It is said that Mr. Bryan's royalties on his book the first month amounted to \$16,000. This is more profitable than mining for office.

That trite old saying of Abraham Lincoln's, "You may fool some of the people all the time," etc., is applicable in certain quarters just at this particular time.

There is much "weeping and gnashing of teeth," in the City of Brotherly Love, all because the Philadelphia base ball team is in eighth place in the National League race.

Whenever the nakedness of the little schemes is unearched and the motives of the schemers laid bare to public gaze, how the rodents rush to cover.

Don't stop your advertising because times are dull, for that will make them duller. Besides, the more competitors that leave the field temporarily, the better it is for you during their absence.

SENATOR QUAY'S denial that he is a candidate for Governor is not received with the same degree of satisfaction by the "Seventy-Six," as would a statement from the "old man" that he will not ask for re-election as United States Senator.

News comes by way of Harrisburg that a truce has been declared between Senator Quay on the one hand and Senators Mudge and Plinn on the other. Very few put any faith in the rumor for the reason that Senator Quay will control the next state convention, notwithstanding the opposition of the Pittsburg Combine.

REPRESENTATIVE ROBERTS has secured for the Wilkesbarre hospital the same appropriation that it had the past two years. Very few hospitals fared equally as well. Our own Miners' hospital received an appropriation of but \$75,000, whereas it should have been double that amount.

SHENANDOAH is to have a demonstration in honor of the Fourth of July after all. The Grant Band, composed of patriotic members, have the affair in charge and will furnish amusement for our people on the fifth. We have in the Grant Band one of the finest musical organizations in the interior of the state, and their efforts in the direction indicated should meet with the hearty cooperation of the people of Shenandoah.

BOTH the Chief Burgess and the Health Officer are to be commended for the steps they have taken looking to the abatement of the nuisance at the extreme end of South Main street, near the Lehigh Valley railroad. It is a nuisance of long standing to which attention has been called repeatedly. If the efforts of the officials shall result in its abatement they will have earned the thanks of a suffering community.

THE passage of the bill placing a special tax of three cents upon foreign-made cigars was supposed to realize a million dollars for state revenue, but judging from the number of aliens who have within the past few days rushed to the naturalization courts for their papers, the measure is likely to prove a failure in this respect. These people very naturally figure that it is cheaper to pay for naturalization papers than to remain an alien and pay an annual tax of \$9.35.

EX-GOVERNOR BOIES, of Iowa, an excellent free silverite in the last campaign, has reached this conclusion: "For one, I do not believe it possible to succeed upon a platform that demands the unequalled free coinage of silver at a ratio of 16 to 1 with gold. We have fought that battle, and it is lost. We can never fight it over under circumstances more favorable to ourselves. If we hope to succeed, we must abandon this extreme demand."

JUDGE HEMPHILL, of Chester county, has taken a determined stand to stay the tide of applications for naturalization set in since the passage of the bill imposing a tax of three cents on all aliens. The Judge has made this ruling: "The subject of naturalization was discussed recently by the committee of the bar having under consideration the revision of the rules, and there was a disposition to make it necessary for applicants for naturalization to be able to read English. I do not know whether when I come to have a colleague upon the bench with me he may differ in opinion on this matter and the rule may be changed, but hereafter, so long as I am alone upon the bench, the rule shall be that all applicants for naturalization must be able to read English. I shall produce something which shall ask the applicant to read."

AN AMUSING COLLOQUY

Washington, June 20.—After a tedious examination of the tariff bill throughout yesterday, the senate wound up with a half hour of lively and amusing colloquy between Senators Tillman of South Carolina and Chandler of New Hampshire. The former had proposed an amendment to the tariff bill providing a 100 head tax on immigrants and a restriction against all those not coming to the United States to become citizens. Mr. Tillman made an earnest speech on the depressed condition of labor, but he was soon diverted from his theme by Mr. Chandler. The latter, adopting a style of mock gravity, directed the discussion toward Mr. Cleveland's administration.

