THE WEEK IN CONGRESS.

Tariff Conference Expect to Report by the Middle of the Week.

HOUSE ADJOURNS TO THURSDAY.

Its Course Thereafter Will Depend Largely on the Condition of the Tariff Bill—The Tariff Disposed of, the Senate Will Insist of Final Adjournment.

Washington, July 12.—Beyond the fact that the general deficiency appropriation bill probably will be passed, and that the senate will stand ready to take up the tariff bill at any time that a report may be brought in by the conference committee, little can be predicted of the course of events in the senate during the present week. The senate during the week in the way of general legislation, and there is a proposition under consideration by the leaders of the two sides of the chamber to adopt the plan now in vogue in the house for sitting only every third day after the deficiency bill shall have been disposed of. This suggestion has been in the view of the possibility of the pressure to take up the matter of the appointment of a currency commission. The general impression about the senate is that the house will pass such a bill on this subject as the president may recommend, but that it will probably be probably will take the matter up seriously. The desire is to make this intention clear by frequent meetings.

There are, however, some matters on the executive calendar demanding attention, and there may be an effort to bring this calendar off during the week. If such should prove to be the case, there would be more or less discussion in executive session over the McCord, Warner and Goodnow nominations. The friends of the Hawaiian annexation treaty on the foreign relations committee hope to be authorized to report a ratification resolution at their meeting next Wednesday, but it is by no means certain that the committee will be able to reach an agreement so soon.

Today is being devoted to the general debate, but particular attention being given to the provision for the purchase of armor plate at \$45 per ton. This portion of the bill will be seriously antagonized, and quite fiercely debated, Senator Harris, of Kansas, will endeavor to get up his resolution regarding the purchase of armor plate at \$45 per ton. This will be opposed, and it is not likely to succeed.

The tariff conference confidently expect to bring in the tariff bill by Thursday. The length of the debate on the report will depend upon how well the conference may have succeeded in maintaining the integrity of the senate bill. The Democrats and other opponents of the bill make no secret of their intention to oppose the adoption of the report if it appears that the amendments which were instrumental in securing the passage of the tariff bill on the burials, Paris green, etc., on the free list have been receded from. The senate will insist upon final adjournment as soon as the tariff is disposed of.

The house will adjourn from today until Thursday. Its course thereafter will depend on the condition of the tariff bill.

Mr. W. H. Smith, editor of The Argus, Boston, Pa., recommends a remedy for diarrhoea which he has used with magical effect. "Several weeks ago," he says, "I purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after using less than one-third of the contents the results were magical—effecting an entire cure. I heartily and cheerfully recommend the remedy to all suffering from diarrhoea."

Suffered Awful Agony. Pottstown, Pa., July 12.—Chas. Williams, aged 21 years, of Coatesville, met with an accident here that cost him his left foot. He was riding in a box car loaded with boiler plates, and the latter were jolted out of position by the shifting of the cars. Williams' foot was pinned by one of them against the end of the car, and in this position he remained in terrible agony for half an hour. Some men then succeeded in cutting open the end of the car with an ax and liberating him. His foot was amputated above the ankle at the Pottstown hospital.

THE ENDEAVORERS.

"London in 1900" the Rallying Cry for the Next Three Years.

TO MEET NEXT IN NASHVILLE. Visitors Already Beginning to Depart, but it Will Be More Than Another Week Before San Francisco Will Resume Its Normal Appearance.

San Francisco, July 12.—"London in 1900" is the rallying cry of Christian Endeavorers for the next three years. It is the motto of the President of the city and his millions of followers to show the old world something of the strength of their organization. Nashville has already been chosen as the place of meeting in 1898, and at the annual meeting of officers tomorrow morning the resolution of a convention city of 1899 will be considered, but the question may not be settled then, for the offers of a number of places are to be considered. Denver has put in a strong bid, and both St. Louis and Cincinnati are anxious to have the young Christians visit them. All that can be said now is that the matter is unsettled and all applicants have an equal chance of success.

Sunday morning dawned with a cloudless sky, the atmosphere not cold or in the least too warm for physical Christians visit them. All that can be said now is that the matter is unsettled and all applicants have an equal chance of success.
