MAHANOY CITY, July 3.—A meeting will be held in Kaler's opera house on Monday evening next, at 7:30 o'clock, by the merchants and working men of this place for the purpose of appointing representatives to go to Harrisburg on Thursday, next, and urge Governor Hastings to approve of the Orme store order bill.

### RECIPROCITY AND RETALIATION.

**Amendments to the Tariff Bill Make Ample Provision Therefor.**

Washington, July 3.—Reciprocity and retaliation were the two phases of the tariff bill to occupy the attention of the senate yesterday to the exclusion of all other subjects. Both provisions were agreed to, although the debate on the reciprocity clause was protracted to 5 p. m. Shortly before adjournment Mr. Allison endeavored to secure an agreement on the time for a final vote, but Mr. Teller would not consent to fixing the time until all proposed amendments had been submitted to the senate. As Mr. Allison was not prepared to submit these amendments he withdrew his request, and the time for the final vote was left open.

The retaliatory clause provides that whenever any country bestows an export bounty on any article, then upon the importation of such article into the United States there shall be levied, in addition to the duties provided by the act, an additional duty equal to the amount of the bounty. The two Democratic senators from Louisiana, Calfery and McInerney, voted with the Republicans in the affirmative.

The reciprocity clause empowers the president, with the advice and consent of the senate, to make reciprocity treaties, giving 20 per cent reduction in duties on designated articles or placing articles on the free list.
