dressed a mass meeting of men em-ployed at the Smock and Boyd mines. A mass meeting is scheduled to be held at Uniontown this afternoon, which will be addressed by Messrs. Miller and Warner. Cameron Miller and Secretary Warner visited Turtle Creek Sunday to have a talk with the miners employed by the New York and Cleveland Gas Coal company. They were served

The striking miners from Bridge who visited the Allison, Boonand Enterprise mines yesterday for the purpose of inducing the men at work to come out, dispersed in the after-noon, having attained their object without trouble. Immediately upon reccipt of the news of the proposed raid. the mine owners at these pits ordered suspension until the excitement should die out. In the afternoon the strikers held a meeting, at which speeches were made to the effect that if the men did not remain out the sfrikers would return 1,000 strong, and, instead of bringing musical instruments, they would bring guns. A com mittee was appointed to guard the mines and report in case the men re-

turned to work. Some of the men are afraid to go in again, as they say the strikers threatened violence, and said they would burn the cars and tipples. Everything is quiet. The strikers now say suspension in the Pan Handle district is absolute, but the operators of the Boone and Allison mines say their men are not on strike and that their ines were closed down by their orders to prevent any possible conflict. Notwithstanding the present quiet,

the operators express themselves as being alarmed over the situation, and have doubled their force of deputies at the mines. The trainmen who are to take the coal from the Allison mine have been armed with Winchesters, Eugene V. Debs addressed the entire male population of Fairmount, W. The meeting was a very enthusiastic one, and he was frequently applauded by the Yesterday at Monongah he also held a meeting, and about 300 of the 650 strikers at that mine were in attendance. He organized a branch of the U. M. W. of A., with 200 members, and they will hereafter hold meetings at 10 o'clock every morning. Tonight Debs speaks at Riversville and the next evening at Watson.

John Griffin, of Zanesville, O., says: "I tever lived a day for thirty years without suffering agony, until a box of De Witt's Witch Hazel Salve cured my piles." For piles and rectal troubles, cuts, bruises, sprains, eczema and all akin troubles De-Witt's Witch Hazel Salve is unequalled. C. H. Hagenbuch.

Attempts to Wreck Coal Trains. Massilon, O., June 20.-Early in the morning three attempts were made to wreck trains on the Wheeling and Lake Erie railway, near the Dillon vale mines. In one instance obstructions had been placed on the track, and The American Constitution, the in the other switch from had been ticipated as soon as the movement of West Virginia coal was begun.
