In the Fight to Stay. Councilman F. E. Magargie requests us to deny the rumor that he has withdrawn from the contest for the Republican nomination for Sheriff.

EXAMINATION OF MINERS! The New Law Went Into Effect on Wednesday.

PROTECTION AGAINST INCOMPETENT Full Text of the Measure Providing For the Examination of Persons Seeking Employment as Miners in the Anthracite Region.

The legislative committee of the United Mine Workers did some effective work at Harburg during the session of the Legislature, and among the most important pieces of legislation enacted in the interest of mine workers was "An act to protect the lives and limbs of miners from the dangers resulting from incompetent miners working in the anthracite coal mines of this Commonwealth, and to provide for the examination of persons seeking employment as miners in the anthracite coal mines, and providing penalties for a violation of the same."

Representative Miller introduced the bill, and it an advance on the Gallagher bill. Under the provisions of the new law no one can receive a miners' certificate unless he can answer intelligently and correctly at least twelve questions in the English language pertaining to the requirements of a practical miner.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania, that the act heretofore in force and effect, entitled "An act to provide for the examination of persons seeking employment as miners in the anthracite coal mines of this Commonwealth, and to provide for the examination of persons seeking employment as miners in the anthracite coal mines, and providing penalties for a violation of the same," be and the same shall be amended.

Section 2. That there shall be established in each of the eight inspection districts in the anthracite coal region, a Board to be styled the "Miners' Examining Board" of the said district, to consist of five miners, who shall be appointed from among the most skillful miners actually engaged in said business in their respective districts.

Section 3. Each of said examining boards shall designate some convenient place within their respective districts for the meeting of the committee thereof, of which the notice shall be given by advertisement in two or more newspapers of the proper county or counties in which such meeting shall be held.

Section 4. Each applicant for examination and registration shall pay a fee of one dollar to the said board, and a fee of twenty-five cents for each of the said boards to meet with every month and not of fewer, and said meeting shall be public, and if necessary, the meeting shall be continued to cover whatever portion may be required of a period of three days in succession and examine under oath all persons who shall desire to be employed as miners in their respective districts.

anthracite districts upon the payment of the fee herein provided. All persons applying for a certificate of competency or to entitle them to be employed as miners must produce satisfactory evidence of having not less than two years' practical experience as a miner or as a mine laborer in the mine of this Commonwealth, and in no case shall an applicant be deemed competent unless he appear in person before the said board and answer intelligently and correctly at least twelve questions in the English language pertaining to the requirements of a practical miner.

Section 8. That no person shall hereafter engage as a miner in any anthracite mine without having obtained such certificate as aforesaid. And no person shall employ any person as a miner who does not hold such certificate as aforesaid, and no mine foreman or superintendent shall permit or suffer any person to be employed under him or in the mines under his charge and supervision as a miner who does not hold such certificate.

Section 9. That the persons who are now serving as members of the Miners' Examining Board, as created by the act, approved the ninth day of May, Anno Domini, one thousand eight hundred and eighty-nine, entitled "An act to provide for the examination of persons seeking employment as miners in the anthracite coal mines of this Commonwealth, and to provide for the examination of persons seeking employment as miners in the anthracite coal mines, and providing penalties for a violation of the same," shall continue under the terms for which they were appointed under the provisions of the said act, approved the ninth day of May, Anno Domini, one thousand eight hundred and eighty-nine, until they have expired and in the performance of the duties of their office they shall be subject to the provisions and requirements of this act.

Section 10. For the purposes of this act the members of the Miners' Examining Board shall have power to employ one or more assistants herewith as hereby repealed. At Kephthosh's Arcade Cafe. Grand Army band soup to-night. Hot lunch to-morrow morning.

MAY VOTE THIS WEEK. On the Tariff Bill as Agreed to by the Conference.

THE COMPROMISE ON SUGAR Will Probably be Assailed by Democratic Senators, Who Will Also Attack Other Portions of the Amended Bill. The Debate to be Brief.

Washington, July 19.—The indications are that the tariff bill, as agreed to by the Republican conference on Saturday, when senators yielded in the main to the house sugar schedule, probably will have passed both houses of congress and be a law at the end of the present week.

It is not believed that there will be any disposition on the part of the Democratic members of the conference to delay the bill in full committee, but the Democrats have had no meeting to determine their course of action on this program for the next two weeks.

Section 11. All acts or parts of acts inconsistent herewith are hereby repealed. At Kephthosh's Arcade Cafe. Grand Army band soup to-night. Hot lunch to-morrow morning.

Work at the Collieries. The collieries controlled by the P. & E. C. & I. Co. resumed operations this morning, and it is said will work four three-quarter days. The Lehigh Valley collieries will start up tomorrow morning and will probably work three three-quarter days.
