DEATH ON THE RAIL.

Killed While Attempting to Board a Fast Moving Train.

A sad and distressing accident occurred on the Lehigh Valley railroad, about half a mile west of Barry's Junction, at seven o'clock last evening. The victim was Thomas Canfield, seventeen-year-old son of Michael Canfield, of Jackson, and a brother of P. J. Canfield, the agent in town for the Barby Brewing Company.

The train passed the point where the boys were lounging at a high rate of speed, but this did not deter them from the attempt to board it. Canfield and two of his companions sprang toward the train and the latter was successful in gaining the iron ladder on the side of one of the cars.

Meyers' Condition.

In a message to the HERALD today Dr. J. C. Biddle, of the Miners' hospital, stated that an operation was performed on George Meyers, of town, yesterday and the patient is in fair condition. The base of the foot is in a necrotic state, but if blood poisoning does not set in Meyers has good chances for recovery, and without suffering amputation of the foot.

No Race.

The horse race announced to take place at the Trotting park last evening fell through on account of Mr. Schaffer failing to get his horse to the track. He had made a previous engagement which prevented him from having the use of his horse. Mr. Schaffer stated that, in any event, he would not allow his horse to go against time at the Trotting park, as he does not consider the track in good condition. Concessionaire Magarick speeded his horse last night and made a fast half mile.

THE MINERS STILL OUT!

Lines Tightening in All Sections of the Pittsburg District.

CRUCIAL TIME IN THE MOVEMENT

Extraordinary Efforts Will be Made to Induce the Men Who are Working in the West Virginia District to Join the Ranks of the Strikers.

Pittsburg, July 10.—The lines are the Pittsburg mining district are still tightening in all sections of the Pittsburg mining district with the exception of a few localities. The diggers in the New York and Cleveland Gas Coal company are still working, but President Dolan and Secretary Warner are preparing for a move of a sensational order on that point. It was looked for yesterday, but will be made some time today or tomorrow.

SAMUEL GOMPERS

house keepers to issue attachments against the single man for the small amounts they owe, and are also threatening the men having families with landlords' warrants and ejection if they do not return to work.

Praeger Green, the miner who is chairman of the meeting at the Forty-foot Cut, Snowden, on Thursday, was again in the field Thursday night, and presided at a meeting of the Gastonville diggers at that place. Several fiery speeches were made, resulting eventually in a unanimous vote favoring the strike. In a letter to Secretary Warner Green stated that the whistle for the men to go to work at Gastonville blew yesterday morning as usual, but not a miner from his home entered the pit.

Another miner wrote Secretary Warner this morning from the Jumbo mines, saying that only seven men were at work at that pit yesterday. From the same source it was learned that everything was quiet and idle on Miller's run. The Jumbo mine was reported to be working, and it is pretty certain that nearly one-third of the Pan Handle miners of Hanna & Co. are at work. The miners' officials had no definite information from there, but claimed the pit was practically deserted.

The best information puts the present state of the strike in this district as about complete, with the exception of the pits of the New York & Cleveland company, four or five small mines working at evening, and the fourth coal. It seems that the officials are having more trouble in getting the miners of the Upper river section out than in any other portion of the territory. Strong efforts will be made this week by President Dolan to get all the river diggers into the movement. By his efforts on Thursday the miners at Whitsett and West Newton are out.

Some of the reports from the Monongahela river district indicate that many of the miners of that section are weakening, and that some have already returned to work, with prospects of more following the same example before long. The Charnoy mines of the Tide Coal company, the mines of the Charles Jutte company, and the Samuel O'Neill mines at Fayette, and the Jones' mines at Monongahela, were at work yesterday. This condition of affairs is causing much excitement in the valley. A special from Fayette City says: "Crowds of idle miners are gathering, and unless the miners of these places lay down their tools at once it is said a march of miners, beginning at Fayette City, with a brass band leading, will be made, and every man persuaded to quit work. The miners when spoken to were in deadly earnest, and will not rest until every digger comes out and joins in the strike. The serious condition of affairs in the valley has been made known to the miners' officials, and President Dolan will probably arrange for a mass meeting at Lucyville or Monongahela.

