A NEW YORK MURDER MYSTERY

Portions of a Body Found in the Water and on Land.

New York, June 28.—The lower part of the trunk of a man was found by two boys in the woods at One Hundred and Seventy-sixth street and Undercliff avenue yesterday. It was terribly mutilated and shows plainly that a murder has been committed. It was wrapped in oil cloth and manilla paper, exactly as was the upper part of a trunk found in the East river off Eleventh street Saturday. The two are parts of the same body. The two pieces were found more than eight miles apart, one in the water and the other on land. The part found yesterday comprised the lower part of the trunk from the fifth rib to the hips, the legs having been severed from the body at the hip joints. The upper portion of the body was already in the morgue, and it was terribly hacked with knife wounds.

The two portions of the butchered trunk having been found in such wide separation, the police are puzzled in forming a theory as to where the murder was committed. It was wrapped in oil cloth and manilla paper, exactly as was the upper part of a trunk found in the East river off Eleventh street Saturday. The two are parts of the same body. The two pieces were found more than eight miles apart, one in the water and the other on land. The part found yesterday comprised the lower part of the trunk from the fifth rib to the hips, the legs having been severed from the body at the hip joints. The upper portion of the body was already in the morgue, and it was terribly hacked with knife wounds.

No surgical skill was employed in dismembering the body. On the breast of the trunk a large piece of the flesh had been hacked away. This may have been done to prevent identification by means of tattoo marks. The murder was possibly done on board of a vessel, but if this was the case some portion of the body would hardly have been placed on land and the other in the water.

New Proprietors. The saloon lately conducted by J. C. Phillips, at Michael Pater's old stand, has passed into the hands of Messrs. David Head and Harry Martin, who took charge last Tuesday morning. It is the intention of the new proprietors to conduct a first-class restaurant, the bill of fare to contain all the delicacies of the season. A full lunch will be served every morning and evening, to all patrons. Mr. Head has a thorough knowledge of this portion of the business, having entered in many of the leading restaurants about town, and is now holding a similar position at the Arcade cafe, from which place he resigned. Mr. Martin, who has been in the business for a residence of twenty years, and has enjoyed a large circle of friends. The new proprietors will endeavor to make the new stand a favorite locality. 6-24-1v.

Cascara stimulate liver, kidneys and bowels. Never sickens, weakens or grips. The Old Fellows Home. The Old Fellows Orphan's Home, near Sunbury, is being improved more every day. Sewerage and drain pipes were placed around the building last week. There are six orphans there at present. The two lodges of Old Fellows of Sunbury will make a call at the home on July 7th.

The Grand Jury Report. The report of the Grand Jury was presented to court on Saturday. They acted on 148 bills of indictment, returning 115 as true and 33 as not true, setting the count on the prosecutor in twenty-eight, and upon the county in one; no power to dispose of the costs existed in six cases. The report says: "We have visited the county prison and feel the interests of the people are in capable hands while under the management of Warden Brown and Matron Mrs. Brewer." The condition of the prison from entrance is reported as not creditable to the county and prompt repair is recommended. New prison boilers are recommended, the old ones being in bad condition, the new ones to have increased capacity to supply power for a new electric light plant for lighting prison and court house, the same to be located in basement of prison to avoid cost of a separate building. It is not felt that the operation of the plant would cost little, as prison inmates could be made to work. Some of the Justices of the Peace are scored as having little conception of their duties as such officers or else they are wilfully blind to the performance thereof. Many words are used on this threshold subject.

Shickel's Cafe. Our free lunch to-night will consist ofilled beef and dressing, Mock turtle soup to-morrow morning.

THE NATIONAL GAME.

Results of the Various Contests Played Yesterday.

That the Lithuanian club, of town, is an evenly matched team for the Lithuanian Silver Leaf club, of Mt. Carmel, was demonstrated yesterday afternoon on the latter's grounds by a brilliant article of ball playing. It was a pitcher's battle from the beginning to the end, Curry, of the visiting nine, doing very effective work by allowing the home team a credit of only one scratch hit. The winning runs were scored in the last inning, through an error made by the short stop, which allowed the home team to score three runs. The total score was 4 to 1 in favor of the Silver Leaf club. Quite a large delegation accompanied the club of town.

