TWO FAKE REPORTS.

Wheels Work Too Fast in Some People's Heads.

Yesterday afternoon a young man from Lost Creek, who is credited with having a combination of wheels whose brains ought to be, came to town and stated that William Wilkinson, the hotelkeeper at Lost Creek No. 2, had committed suicide by cutting his throat with a razor. As Mr. Wilkinson has many friends in town the report caused quite a stir, but an investigation showed that the story was wholly without any foundation in truth. Mr. Wilkinson can't imagine what could have prompted such a report, unless the one who gave it circulation was suffering from delirium tremens.

At Kepeshin's Arcade Cafe. Liver and onions to-night. Hot lunch to-morrow morning.

Republican Conventions. The political wire-pullers of Republican persuasion are preparing to get in their work and from now on things political will be of an interesting nature. S. B. Edwards, chairman of the Republican County Committee, has called a meeting of the County Executive Committee to be held at his office in the Estery building, Pottsville, on Saturday morning at 10 o'clock. The meeting is for the purpose of fixing the time for holding the county convention and also the district conventions for the purpose of electing delegates to the state convention.

Smith & Heile Restaurant. Open all night, lament Titan building Grand Army hall, soup to-night. Hot lunch to-morrow morning.

The State's Debt. State Treasurer Haywood says there will be a deficit of \$5,500,000 by November 1, whether or not the Governor signs all the revenue measures passed by the Legislature, and the courts declare them unconstitutional. None of these bills will go into effect this year and under the circumstances Mr. Haywood may probably withhold the payment of the school appropriation.

Thrown From His Carriage. M. D. Malone had a narrow escape from serious injury while driving along East Centre street this morning. The rear of his buggy broke while the vehicle was in motion. The broken pole dropped and struck in the ground, suddenly raising the hind wheels of the buggy and throwing Mr. Malone on the street. The horse stopped promptly. Mr. Malone escaped injury, but was covered from head to feet with mud.

Mr. Howe Injured. A letter from Caperton, West Virginia, states that William H. Howe, late of this town, has met with serious injury. He was tripped while descending a steep path by his foot being caught in the roof of a tree and in the fall his right leg was fractured in two places below the knee. Mr. Howe is now in a hospital. He is one of the many former residents of town who remain subscribers to the HERALD.

Hickery's Cafe. Our free lunch to-night will consist of vegetable soup. Clam soup to-morrow morning.

Volunteers on the Move. Steps will be taken to-night to re-establish a branch of the Volunteers of America in town. An open-air meeting will be held at the corner of Main and Centre street at 7:30 o'clock. The meeting will be in charge of Lieut. Reinert and wife, late of Philadelphia. They will remain here and conduct meetings nightly. In the course of a few days they expect to rent the old quarters in Wilkinson's hall.

Quick Meal Restaurant. Head & Martin, prop., at Michael Peters' old stand. Prompt and polite service. Clam soup, free, to-night. Hot lunch to-morrow morning.

The Hall Benefit. Tickets for the production of the cantata "Rebecca" at Ferguson's theatre next Tuesday evening, for the benefit of John Hall, have reached a big sale and are still in demand. There is much sympathy for the young man and there appears to be a general desire to make the benefit as successful as possible.

1,000,000 Quarts of Huckleberries. Wanted at Womer's, 124 North Main street. Higher prices paid than anywhere else.

Struck by Lightning. During a heavy storm yesterday afternoon David Masters, a well-known farmer of Union township, three miles from Shicklesbury, was driving a team attached to a barrow, when one of the horses was struck by lightning and instantly killed. Masters was found some time later lying unconscious on the ground. He was carried to his home but some time elapsed before consciousness returned.

Sheriff's Sale. Deputy Sheriff Roberts yesterday sold the stock of M. Spoon, the East Centre street furniture dealer. M. M. Burke, Esq., bid it in for \$3,041, as attorney for Louis Meisel, of Newark, N. J., who held a trust judgment for \$1,800 in conjunction with the Schuykill Hat & Cap Manufacturing Company, of town.

Hand Cut. Stephen Wisnowitz had his left hand badly cut last night by a piece of coal falling on it at the Shenandoah City colliery. The injury was dressed by Dr. Church.

