The Coyle Joyce libel suit will be called for trial tomorrow. The attendance will no doubt be large.

The Debs colonists propose to smite Uncle Sam, but they will need an uncle badly before their Arcadian experiment is far advanced.

The experience of Senator Pettigrew, in the United States Senate on Saturday, ought to serve as a warning to several Schuykill county statesmen.

That \$10,000 appropriation for the purchase of surgical instruments for the Mahanoy hospital, may be necessary after all. Those "favorite contractors" might use the aforesaid instruments in the erection of the building—on paper.

The effort made by the Senator from this district to have himself named as a member of the Anthracite Investigating Committee, and his subsequent chagrin because of disappointment in attaining his desires in this direction, is now easily accounted for. The personal expenses of each member averages about \$600.00.

JUDGE WHITE, of Pittsburg, has rendered a decision declaring illegal and void an ordinance recently passed by Councils which requires that contractors on city work must employ no men such as are members of labor organizations. The decision was in the case of Eugene F. Elliot against Pittsburg. Judge White states that under the state law city contracts must be given to the lowest bidder, which requires free and open competition. He continues: "Limiting contractors to employ only a certain class of workmen, regardless of qualifications, prevents free and open competition. The city has no right to say that the Building Trades Council of Pittsburg, and they only, shall designate the workmen who may be employed on any city work. That is what this ordinance does."

"Personal Expenses." There has been, within a few days at Harrisburg, a series of developments that reflect anything but credit upon the members of the Legislature. We refer to the extraordinary expenses reported in connection with the half a score or more of investigating committees appointed and that acted during the session. There is not a single newspaper in the state, excepting the personal organs of some of the members, but what concerns in the strongest terms those members who give their approval to bills of expenses so manifestly fraudulent as some of those in question appear to be.

To the discredit of Schuykill be it said, some of the representatives from this county figured quite prominently in these exorbitant charges. In the light of recent events it is any wonder that the Senator from this district was so anxious to be named as a member of the Anthracite Investigating Committee, and displayed much feeling because of a failure to be appointed on the committee. There are some members of the Legislature, however, serving on investigating committees who repudiate the bills allowing them pay for "personal expenses" that were never incurred. But this "roll of honor" is limited to five or six, and does not include the name of a single Schuykill member so far.

These gentlemen declared that they had incurred no personal expenses, had no knowledge that such claims were to be made in their interest, and demanded that the items be stricken out of the bill. One member added to the unhappiness of the treasury looters by declaring that these enormous charges for "carriage hire," "telegraphic dispatches," "telephone service," and "personal expenses," generally, were fictitious, and the result will be a material cutting down of some of these bills. In one case the item of \$2,000 for the expenses of the sergeant-at-arms was cut down to \$1,800, and in another bill a similar item of \$1,000 was cut to \$450.

The exposure will no doubt have a beneficial effect. To be a member of an investigating committee of any kind was regarded as good for any where from \$500 to \$2,000, but times have changed. The legislative method of padding out expense bills has attracted public attention to the investigating mania which has prevailed at this session of the Legislature. These amounts to \$158,907.07. In 1887 the average cost of an investigation amounted to only \$785. In 1897 the average "personal expense" awarded each committeeman is not considered extraordinary when it reaches \$600. In a late itemized appropriation asked for, one "old hand" finds the state indebted to him for \$1100 for his labors as a committeeman. If these bills pass the Legislature

AN APPEAL FROM FLORIDA. Hundreds of Families in Danger of Starving to Death.

Hundreds of Families in Danger of Starving to Death. Jacksonville, Fla., June 25.—(Special Appeal for aid now coming in from that part of Alachua county which was devastated by the great hurricane of Sept. 29. The destitution appears to be greater than at any previous time since the catastrophe. Alachua county is situated in the center of the peninsula midway between Jacksonville and Cedar Key. A request for help has been received from citizens of Trenton, in which the following statements are made:

"While we most gratefully acknowledge the generous assistance received directly after our previous country was almost devastated, still the pitiful condition of our people inspires this earnest appeal for help at this season. Many families within our borders are upon the verge of starvation—are now subsisting upon dry bread, with not even the hope of getting this sort of food when the present scanty supply is exhausted.

"The distressing cry for food is heard in almost every quarter, and unless some speedy relief is secured great suffering will be the terrible result. What other aid is greatly needed, still we shall only solicit the means upon which life can subsist."