This, in turn, brought from Mr. Tillman a vehement criticism of the late president, while Mr. Chandler drolly protested against those assaults on Mr. Cleveland by a member of his own party. When the fun had been fast and furious for some time, the Tillman amendments were defeated by a vote of 3 to 45, the three affirmative votes being cast by Messrs. Butler, Quay and Tillman.

During the day the senate disposed of the lead paragraphs, the committee rate of 1 1/2 cents per pound on lead ore being agreed to by a vote of 20 to 23. The other paragraphs considered were of comparatively minor importance.

The undersigned committee of the Shenandoah School Board on text books and school supplies will meet in the West street school building on Tuesday evening, July 16, 1907, at 7:30 o'clock, to receive and open bids for school supplies for the present school year. All bids should be sealed and addressed to the Secretary of the School Board, or to members of this committee. The School Board reserves the right to reject any, or all bids.

A Great Convenience for Travelers. Pollman's Palace Car Company have added the American Newspaper Annual to the libraries on the "Pennsylvania Limited," "Colonial Express" and other trains of that class. The Wagner Palace Car Company have made similar provision for their passengers. This work is also in the libraries of nearly all the Ocean, Coast, Sound, Lake and River Steamers.

The American Newspaper Annual is an encyclopaedia of newspapers and periodicals published in the United States, Territories, Division of Canada, and of numerous facts of interest to which they are published. These gazette files embrace population, political complexion, transportation and banking facilities, leading products and industries, and other information which is of special interest when traveling through these places.

The work is published by N. W. Ayer & Son, the well known Newspaper Advertising Agents of Philadelphia, and has long been recognized as the authority on all matters of this kind.

We feel confident that no more useful volume can be found in the libraries of these cities and towns, and to which reference will often be made. The newspapers of the country and the traveling public generally will, we are sure, be greatly benefited and gratified by this provision for their convenience.

New York, June 20.—The crisis in the 114 day strike of the journeymen plasterers against the members of the Employing Plasterers' association will in all probability be reached today. A small army of non-union men have been imported from places within a hundred miles of the city, and if they are put to work sympathetic strikes are likely to be ordered. If such is the case mechanics of all grades to the number of not less than 30,000 will be involved in the trouble.

IT'S EASY ENOUGH To sell your shoes if we can get you into our store. Once you're here, see our shoes and know our prices, you'll do the rest.

And to bring you to the store is why we print this "ad" every day. We want your first order; we're pretty sure of the next, and the next, if we get that. We know there's no store in this town that is doing, or that can do as well for you as we. If everybody else knew it as thoroughly as we know it, our store would be several times too small.

THERE ARE OUR TAN SHOES For example. Ordinary stores ask 25c and 50c more than we do for them, and get it, too. They don't get it as often as they used to, because we have so much of their business. And the charm that does the price-lowering is Factory Price.

Women's tans, \$1, \$1.25, \$1.50 and \$2.00. Misses' tans, 75c and \$1. Men's tans, \$1.25, \$1.50 and \$2.00. Boys' tans, \$1.00, \$1.25 and \$1.50.

Ohio's Democratic Convention. Columbus, June 20.—There is a larger attendance at the state Democratic convention than has ever been known on such occasions in Ohio. It was thought that a fusion would be perfected with both the silver Republicans and the gold Republicans, but the committee on rules could not agree on a report to give place on the ticket to both of these elements, and the whole question of fusion will be referred to the convention without recommendation.

Murdered by a Deputy Sheriff. Washburn, Ark., June 20.—Deputy Sheriff Frank J. Barkman yesterday afternoon shot and instantly killed Deputy City Marshal O. D. The deceased leaves a wife and two small children. Excitement is at fever heat here and more trouble may be precipitated. Barkman is now under arrest, together with three eye witnesses to the killing.

On this voyage the St. Louis has broken the New York Southampton record, 6 days, 10 hours and 25 minutes, which has been held by the First Bismarck since September, 1892. To equal the time of her fastest previous outward passage, 6 days, 10 hours and 25 minutes, the St. Louis was due to arrive at the Needles, two miles this side of Hurst Castle, at 4:27 o'clock this morning. She has, therefore, lowered the eastward record by more than an hour and a half.
