THE STRIKERS PEACEFUL

No Attempts to Violate Law at Any Point.

THE WEST VIRGINIA MINERS.

Growing Belief That They Will Quit Work to Aid the Struggle of Their Brothers in Other States—The Price of Coal Going Down.

Pittsburg, July 17.—Dullness at miners' headquarters and in all the mines in the Pittsburg district and unusual activity in the coal market characterized the features of the strike yesterday. For a strike so general it causes little excitement. Peace seems to prevail everywhere, but how long this state of affairs will continue cannot even be guessed. The miners are apparently willing to be idle, and as yet no suffering has been reported at district headquarters.

The miners' officials were very much elated over news from West Virginia. Several telegrams from organizers in that section of an encouraging nature were received. "There is nothing startling to report from any of the districts," said President Patrick Dolan. "The men, with the exception of a very few, are out, and we are satisfied with the situation."

Coal took another tumble in price yesterday. It sold for $1.25 at the mine, a drop of 25 cents from the day previous.

A tour among the operators demonstrated that there was plenty of coal on hand. It was learned that the Penn Gas Coal company, Westmoreland Gas Coal company, Manor shaft, Keystone Coal company, Washington Run Coal company, the Boon & Allison mines, were furnishing considerable coal. It was estimated that the mines east of Pittsburg are furnishing 150 cars a day.

Nearly all the empty coal cars in the Pittsburg district are finding their way to the West Virginia coal fields. The Baltimore and Ohio took several trains of them yesterday. It was also learned that 250 cars a day were going from the Pocahontas field, in West Virginia, into Cleveland. The records show that a carro of 2,000 tons was loaded Wednesday, a similar one on Thursday, and the North Wing was loaded yesterday with the very same amount. The price is $2.30 alongside or free on board the vessel.

It was learned today that the program of the miners' officials is to bring out all the men possible in the West Virginia field, and then bring all the organizers to Pittsburg. It is expected that the terms will be made here, as the district is looked upon as the most interesting point after West Virginia has been disposed of. The miners' hopes are high, and they are confident that there will be a good story to tell from West Virginia Monday morning. The lukewarmness of National President Ratchford and the belittling attitude of District President Dolan has put somewhat of a damper on the true uniformity plan, but President Dolan says that, notwithstanding his private opinion concerning Mr. DeArmitt, he has been doing and will continue to do everything in his power to further the consummation of the scheme.

All of the arbitration board except B. Frank Schmid, of Indiana, are now out of the city. Edward Ridgely and Horace Calef are in Chicago, and L. P. McCormack at Indianapolis, for the purpose of interesting operators of these states in the proposition for a settlement of the strike. They expect to have a general meeting of the operators of the five states in Pittsburg next Monday or Tuesday, when the commissioners believe an amicable settlement will be reached. Telegrams have been received from Senator Hanna strongly urging arbitration.

President Dolan is arranging for a conference with leaders in the Clearfield and Cambria regions, where the men are working. A great deal of coal is coming from these fields, and goes to fill contracts at the lakes. It is believed the miners can be induced to come out.

The coal diggers at eight mines in the Kanahwa (W. Va.) coal field quit work yesterday. They number about 600. Others agreed to quit today. The probability is that all of the miners between Charlestoon and Montgomery will be idle by tonight. They number about 2,200.

The Situation in West Virginia.

Fairmount, W. Va., July 17.—The events of Thursday night and yesterday show plainly that it is the intention of the miners of this region to come out, and the time of the action is supposed to be this afternoon, when Debs, Sovereign, Ratchford and Gompers are billed here for addresses. It is the opinion that if the men can be got out to the meeting they will not go back to work in the mines. The general impression seems to be that the men will attend this meeting, notwithstanding it is pay day, and will fail to show up Monday morning. It is announced positively that the O'Donnell miners will come out, and from a meeting held at Monongahela Thursday night, and addressed by one of the agitators, it is almost sure they will follow suit. The meeting here today is being looked forward to with the greatest interest by both miners and operators, as it is expected to be the turning point.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does no stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at A. Wasley's drug store.

Not Murderer Hermans.

Pembroke, Ont., July 17.—A detective from Salt Lake City arrived here yesterday to identify James B. Hamilton, who was taken in custody a few days ago on the suspicion that he was the Rev. Francis Hermans, accused of the murder of Henrietta Clausen in May, 1896. The detective said that the prisoner is not Hermans, though bearing a strong resemblance to him. Hamilton has been liberated.