Still Alive. Edward Calvert, 16 years old, is lying in a critical condition at the Miners' hospital. He was squeezed between cars at the Bear Ridge colliery, Mahanoy Place, and it was feared he would die yesterday. He was still alive this afternoon, but his recovery is doubtful. The boy lives at Girardville.

To Resume Operations. Packer colliery No. 3, located at Rappahannock and operated by the Lehigh Valley Coal Company, will be put in operation again in about ten days, giving employment to about 700 men and boys. It has been idle since last December.

Patently Waiting. The letter carriers of town, who will receive back pay have not yet heard from their attorneys when the money will be paid out by the government. There is a lot of red tape to be gone through with before they will receive the money.

Officials Visit. The New York and Wilkesbarre officials of the Wm. Penn Coal Company paid a visit to the colliery at Wm. Penn to-day.

NO ELECTION OF TEACHERS

Proceedings at the School Board Meeting Last Night.

THE SUPERINTENDENT'S REPORT.

A Strong Recommendation to the Board Made in Behalf of the Old Corps of School Teachers—Assignments of the New Janitors Made.

A regular meeting of the School Board was held last evening with all the members in attendance, namely Messrs. Devitt, Hanna, Price, Bough, Devo, Edwards, Keiser, Trezise, Britt, Sullivan, Connors, Goughlin, Breslin and Higgins. Much public interest was aroused as to the meeting, as it was anticipated that the Democratic members would continue the policy of reorganization and that the Republican members would defend the old corps of teachers. Expectations in that direction were not by disappointment, however. The organizationists made no advance. It was learned that there is a split in the camp and the members who adhere to the policy were afraid to go into an election of teachers. One of the Democratic members, Joseph Goughlin, has taken a stand that shows he is a young man of considerable principle and moral courage. Three Democratic caucuses have been held and at each of them he has declared that he will not allow himself to be used in any manner that might reflect upon his intelligence and judgment of his party. One of the caucuses was held in the Director's room last Sunday evening and it became known that the reorganizers proposed to depose sixteen of the present corps of teachers. The figure, it is asserted, was subsequently reduced to fourteen, and later to eleven, but Mr. Goughlin said that he is confident that he maintains that all teachers against whom no bona fide complaint can be made should be retained and the Democrats should be content to fill vacancies with their friends, and not create vacancies by unworkable dismissions.

Among the communications read before the Board was one from Mrs. Samantha Davis, in which she made claim for three months' service as assistant to her husband when he was janitor of the new White street school building last term. On motion of Mr. Hanna a resolution was passed that the bill be returned to Mrs. Davis with the statement that the Board is not obliged to pay assistants called in by janitors. Superintendent Cooper presented a lengthy written report in which he made a number of recommendations concerning the rearrangement of desks, seats and blackboards in several schools, so that better light and other advantages may be secured. He also recommended the introduction of several new books, looking to the substitution of modern works on the school studies, and also recommended that there be a re-arrangement in some of the grades of schools to relieve classes that are crowded. Another recommendation was that the school year be extended to the first of August 3rd. For the Christmas holidays the schools will remain closed from December 23rd to January 3rd. In closing his report Superintendent Cooper stated that all the school teachers discharged their duties faithfully and impartially during the past year, and that by the seal of their work, determination to obtain first-class results, and fidelity to their trust all have merited re-election at the hands of the Board.

The report was accepted and the several recommendations were referred to the respective committees having charge of the matters upon which action was required. The contract for school supplies was awarded to Michael Mellet with the understanding that if the Board wants better material than shown by Mr. Mellet's samples that he is to be allowed a corresponding increase in price, providing the price does not exceed the lowest bid put in for such material. The following assignment of janitors was recommended and adopted: John Scanlan, Centre and West street buildings; John Beyard, Jardin and Cherry streets; Henry Cook, Lloyd street; Michael Connors, Main street; William Devitt, new White street building; Thomas Connors, White street; James McHugh, Union street. The Board adjourned to meet again for the transaction of general business, upon the call of the chair.

Kendrick House Free Lunch. Cream of tomato soup will be served, free, to all patrons to-night.