The officials of the United Mine Workers, both local and national, realize that this is a crucial time in the strike movement, with the greatest interest centered in the Pittsburg district, where every effort will be made to get the men out. Much depends upon their success, and in fact it will be likely the turning point in the movement. Up to the present time not a man has quit at the mines of the New York and Cleveland Gas Coal company, and none are expected to join the strikers. President W. P. De Armit says the men are perfectly satisfied with the price and the conditions. A number of the miners who were spoken to yesterday afternoon say they

will not join in the movement, as they are satisfied with the pay they are receiving. The miners' leaders are determined, however, to bring them out, and claim they will succeed.

Trouble is expected on the Wheeling division today, as it is pay day. It is estimated that fully \$40,000 will be paid out in cash. An effort will be made by some of the operators and railroad officials to have the licensed saloons at Pitouville closed, claiming that there will be rioting if the men patronize these places. There are many foreigners employed at the mines, and they are considered dangerous when under the influence of liquor.

A substantial quantity of coal came in from the Fairmont region of West Virginia, over the Baltimore & Ohio railroad, and it is crowded in the Glenwood yards. Most of it will go to the lakes. The mines on the Pennsylvania railroad are running to their full capacity, and others in need of coal are making heavy purchases. One operator purchased 150 carloads Thursday from the Keystone Coal and Coke company.

The principal movement made by the strikers yesterday was the securing of a conference of the national leaders of the several powerful labor organizations of the country, with the purpose in view of devising ways and means to assist those who are making what is considered by all the supreme effort for wage advancement. It was the greatest gathering of labor leaders that ever assembled in this country, those present being Samuel Gompers, president of the American Federation of Labor; M. D. Hatchford, national president of the United Mine Workers of America; M. M. Garland, president of the Amalgamated Association of Iron and Steel Workers; Stephen Madden, secretary of the Amalgamated Association; J. M. Hughes, first vice president of the Federation of Metal Trades; M. J. Conahan, national secretary of the Journeymen Plumbers' association; M. P. Carrick, president of the Brotherhood of Painters and Decorators; L. E. Thomas, president of the National Patternmakers' league; W. B. Mahon, president of the Amalgamated Association of Street Railway employees; Patrick Dolan, district president of the United Mine Workers, and W. M. Warner, district secretary of the United Mine Workers.

The conference was not begun until 9 p. m. An adjournment was taken at midnight and a general statement was handed to the press. Concerted action will be taken at once to make the suspension of miners in West Virginia complete, which move, if successful, will kill off the most effective enemy the strikers have to encounter. It was this field that broke the strike in '94, and no effort will be spared to bring it to a conclusion at this time.

To supplement the conference of last evening a special meeting of the State Labor league has been called for tomorrow in this city, at which further means of support will be devised.

The operators, in the meantime, are viewing the condition calmly, and propose to be in no way alarmed at the ultimate success of their cause.

Dress on Fire.

While Mattie Selbert, 17 year old daughter of George Selbert, was making a starch mixture at her home on North Jardin street, she stepped too close to the kitchen stove and her dress caught fire. Her mother promptly extinguished the fire with a bucket of water and the girl escaped bodily injury.

Killed by Coal.

Joseph Bretko, a prominent Hungarian of Shepperton, was instantly killed by a fall of coal at No. 1 colliery, Onida, yesterday afternoon. He was 40 years of age and is survived by his wife and five children.

Bad Roadways.

The drivers and teamsters who use the roadway between town and the cemeteries are making bitter complaints about its condition. They say it is in a terrible state, being full of washouts and big rocks. We would advise the Girard Estate to employ some of our idle people about town and repair the same at once.

THE COUNTY CONVENTION

To be Held on Monday, August 16th, at Pottsville.

EXECUTIVE COMMITTEE MEETING.

The First Legislative District Convention, to Elect Delegates to the State Convention, will be held in Mahanoy City on Saturday, August 7th.

Special to EVENING HERALD.