The Last Creek club, which claims to be one of the best amateur teams in this locality, fell an easy victim to the Local Dale team on the Last Creek grounds yesterday, the score being 10 to 4 in favor of the visitors.

The Harrisburg, of Girardville, played a splendid game with the Frackville team, at the latter place yesterday, the score being 21 to 12 in favor of the home team.

The base ball clubs of Elkhart and Ellangowan played a game on Saturday afternoon which was won by the former, the score being 21 to 12. During the game one of the players, Oscar Gish, had his right wrist badly sprained.

MAHANOY CITY.

Big Price Reported For the Purchase of the Kaiser Interests. MAHANOY CITY, June 28.—Louis Hohenheimer and Otto Klumppert, of New York City, representing the syndicate negotiating for the purchase of the Kaiser brewery and other interests, left for New York City last evening after having made a thorough inspection of the properties. The deal has not been closed yet. It is reported the price is to be \$1,000,000. Mr. Hohenheimer and Mr. Klumppert are interested here. The result will be known in a few days.

At 12:30 this morning fire started in the grocery store occupied by Michael Buckner and other interests, left for New York City last evening after having made a thorough inspection of the properties. The deal has not been closed yet. It is reported the price is to be \$1,000,000. Mr. Hohenheimer and Mr. Klumppert are interested here. The result will be known in a few days.

Robert Jenkins, janitor of the East Centre school building, died last evening.

William Zolnik, a Hungarian, was killed in the left cheek yesterday morning by another Hungarian named George Brown while fighting in a saloon.

Frank Wilson and John Conroy, giving their residence as Shenandoah, and James McTea, of Mt. Carmel, were arrested for riding on a freight train bound for Philadelphia Saturday night, but discharged with a permit.

Michael Rohlich, a Hungarian residing at Buck Mountain, was struck and instantly killed Saturday night by P. & R. passenger train No. 10. He was 29 years of age and is survived by a wife and two children, who are in the old country.

CORNELL'S ATTITUDE.

A Democratic Proposition to Extend American College Aquities. Poughkeepsie, N. Y., June 28.—The position of Cornell in college boat racing was made known yesterday, as follows: Cornell will, as victors, receive almost any proposition from Yale and Harvard that these colleges wish to make, but will not present a proposition as to future engagements. No proposition will be accepted by Cornell that compels her to join in an exclusive college rowing. Cornell holds that her victory over the two other colleges compels recognition if Harvard and Yale wish to hold or attempt to hold the record for American college rowing. Cornell also holds that as Cornell, on victor, consents to row with Yale and Harvard in Columbia in a spirit of true sportsmanship, and to make the American championship as great a victory as possible, Yale and Harvard should come into the combination until at least such time as it is demonstrated that they are superior to these other colleges.

Terrible Storm Hove in Austria. Vienna, June 28.—The town of Kolomea, in Galicia, has been flooded by the rising of the river Pruth. Many houses have been destroyed and the bridge between Kolomea and Turko has been swept away. The collapse took place while a train was crossing. There were five railway carriages, and they fell in a great heap together. As yet there is no definite report as to the number of passengers. A terrible storm of hail, thunder and lightning was raging at the time, and added to the horror of the scene. Seven officials, including the postal staff at Malvian, have been drowned. The district of Kolomea is a desolation. Hundreds are homeless, their houses having been carried away with the rush of the waters.

To locate in California. It will be a surprise to the sporting fraternity to know that "Daddy" McDonald, of Mt. Carmel, who recently defeated William Gilman, has determined to leave this section of the country. This morning he left for San Francisco, where he expects to locate permanently.

Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th Street, St. Louis, was given the usual mercurial treatment for contagious blood poison. He was twice pronounced cured, but the disease returned each time. He was seized with rheumatic pains, and red lumps and sores covered his body. "I was a horrible fix" he says, "and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment did me no good whatever. I was stiff and full of pain, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I would soon have been a complete wreck but for S. S. S."

S. S. S., (guaranteed purely vegetable) is the only cure for real blood poisons. The mercurial treatment of the doctors always does more harm than good. Beware of mercury! Books on the disease and its treatment mailed free to any address by Swift Specific Co., Atlanta, Ga.