Something to Depend On.

Mr. James Jones, of the drug firm of Jones & Son Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half a dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at A. Wasley's drug store.

BABY'S COMING.

Nature intended that every woman should look forward to the coming of her baby with joy and hope, unclouded by anxiety. Almost painless parturition is quite the usual thing among uncivilized people. Even in our own country it occasionally happens with women in robust health and good condition. It ought to be the rule instead of the exception; and it is a fact that a very large proportion of the usual pain and suffering may be avoided by looking after the mother's general health, and specially strengthening the particular organs concerned in parturition.

Many mothers have been brought through the trying time almost painlessly by the aid of Dr. Pierce's Favorite Prescription. It prepares the system for delivery by imparting the organic strength and elasticity which the mother specially needs; shortens the time of labor and of confinement; promotes the secretion of abundant nourishment for the child and fortifies the entire constitution against the after period of depression and weakness. It's use should begin in the early months of gestation—the earlier the better.

MRS. FRED HUNT, of *Glenville, Schenectady Co., N. Y.*, says: "I read about Dr. Pierce's Favorite Prescription being so good for a woman with child, so I got two bottles last September, and December 13th, I had a twelve-pound baby girl. When I was confined I was not sick in any way, I did not suffer any pain, and when the child was born I walked into another room and went to bed. I never had an after-pain or any other pain. This is the eighth child and the largest of them all. I suffered everything that flesh could suffer with the other babies. I always had a doctor and then he could not help me very much, but this time my mother and my husband were alone with me. My baby was only seven days old when I got up and dressed and left my room and stayed up all day."

THE TARIFF DEADLOCK.

Conferrees Unable to Agree on the Sugar Schedule.

BOTH SIDES SEEM DETERMINED.

While the Members of the House Insist Upon "the Home Schedule or Nothing," Senators Show No Disposition to Surrender.

Washington, July 17.—The tariff conferrees are no nearer an agreement on the sugar schedule, which continues to be the main bone of contention, than they were when they began. Each side is standing out as firmly as ever for its own rates. The house conferrees are convinced that they can win, supported as they are by almost the unanimous sentiment of their party in the house, and some of them talk with resignation of remaining here all summer rather than yield to the senate on this point.

There were rumors yesterday that the senate conferrees were about to surrender on sugar, but they proved to be utterly without foundation. Believing that if the senate itself were permitted to vote on the question it would recede from its rates on sugar, there was also talk of forcing an expression on the subject from the senate in some way for its effect on the conferrees, but on investigation this also proved to be little more than idle gossip.

So far as can be ascertained, the senate conferrees are as determined as those of the house not to surrender. There is little doubt, however, that they would accept a compromise if the other side would agree to it. The difficulty is that the house conferrees refuse to entertain any proposition for compromise. Thus far their ultimatum has been: "The house schedule or nothing."

While the sugar schedule blocks the way to an agreement the conferrees have not been idle. Much progress has been made with the minor features of the bill, and tentative agreements have been reached in many of the important paragraphs. An influential member of the house, who is kept well advised of the situation, said today that if the sugar schedule were out of the way a complete agreement could be reached in four hours. Of course, there is always the possibility that the conferrees may get together at any time, but as yet there is apparently no prospect of breaking the deadlock. If the present situation continues until Tuesday or Wednesday next the current opinion among the members of the house is that a disagreement will be reported, for the purpose of giving each house an opportunity to instruct its conferrees on the main obstacle to an agreement.

What do the Children Drink?

Dont give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about ¼ as much. All grocers sell it. 15c. and 25c.

Absorbed by The Erie Road.

Hoboken, N. J., July 17.—It was announced that the control of the Northern Railroad company of New Jersey has been bought by the Erie Railway company. The relations between the two companies have long been unsatisfactory, on account of the character of the operating contract and the conflicting interests in control. The Erie road will at once proceed to make improvements in train service.

Cereal Coffee Drinkers BEWARE!

If you have been deceived and tried one of the cheap bran substitutes now on the market, claiming to be the original and to have great food value, and you got a pound of poorly roasted bran for your 25c and a poor, weak, sickish drink (what can you expect from bran), don't be discouraged but try GRAIN-O. It is made from solid grain, nicely browned and 2 pounds for 25c. Grain-O takes the place of coffee at ¼ the price. Get a package of your grocer to-day.

