New Bedford, Mass., July 4.-Henry B. Stone, former president of the Chicago, Burlington and Quincy railroad. and president of the Chicago Telephone company, was instantly killed at Nonquitt yesterday by an explosion of day fireworks. Mr. Stone, with his family and other summer residents of Nonquitt, was celebrating the national holiday with a handsome display of day fireworks. Among them was a mine which was so devised as to scatter paper animals of various colors. Stone had applied the torch to this appear as if the spark was going to reach the mine. Mr. Stone advanced and took the piece up in his hands. Before he was aware the piece expioded, striking him full in the face. Five Victims in Chicago. Chicago, July 6.-Patriotism claimed five lives yesterday, and there was an unusually long list of maimed and injured people as the result of the Fourth of July celebrations. The dead are: James W. Keene, struck in the head by a stray bullet; Charles Smith, frightened by the explosion of a giant fire cracker and fell out of a second story window; John Hoffweter, 8 years old, killed by the explosion of powder in a glass bottle; John Thomas, 12 years old, killed in exactly the same manner as Hoffweter; William Allen, 8 years old, clothing ignited by fire crackers, causing fatal burns.

A Fatality at Ethel, Mo. Macon, Mo., July 6.—There was a disastrous ending to the Fourth of July celebration at Ethel, in this county. A misdirected roman candle struck pure grains, and when properly prepared an immense package of explosives, tastes like the choice grades of collections which shot off in the midst of the big about it as much. All grocers sell it. Ide. crowd attending the festivities. Horses reared and plunged and tore through the crowd, kicking people down right and left. Many women fainted. A number of people were struck by the flying fireworks, and wounds of various characters inflicted, and a Miss King was hit in the thigh by a skyrocket, which tore its way through her limb, inflicting a probably fatal wound.

The drowning youth grabbed Jackson about the waist, who had to shake him off to save himself. The Barkhouse family had just arrived to spend the sum-

Important Amendment Added to the Tariff Bill.

TO DISCUSS THE SUGAR BOUNTY.

Republican Senators Decide to Again Demograts Declare They Will Oppose the Proposition.

Washington, July 6,-Senator Allison, in charge of the tariff bill, announced shortly before the adjournment of the senate last night that as no agreement had been reached for a final vote on the tariff bill, he would not the senate to remain in session to ed from the committee of the whole to the senate. This promises a test of ndurance unless the opposition to the bill gives way. Mr. Allison's statement was made after a futile effort to

have a time fixed for the vote.

In some respects the senate made two important amendments, that place little or no opposition, and without the formality of a vote, while the Spooner amendment proposing a tariff investition was withdrawn after a protracted struggle. The stamp amendment, as agreed to, fixes the following rate on bonds, etc.: Bonds, debentures or certificator of indebtedness issued after ept. 15, 1897, by any association, company or corporation on each \$100 of face value or fraction thereof, 5 cents; and on each original issue, whether on organization or reorganization, of cerlificates of stock by any association, company or corporation, on each \$190 of face value or fraction thereof, 5 cents; and on all transfers of shares or certificates of stock in any associa tion, company or corporation, on each \$100 of face value or fraction thereof.

Exemptions from the stamp tax are made in the case of the state, county and municipal bonds and the stocks and bonds of co-operative building as

sociations. Late in the day several new amendments from individual senators were voted on. One by Mr. Mantle of Mon-tana, reducing the internal revenue tax on distilled spirits to 70 cents per gallon, was defeated by 25 to 41. An amendment by Mr. Mills, of Texas, proposing a tax of 5 per cent. on manufactured products, the proceeds to go toward reducing the bonded debt, was refected -19 to 28. Also an amendment y Mr. Mills, granting 20 per cent, re duction in duties to those countries admitting gold and silver to their mints at the rate of 16 to 1-years 26, nays 31. On this vote one Republican, Mr. Carter, voted with the Democrats, Populats and Silver Republicans in affirmative, and two Democrats, Caffery and Gray, voted with the Repub-

licans in the negative. Yesterday a caucus of Republican senators was called for today to consider the advisability of reintroducing the beet sugar bounty amendment. Senators who urged the caucus based their arguments upon the ground that the last Republican senatorial caucus had decided in favor of such a bounty.