POTTSVILLE, July 10.—The members of the Republican Executive Committee of Schuylkill county, in accordance with the notice issued by County Chairman S. Percy Edwards, met at the latter's office here this morning for the purpose of selecting a place and date for holding the county and legislative district conventions, and the consideration of any other business that may be brought to the attention of the committee. The meeting was not called until 10:30 o'clock, although the time fixed was 10:00 o'clock, the members being tardy in making their appearance.

Chairman Edwards in calling the meeting to order announced the object for which they had been called together, and also said that, in accordance with the rules of the party, he would recognize Hon. Samuel A. Losh as a representative from the Fourth district and C. T. Straughn from the First district. Other members present were: George R. Patterson, of Ashland, Second district; J. Frank Furness, of Minersville; Thomas S. Hark, of Tremont; Dr. George H. Moore, of Heckschersville; and John F. Finney, of Pottsville, all representing the Fourth district. The Third district was not represented.

The first business under consideration was the fixing of the time and place for holding the various legislative district conventions for the purpose of electing delegates to the state convention, which will be held at Harrisburg on August 26th. A number of dates were suggested, when it was finally decided, by motion, to hold these conventions on Saturday, August 7th, at 10:00 o'clock a. m., and the chairman to select the place for holding the same. An effort was made to hold the First district convention in the morning, and the Second district in the afternoon, but this did not meet with the approval of the committee, and all the legislative district conventions, for the election of state delegates, will be held on the same day and at the same hour—August 7th, at 10:00 a. m.

Under this resolution Chairman Edwards announced that the First district convention will be held at Mahanoy City, the Second at Ashland, the Third at Tamaqua, and the Fourth at Pottsville. The chairman will subsequently select the hall in which these conventions are to be held, and the committee to call the order.

The date for holding the county convention was the subject of much consideration, and hardly two members agreed on the one date. July 29, August 16, 20, 29 and Sept. 6 were all suggested. It was finally decided, on motion of George Patterson, that the county convention be held on August 16th, at 10:00 o'clock, in Pottsville, the chairman to select the hall for holding the same.

A number of communications were received, suggesting changes in polling places in different parts of the county, and all these were referred to the chairman with power to act.

On motion of John F. Finney it was decided that a committee of five be appointed to draft a new set of rules for the government of the Republican party in Schuylkill county, and that the same be submitted to the next county convention for its approval. The chairman appointed as members of that committee John F. Finney, of Pottsville; S. A. Losh, of Schuylkill; Harry George R. Patterson, of Ashland; Thomas S. Hark, of Tremont, and C. T. Straughn, of Shenandoah.

This closed the routine business when J. Frank Furness, of Minersville, offered the following resolution, which was unanimously adopted:

Resolved, John F. Finney, chairman of the Schuylkill County Executive Committee, being an applicant for appointment as Naval Officer of the Port of Philadelphia, we, the members of the Executive Committee, representing the Republican party of Schuylkill county, hereby endorse his candidacy and request United States Senators Quay and Norcross, and Congressman Charles N. Brannin, to use their influence in his behalf.

The meeting was a most harmonious one, and the business transacted to the best interests of the Republican party at large.

The Columbia Outing.

Five hundred or more people participated in the anniversary outing of the Columbia H. & S. F. E. Co. No. 1 of town to-day at Lakeside, and many of them left on the 8 a. m. P. & R. R. train for that point. The passengers included the Grand Band and Patriotic Drum Corps, the former furnishing the music for the march from the company's headquarters to the station. The excursionists were well supplied with refreshments and were otherwise prepared for a good day's sport. A large number of people went to Lakeside on the noon train. The regulation parade will take place upon the company's return at about eight o'clock this evening.

Don't get rattled on the price. rice isn't the only thing when you buy goods. Sometimes the things that cost most in the beginning are the cheapest in the end. Our goods don't cost much more at first, but the cheapness is apparent for all times to come. It's a fact, though, in this queer world of ours, that price is the only thing that the smaller it is the more attention it attracts. We have a lot of new GROCERIES and the prices are very small.