To Fly From Pike's Peak.

Colorado Springs, Colo., July 17.—The announcement is made authentically that William D. Felts will make an aerial excursion from the summit of Pike's Peak to Colorado Springs, a distance of ten miles in an air line, and a drop of 8,000 feet. In making the flight Mr. Felts will use a series of rigid aeroplanes, modeled after the wings of a condor, the great South American bird. The body of the voyager will hang suspended from an easy harness. In order to steer the apparatus Felts has provided a moveable vane, which will be operated at the will of the navigator.

The Dupont's Remarkable Speed.

Bristol, R. I., July 17.—The new torpedo boat Dupont, built by the Herreshoffs, started out on her official speed trial yesterday, but through an accident the trial was called off. On a six mile run, however, she developed the remarkable estimated speed figure of 31.7 knots, the fastest speed made by any craft in American waters. Soon after passing the starting tug the piston on the forward engine, which propelled the starboard screw, showed a decided tendency to heat. The engineer in charge began to throttle down, but before the engine lost its momentum the valve was shattered. This caused a shutting down of steam, and the Dupont returned to her wharf.

John Grillin, of Zanesville, O., says: "I never lived a day for thirty years without suffering agony, until a box of De Witt's Witch Hazel Salve cured my piles." For piles and rectal troubles, cuts, bruises, sprains, eczema and all skin troubles De Witt's Witch Hazel Salve is unequalled. C. H. Hagenbuch.

LIKE A MIRACLE

How a Locomotor Ataxia Sufferer Was Cured.

From the Evening News, Detroit, Mich.

James Crocket, a sturdy old Scotchman, living in Detroit, Mich., at 88 Monteith Street, was asked about his wonderful cure.

"First," he said, "I must tell you something of my life before my almost fatal sickness. I was born in Scotland in 1822, and came to this country in 1848. I am a marine engineer by trade. In 1872 I was in the employ of the Detroit and Cleveland Navigation Co., and for fifteen years I was chief engineer on one of their big passenger steamers. My first boat was the R. N. Rice, which was burned at the docks. Then I was transferred to the Rubie, which was chartered to make the run between Detroit and Cleveland.

"I brought out the new steamer the 'City of the Straits,' and for years acted as her chief engineer. It is a great responsibility, the position of chief engineer on those big passenger palaces. Thousands of lives are held in the keeping of the engineer. The anxiety causes a great nervous strain, and the strictest attention is necessary. Not for a moment must he lose his watchfulness.

"For fifteen years I carefully watched the big engines and boilers without a single accident, and only noticed that I was getting nervous. Suddenly without warning I was taken sick, and in less than a week I was prostrated. I had the best of physicians. I grew gradually worse, and at the council of doctors, they said I had nervous prostration, and had destroyed my whole nervous system and would never be able to be up again. They said I had worn myself out by the long nervous strain caused by watching and worrying about the machinery. For three long years I was unable to move from my bed without assistance. The doctor said I had locomotor ataxia, and would never be able to walk again.

"The pains and suffering I experienced during those years are almost indescribable. My wife used to put eight or ten hot water bags around me to stop the pain. Those that came to see me bid me good-bye when they left me, and I was given up. The doctors said nothing more could be done for me.

"We tried every known remedy, and my wife kept reading the articles about Dr. Williams' Pink Pills for Pale People to me. Finally she said they only cost 50 cents, and she wanted to know if I would try them. To please her I consented, and the first box gave me relief. I continued to use them for about two years before I could get strength enough to walk. It came slow but sure, but what I am to-day is due wholly to Dr. Williams' Pink Pills for Pale People.

"I am nearly seventy-five years old to-day, and there is not a man in the whole city that can kick higher or walk further than I can to-day. If any one has locomotor ataxia that reads this, let them come and see me to-day. Can you tell me a man to-day in this big city that can do better than that?" said Mr. Crocket, as he kicked the reporter's hat, which was held high above his head.

"Dr. Williams' Pink Pills for Pale People made me what I am to-day. I only wish I could persuade others to do as I did, and take them before it is too late."

(Signed) "JAMES CROCKET."

Before me, a Notary Public, personally appeared James Crocket, who signed and swore to the above statement as being true in every particular.
