Alderman GEORGE FRY, Allentown, Pa.

It would be difficult to find a more popular city official than the gentleman whose portrait appears above. He has been so closely identified with all that relates to the well being of Allentown and Lehigh County, and been in public life so long that his numerous friends will be particularly interested in what he has to say. His neighbor, Mr. H. H. C. Smith, in commenting on Mr. Fry's case says: "It was pitiful to look at him, he was so nervous and wasted. He told me every day that he could not live long. I watched this case from day to day and noted the changes. The doctors could not help him, but since he began taking Dr. Miles' Norvine I never saw a man change so. He now looks better than he has in ten years. Everybody asks him what brought about the change and he answers, Dr. Miles' Nervine."

Mr. Fry sends us the following statement, dated May 11, 1895.

Mr. Fry sends us the following statement, dated May II, 1895. "In June 1894, I was terribly afflicted with nervous rheumatism, which was particularly severe in the shoulders. Physicians said it was the result of La Grippe which I had in 1891. They claimed my spine was affected, and this would weaken my nerves. I took medicines from many doctors without relief. Last November I commenced taking Dr. Miles' Restorativo Nervine and Nerve and Liver Pills. I took five bottles of the Nervine and several boxes of pills and the result is a perfect core. I am as well now and feel better than before I was sick. I am now 64 years of age. I cannot praise your medicines too highly, and would advise all those afflicted with nervous troubles to use them." Here is one of the best known men in the community where he resides, "so nervous and wasted it was pitiful to look at him," who by taking a few bottles of Dr. Miles' Restorative Nervine, is brought to the enjoyment of better health than he had before his severe illness. His friends look upon his restoration as little short of a miracle. What a lesson for all readers not in the enjoyment of good health. Profit