The relief committee at Gainesville states that it is receiving a great many earnest appeals for help and are powerless to give much assistance. The funds in the hands of the committee have been exhausted. From another source it is learned that the necessity for immediate relief is very pressing.

Mr. James Perdue, an old soldier residing at Monroe, Mich., was severely afflicted with rheumatism but received prompt relief from pain by using Chamberlain's Pain Balm. He says: "At times my back would ache so badly that I could hardly rise up. If I had not gotten relief I would not be here to write these few lines. Chamberlain's Pain Balm has done me a great deal of good and I feel very thankful for it." For sale by Grabler Bros., druggists.

Yankee Democracy's Platform. New York, June 25.—The Young Democracy, organized three years ago by ex-Sheriff James O'Brien, held a meeting last night and put forth a declaration of principles which are to be the organization's platform during the municipal campaign. The platform is endorsed, municipal ownership of franchises is favored, and a reduction in the price of gas. Three cent fare is demanded and trusts of all kinds are denounced. Nearly all the statutes it is charged are to the interest of capital and are bought and paid for at market rates. The appointment of aliens and non-residents to public positions is denounced and the enactment of illiberal excise laws denounced.

Not only piles of the very worst kind can be cured by DeWitt's Witch Hazel Salve, but eczema, scalds, burns, bruises, boils, sores and all other skin troubles can be instantly relieved by the same remedy. C. H. Hagen, Inc.

A special session of the county court will be held next month to try the negro Johnson.

Dr. Myles' Nervine Triumphs. Excessive Nervousness from Childhood La Grippe Brings on Heart Weakness.

REV. R. P. SHARPE, pastor M. E. church, Buchanan, Ga. writes Dec. 20, 1896: "In childhood I was afflicted with excessive nervousness, which almost developed into St. Vitus dance. I partially recovered, but at college it gradually grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1890 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Myles' Restorative and Nervine and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent."

Dr. Myles' Nervine Restorative and Nervine and Liver Pills are sold by all druggists under a positive guarantee. Free bottle benefits or money refunded. Book on Heart and Nervousness free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

S. E. EVANS, OF IOWA.

Stricken with Paralysis and Afflicted with Heart Disease, is Made Comfortable by Dr. Miles' Remedies.

Dr. Miles does not claim that his Restorative Remedies will perform miracles, nor yet cure all forms of long standing complaints. But in cases where impaired nerves or a diseased heart causes the trouble, Dr. Miles' Restorative Nervine and the New Heart Cure will always give relief, and if the case is not too far gone, if there is vitality to build on, will effect a complete cure.

Veteran S. E. Evans, a prominent G. A. B. man of Maquoketa, Iowa, was stricken with paralysis ten years ago and confined to his bed for months, under the care of physicians constantly, until the cost had eaten up his home which he was obliged to sell to pay his bills, and was yet comparatively helpless when an additional affliction came on in the shape of heart trouble. Mr. Evans writes:

"If it had not been for Dr. Miles' wonderful Remedies I would have been in my grave three years ago. I know that at my age and with a constitution broken down in the service, (I served through the late war in the 23d Michigan) I cannot reasonably expect many years more of life, but I know that as long as I can obtain Dr. Miles' Remedies, these years will be passed in ease and comfort. The doctors decided four years ago that they could do nothing for me. In addition to my paralysis which rendered my limbs almost useless, I had heart trouble, causing sinking spells which came on two or three times a day, and

it would seem that my breath had left me. I could get no sleep of any consequence for the smothering spells that strangled me when lying down. I commenced using Dr. Miles' Nervine and afterwards the Heart Cure with a result far beyond my expectations. I can get around very nicely now with a cane, seldom having a symptom of the sinking spells, and sleep soundly all night long. I tell all my friends of the good I received from Dr. Miles' Remedies and numbers have used them and all have been greatly benefited."

It is a fact, established by skilled physicians who prescribe it and corroborated by trained nurses who administer it, that Dr. Miles' Restorative Nervine restores health to the invalid by building up the strength of exhausted nerves, gives new hope and confidence, clears the brain, strengthens the memory and drives away sleeplessness, melancholy and the blues; makes the step active and elastic, sending busy people about their duties in buoyant cheerful spirits, with their old time vigor and renewed energy. Dr. Miles' Remedies make people happy by their unquestioned power over disease and ability to restore sick people to health.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee that the first bottle will benefit or the money will be refunded. Book on the Heart and Nerves sent free by the Dr. Miles Medical Co., Elkhart, Ind.
