care to tell. A member of the secret delegation at Washington is said to be authorized for the story.

HOW TO FIND OUT.

Fill a bottle or two with glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Two frequent desires to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and seeping pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents per bottle. You may leave a sample bottle and parcel free of charge by mail. Wool Schedule Moves Slow

Senators Have Now Reached the De-

Washington, June 24.—After a contest lasting throughout yesterday the senate completed the paragraphs of the wool schedule relating to raw wool and advanced into the features relating to manufactured woolen goods. The day was devoted largely to a discussion of the effect of tariff rates in the price of wool, and the speeches were on technical lines, in the main.

At one point, Mr. Hoar diverted the discussion by a reference to William J. Bryan's opposition to the tariff. This brought Mr. Estlin, Mr. Aldrich and Mr. Stewart to the defense of Mr. Bryan. Mr. Teller was drawn into the controversy, and in a few remarks warned his former Republican associates that their hopes of prosperity from this bill would be blasted. Mr. Quay made a strong effort to have the bureau advanced rates on third class wool adopted, but he was defeated by a vote of 19 to 14. The committee rates were then agreed to, viz. 4 cents per pound on third class wool valued at 15 cents or less per pound, and 7 cents per pound on third class wool valued above 15 cents per pound. The schedule was completed up to paragraph 35, relating to cloths, knit fabrics, etc. Early in the day, Mr. Aldrich, of Nebraska, rising to a question of procedure, relating to the admission of patented charges that William J. Bryan had contributed \$1,500 to the Populist cause in order to effect fusion.

Pittston Heard From

The Little Conqueror Arrives and People are Talking.

Surprise, wonder and admiration follow in the track of the little conqueror. People are talking about it everywhere, and such cases as that of Mrs. J. H. Butler, a resident of Pittston, are getting to be every day occurrences. Our representative called on Mrs. Butler, who lives at residence, 189 Beale street, and she gave the following brief account of her case: "About a year ago I began to have severe pains in my back in the region of the kidneys. Sometimes the pain was worse than at others, and with each attack it grew more severe. The last attack I had felt so I could not lift anything at all that had any weight to it, and the hardest part was to attempt to rise from any stooping position. I can only describe the pain as a continuous dull one, interspersed with sharp piercing ones in the small of my back. If I attempted to rise from a chair after continued sitting I found it a difficult matter. I managed to get along in this way with my household duties, for I was determined not to give up, and I felt many times as though I positively must. I read of some of the cures performed by Doan's Kidney Pills, and comparing the symptoms described with mine I concluded the pills would help me, and I procured a box and began to take them regularly according to directions. Within three days I felt better and continued to improve every day. I must admit they have perfectly cured me, and this much sooner than I could have anticipated possible. I am perfectly satisfied with the results, and glad to be able to inform other sufferers about Doan's Kidney Pills, so that they may know what to use who are in their condition."