County Finances. The County Commissioners and Controller Severn yesterday fixed the appropriations for the year 1897, and computed the revenue and expenditures. They have performed the work, which is by no means an easy task, in a highly satisfactory manner. The appropriations for 1897 date from January 4 and include all the appropriations made from the first of the year up to the present time to cover current expenses. The total expenses for the year is fixed at \$750,000. Of this sum \$129,965.00 is for the almshouse and \$20,751.00 for the county prison. The total estimated revenue for 1897 from all sources is \$618,319.45. (Of this figure \$330,359.38 represents seven mills tax on the assessed valuation of \$47,104,197.01. A glance at the statement shows that \$17,449.55 is due by tax collectors. The statement shows that the revenue is more than ample to cover all expenses for the current year, and that without putting any additional burden on the taxpayers, a fact that will be highly satisfactory to the latter.

Newspaper's Car. Main and Coal Sts. Claim soup, free, to-night. Hot lunch to-morrow morning. Meals served at all hours.

New Base Ball Club. The Wm. Penn colliery base ball club was organized yesterday and means business. It is open to all challenges. Communications should be addressed to William Harris, manager. The following are the players: Michael Coyle, catcher; Hugh Sweeney, pitcher; Harry Hargis, 1st base; David Brooks, 2nd base; Thomas Malloy, 3rd base; Frank Malloy, short stop; Patrick Barrett, right field; Roger Coyle, center field; Peter Gaughan, left field.

SENATOR QUAY'S VACATION. He Does Not Expect to Attend the State Convention. WASHINGTON, D. C., July 7.—"Are you going to Europe this summer?" Senator Quay was asked, "and if you go before or after the state convention meets?" "I cannot say yet what my movements will be," replied Senator Quay, "but I do not expect to attend the state convention, and it will not be a factor in determining my plans."

It is generally believed by Pennsylvaniaans that the Senator contemplates going to Europe this summer. It is also reported that he is making arrangements to retire from active participation in politics in the future.

Death of a Former Townsman. The family of Thomas Dove, Sr., on South Jardin street, received a telegram this morning announcing the death of George Coywell, at his home in Manatee, Mich. The deceased was formerly engaged here in the boot and shoe business in the store now occupied by Harry Shipp, on North Main street. He removed to Manatee about 14 years ago. His wife was a daughter of David Hopkins, who died some years ago, and is a sister of Mrs. Thomas Dove, Sr., of South Jardin street, and Mrs. James Brooks, of North White street. Decidedly survived by his wife and three children. The remains will be interred at Manatee next Monday.

Barn Destroyed. Lightning struck the barn of Charles Pelton near Miller's powder mill yesterday afternoon and the structure was set on fire and burned to the ground. The entire hay harvest was destroyed.

Ask your grocer for the "Royal Patent" flour, and take no other brand. It is the best flour made.

A Halt in Passes. The officers of the various railroads, says an exchange, have determined to put a stop to the promiscuous issuing of passes. Since the Legislature has adjourned the companies have deemed it unwise to continue the practice of issuing passes so freely. For some time past the demand by certain politicians has been very great.

THE TARIFF BILL PASSED!

It Goes Through the Senate by a Vote of 38 to 28.

IT NOW GOES TO A CONFERENCE

Conferences Named on the Part of the Senate, and it Now Only Remains For the Two Houses to Reconcile Their Differences.

Washington, July 8.—By the decisive vote of 38 to 28, the tariff bill was passed in the senate shortly before 5 o'clock yesterday. The culmination of the long and arduous struggle had excited the keenest interest, and the floor and galleries of the senate chamber were crowded by those anxious to witness the closing scene. Speaker Reed, Chairman Dingley and many of the members of the house of representatives were in the rear area, while every seat in the galleries save those reserved for foreign representatives was occupied.

The main interest centered in the final vote, and aside from this there was little of a dramatic character in the debate. The early part of the day was spent on amendments of comparative minor importance, the debate branching into financial and anti-trust channels. By 4 o'clock the senators began manifesting their impatience by calls for "Vote! Vote!" and soon thereafter the last amendment was disposed of and the final vote began. There were many interruptions as pairs were arranged, and then at 3:55 o'clock the vice president arose and announced the passage of the bill. There was no demonstration, but a few scattered handclaps were given as the crowds dispersed. The vote in detail follows:

Yea—Alison, Baker, Burrows, Carter, Chas. Callahan, David Deboe, Ekins, Fairbanks, Forsker, Gallinck, Hale Hamer, Hawley, Jones (Nev.), Lodge, McPhide, McPhery, McMillan, Mantle, Mason, Merrill, Nelson, Fenwick, Perkins, Platt (Conn.), Platt (N. Y.), Pritchard, Proctor, Quay, Sewell, Shoup, Spooner, Warren, Wellington, Wetmore and Wilson—28.

Nays—Alison, Bate, Berry, Caffery, Chas. Callahan, Clark, Cochran, Faulkner, Gray, Burrie (Kan.), Jones (Ark.), Kenney, Lindsey, Mallory, Martin, Bull, Mitchell, Morgan, Purpo, Pettus, Ravell, Roush, Turner, Tamm, Vest, Wait-hall and White—28.

An analysis of the final vote shows that the affirmative was cast by 25 Republicans, 2 Silver Republicans (Jones of Nevada and Mantle) and 1 Democrat (McEnery). The negative vote was cast by 25 Democrats, 2 Populists (Harris of Kansas and Turner) and 1 Silver Republican (Cannon).

Eight Republicans were paired for the bill and eight Democrats against it. The senators present and not voting were Allen, Butler, Helfield, Kyle and Stewart, Populists, and Teller and Pettigrew, Silver Republicans.

Following the passing of the bill, a resolution was agreed to asking the house for a conference, and Senators Allison, Aldrich, Platt of Connecticut, Burrows, Jones of Nevada, Vest, Jones of Arkansas and White were named as conferees on the part of the senate.

The tariff debate began on May 29, on which day Mr. Aldrich, in behalf of the finance committee, made the opening statement on the bill. The actual consideration of the bill began the next day, May 30, when schedule A, relating to chemicals, was taken up. The debate has been continuous since then, but covering six weeks and one day. It has been notable in some respects, although it has lacked many of the dramatic and oratorical features marking past debates. From the outset the advocates of the bill refrained from set speeches, and the discussion was narrowed to a consideration of the merits and demerits, rather than general principles.

Mr. Aldrich's illness took him from the chamber after the first day, and since then the bill has been in immediate charge of Mr. Allison. The opposition has been directed in the main by Mr. Jones of Arkansas and Mr. Vest of Missouri, while Senator White, of New York, Gray and Allen have frequently figured in the debate. The bill, as it goes back to the house, re-enacts the anti-trust sections of the Wilson act, while the reciprocity and retaliatory provisions are substituted for those of the house. One of the most important new provisions added by the senate is that placing a stamp tax on bonds, debentures and certificates of stock. Aside from these more important changes the bill as it goes back to the house has 874 amendments of various degrees of importance, which must be reconciled between the two branches of congress.

The first meeting of the conferees on the tariff bill will be held today, as soon after the representatives of the house are named as it is possible for them to assemble. This and subsequent meetings are expected to be held in the room of the senate committee on finance, and the meetings after the first formal gathering will be as nearly continuous as the physical endurance of the members of the conference will permit. The minority in the house will make no opposition to the Republican conference of sending the tariff bill to conference at once. Both the Democrats and Populists see that nothing can be gained by the interposition of factious opposition. No definite arrangement has yet been made as to the time to be allowed for debate when the bill is reported back from the conference, but this difficulty is anticipated on this point.

As the conferees are the ranking members of the committee from each side, the conferees of the house will be Messrs. Dingley, Payne, Dalselt, Hopkins and Grosvenor, Republicans, and Dany, McMillan and Wheeler, Democrats.

The Cressona School Board. The Cressona School Board elected Prof. H. J. Dunkelberger, late of Tremont, principal of the school, dismissing Prof. Charles D. Arters, who has held the position the past two years. The board stood two to three, but on the nineteenth ballot one of Prof. Arter's friends dropped out. This action is said to be the result of Attorney Charles Snyder's, son-in-law of Prof. Arter, part in bringing about the prosecution of Directors of the Poor.

Don't get rattled on the price. Price isn't the only thing when you buy goods. Sometimes the things that cost most in the beginning are the cheapest in the end. Our goods don't cost much more at first, but the cheapness is apparent for all times to come. It's a fact, though, in this queer world of ours, that price is the only thing that the smaller it is the more attention it attracts. We have a lot of new GROCERIES and the prices are very small.
